

CITY OF SAN CARLOS

THE GUIDE

to Good Living

SUMMER

2025

HOW TO REGISTER

Register Early

We don't like to cancel camps but sometimes it becomes necessary due to low enrollment. To help ensure the camps or activity you are interested in meets, register at least two weeks prior to the first day.

Registration Dates

Residents

Starts February 4 at 8:00 a.m.

Non-Residents

Starts February 11 at 8:00 a.m.

3 Easy Ways to Register

Online

cityofsancarlos.org/register

Walk-in and Drop-off

at the Recreation Office
601 Chestnut Street, San Carlos

Mail-in

Parks & Recreation Registration
601 Chestnut Street, San Carlos, CA 94070

Online Registration Account

To register online, visit cityofsancarlos.org/register.

If you have an account and are having trouble logging in, please use the reset password button, or email Recreation@cityofsancarlos.org for assistance. To create an account for the first time click on the "Create My Account" tab at the top of the page. You will be prompted to fill out all information necessary to build your account ... just don't forget to add the kids!

Registration Office Hours

601 Chestnut Street, San Carlos

Monday through Thursday, 9:00 a.m. – 5:00 p.m.

Friday, 9:00 a.m. – 3:00 p.m.

Resident/Non-Resident Fees

Resident fees apply to anyone with a San Carlos mailing address. Non-Resident fees apply to anyone living in another city.

Payment Methods

We gladly accept Visa, MasterCard, American Express, cash, and check

Refund/Transfer Request

Refunds: If you request to withdraw from a camp at least 2 weeks or more before the camp starts, a refund will be issued, minus a \$10 refund fee. A refund request less than two weeks before the camp begins will not be approved.

Transfers: If you request to transfer from one camp to another at least two weeks before the camp starts, the transfer will be processed (if space is available). A transfer request less than two weeks before the (registered) camp begins will not be approved.

Visit cityofsancarlos.org/register or call the The Parks and Recreation Department at (650) 802-4382 for more information.

Payment Plan Option

All of our summer camps have the option of a payment plan. You can select the payment plan option during the checkout process. Camps must be paid in full prior to the start date. Payments will automatically be withdrawn using your credit card.

Fee Assistance

The Parks and Recreation Department offers a Fee Assistance Program, funded in partnership with the Parks and Recreation Foundation of San Carlos, to make summer camps and classes more affordable! Eligible families can fill out an application and submit for review.

For more information about eligibility and to fill out an application, visit: cityofsancarlos.org/feeassistance.

L.I.T.E. Program Leader In Training Education (Ages 13–17 years)

San Carlos Parks and Recreation is looking for confident, enthusiastic, and responsible teens to be leaders in training (L.I.T.E.s) at our Summer Adventure and Sports Camps. If you enjoy working with children and want to learn valuable job and leadership skills working with our trained day camp leaders, you can apply! This is a great way to fulfill service hours or get work experience. L.I.T.E.s will assist with both the supervision of campers and the daily operation of camp. Applicants must be 13 years old by the first day of camp. Mandatory training will be held on Friday, June 13 from 9:00 a.m. – 1:00 p.m.

Fees

\$25/week – Sports Camps 1/2 Day
8:00 a.m. – 12:30 p.m.

\$25/week – Wee Woods 1/2 Day
8:00 a.m. – 12:30 p.m.

\$50/week – Wee Woods Full Day*
8:00 a.m. – 3:30 p.m.

\$75/week – Burton or Arguello Full Day*
8:00 a.m. – 3:30 p.m.

*Thursday Full Day Camp may start or end earlier depending on field trip.

How to Apply

Applications available online beginning Monday, February 3rd.
Completed applications due by Friday, March 14th.
Interviews will be held week of March 31st and April 7th.

For more information and to apply, visit
cityofsancarlos.org/camps.

Club Ed Camps

We offer a variety of camps such as creative arts, crafts, performing arts, cooking, science, language, engineering, and more ... there's something for everyone!

Camp Cancellation Note

Oh, no! Why did they cancel that camp? We don't like to cancel camps but sometimes it becomes necessary due to low enrollment. To help ensure the camp or activity you are interested in meets, register at least two weeks prior to the first day.

