

NOTICE- As a result of the most recently issued Executive Order (EO #2020-42), the Governor has determined that lawncare service workers are NOT CONSIDERED critical infrastructure workers who are necessary to sustain or protect life as defined.

The City still retains the position that property maintenance for the safety, sanitation, and essential operation of residences are critically important, however we are not in a legal position to overrule Executive Orders established by the Governor who has stated that Executive Order 2020-42 does not include lawncare services rendered by contractors or any outside person other than a person(s) at their own residence until at least May 1, 2020.

We will continue to monitor the situation for any changes to the Executive Order that may occur and encourage you to take necessary steps to ensure your residence is properly maintained for safety and sanitation purposes.

A Copy of the most recent Executive Order may be found at the following link:
