

## Inspection Information

### Requesting Inspections:

---

To **request** an inspection, visit the EP&L Customer Self-Service (CSS) portal to request an inspection for your building permit. Once Building staff confirm the request, the scheduled inspection will show up on your CSS dashboard under **Scheduled** under the **My Inspections** section.

The portal link is: <https://sancarlosca-energovweb.tylerhost.net/apps/selfservice#/home>

Visit the **Today's Inspections** portal page using the QR code to find your 90 minute arrival window.

### Approved Plans:

---

It is the contractor's responsibility to provide and maintain a paper copy of the stamped, approved, properly-scaled set of plans on the job site at all times. Once your permit is issued, stamped, approved plans are available on the CSS portal. Color is recommended for the job inspection set but not required.