Performing Arts Camps

Aristocrats KIDS Mini Musical (Ages 7-10 years)

This two-week camp is the purr-fect experience for young performers eager to dive into the excitement of rehearsing and performing a show on stage. Based on the beloved Disney film and featuring a jazzy, upbeat score, The Aristocats KIDS is packed with laughs, catchy songs, and tons of feline fun. Guided by a director, choreographer, and vocal director, campers build essential skills in auditioning, singing, dancing, and acting, while boosting their creativity through theater games and activities. The camp culminates with a one-act performance for the community on the final day, complete with lights, sets, and costumes!

San Carlos Children's Theater Instructors

Resident: \$1,199 Non-resident: \$1,219

21083 M-F 9:00 a.m. – 3:00 p.m. 10 classes 6/16 – 6/27

Stagecraft – Hands-On Experience in Technical Theater (Ages 10-15 years)

Become a tech star this summer and uncover the secrets of working behind the scenes in theater! Over two weeks of hands-on training, campers will learn how to program light and sound equipment, build sets, and create special effects for live performances. In the final week, campers will put their newfound skills to use as part of the tech crew for SCCT's mini musical The Aristocats KIDS. With limited enrollment, each tech camper receives plenty of personalized instruction to enhance their learning experience. The last two classes, June 26 & 27, will be 9:00 a.m. – 3:00 p.m.

21084 M-F 1:00 p.m. – 4:00 p.m. 10 classes 6/16 – 6/27

NEW Musical Theater – Time Travel

(Ages 8-12 years)

Get ready to journey through time, musical theater style! Campers will embark on an amazing adventure as they explore musical theater past, present and future! Time travelers and actors have unlimited imaginations, which makes this the perfect camp for adventurous, fun-loving performers. Each day we'll power up our time machine to learn about songs and dances from different time periods. Performers of all experience levels will elevate their vocal and movement skills as they gain a better understanding of theater history. Interactive theater games and crafts will further enrich each camper's experience. The week culminates with a timeless showcase performance for families. Get set to launch in 3, 2, 1!

Resident: \$599 Non-resident: \$619

21201 M-F 9:00 a.m. – 3:00 p.m. 5 classes 7/14 – 7/18

NEW Musical Theater – Bluey (Ages 5–7 years)

Join us for a week of creative drama fun centered around all things Bluey! Young campers will sing and dance to Bluey and Bingo's favorite songs, play popular games like Shadowlands and Raiders, and create fun Bluey-themed crafts, along with other activities. Daily theater exercises and projects inspired by Bluey will spark imaginations and build self-confidence. Family members are invited to enjoy a special performance on the final day of camp, where actors will showcase their new talents!

21202 M-F 9:00 a.m. – 3:00 p.m. 5 classes 7/21 – 7/25

Lion King KIDS Mini Musical (Ages 7–10 years)

Enjoy a thrilling stage experience this summer as you perform in the mini musical Lion King KIDS! This camp offers young actors an exciting opportunity to experience the complete process of auditioning, rehearsing, and performing for an audience, all within just two weeks. Campers will engage in fun art projects and theater games while learning the script and preparing for the show. Bursting with creative costumes, popular songs, and a heartwarming story, this mini production provides countless opportunities for young performers to shine. Camp ends with a special performance for families and the community on the final day!

NEW Let's Go Wild (Ages 3–5)

Kids love wild animals so join us for a week of wild theater fun as we pretend to hop like kangaroos, roar like lions, and laugh like hyenas. Little ones are encouraged to use their big imaginations in this fun play-based theater class using music, dance and stories with animal themes. Youngsters will learn about acting using their bodies, facial expressions, and emotions, as well as practice using their "big" voices and speaking with confidence. Last day of camp will include a short showcase performance for families. Note: Children must be potty trained and verbal to enroll.

NEW The Brothers Grimm Spectaculathon – Acting Camp (Ages 9–14 years)

Actors are in for a wild, fast-paced adventure in this mini production inspired by the tales of the Brothers Grimm! In this comedic whirlwind, two narrators race against time to squeeze all 209 Grimm fairy tales into one unforgettable show. From Rapunzel, Rumpelstiltskin, and Hansel and Gretel to Snow White, Sleeping Beauty, and even obscure tales like "Lean Lisa" and "The Devil's Grandmother," this epic fable has it all. New and experienced actors will stretch their creativity and learn about the Brothers Grimm as they prepare to present a hilarious performance for families on the last day of camp.

Creative Arts & Craft Camps**NEW Jewelry Masters** (Ages 6–12 years)

Delve into the enchanting world of DIY jewelry creation! From designing and stringing beads to assembling unique bracelets, necklaces, and earrings, young artisans will unleash their creativity and bring their imaginative designs to life. Throughout this hands-on course, participants will learn essential techniques in jewelry making, discovering the magic of combining different shapes, colors, and textures to fashion truly one-of-a-kind pieces. With each creation, children will develop fine motor skills, ignite their artistic talents, and gain a deeper appreciation for the art of adornment. By the end of this course, not only will kids have crafted their own stunning jewelry, but they'll also have cultivated invaluable skills in design, creativity, and self-expression that will continue to sparkle in their future artistic endeavors! \$30 material fee payable to instructor on the first day of camps. **No class 6/19.**

NEW Paint the Town (Ages 5–12 years)

Let your creative juices flow and alleviate your creative dormancy. Come and explore the world of painting! We believe there is an artist imprisoned in each one of us. We just must let it out. Painting teaches your child to slow down and concentrate. This wonderfully creative Paint Party is perfect for those who don't mind getting messy while creating works of art! They will explore canvas paintings to pottery painting through the week and showcase their work on the last day for all. This is a hands-on camp with lots of guidance and support. All the necessary art supplies will be provided.

Sewing Camp with Christine (Ages 8–12 years)

Spend the week learning to sew and making some great projects! We will work on full size sewing machines and make a pillowcase, tote bag, and zippered bag and an additional project if time allows. Everyone works at their own pace in a fun, no pressure environment. A working sewing machine & additional supplies are required for the class. Sewing machines are available for use during class for an additional one-time payment of \$25 payable to the instructor. Materials and/or additional supplies can be purchased from the instructor. A materials list will be provided approximately a week before the camp begins. Each week offers different projects. Questions? Email the instructor:

hopkinsce@gmail.com.

Yoga and Art (Ages 5–12 years)

This camp offers children the opportunity to express themselves through art and creative movement. The instructor initiates the class through breathing exercises to promote focus, awareness, and a sense of calm. During the yoga component of the class, children explore fun poses, stretches, games, and mindful activities. Following yoga, children create a work of art based on the theme explored in yoga session such as the earth, animals, or the ocean. Projects involve various media such as painting, pastel, zentangle and drawing. Campers should wear comfortable clothes that allow free movement and bring a water bottle, a yoga mat, and a snack. All Art materials will be provided.

Fee Assistance

Fee assistance is available for classes and programs. For requirements and to request an application, please contact the Parks and Recreation Department at (650) 802-4382 or visit cityofsancarlos.org/feeassistance.

Kids Carpentry (Ages 5–12 years)

Students are encouraged to develop problem-solving skills while building their own cool projects using applied math and fractions. Kids are introduced to a wide range of hand tools, safety, and craftsmanship. Projects include super tops, boats, clocks, games, doll furniture, bird feeders, and more. Our goal is to empower the students to become independent thinkers. For more information and to watch our fun 8-minute video, visit kidscarpentry.net. Material fee of \$40 for the 4-day camp and \$50 for the 5-day camp is payable to the instructor on first day of camp.

Art-ful-Noons (Ages 5-12 years)

We focus on creativity, not copying. Art projects will involve drawing, painting, sculpting, crafting, and multi-media. Campers will go on a creative journey building fundamental drawing, sculpting, and crafting skills. We will learn basic techniques such as shading, controlling tones, composition, and drawing methods. Additionally, campers will learn how to see with an artist's eye while exploring different art mediums from oil pastels, chalk pastels, paints, clay, and markers. This camp is designed for beginner artists who have an interest in learning how to draw, create or sculpt – or for those who simply want to improve their skills.

Music Camps

NEW Guitar and Singalong (Ages 7-12 years)

"Life without playing music is inconceivable for me," Einstein declared. "I live my daydreams in music. I see my life in terms of music ... I get most joy in life out of music." Here at EASE, we teach children the basics of the guitar chords, scales, and finger exercises and coach students to sing along to their instrument. We offer a new way to learn how to play the guitar, sing and practice their vocals, and most importantly develop their confidence to sing in front of a live audience. Guitars will be provided to use while at camp but you are welcome to bring your own. \$40 material fee is payable to instructor at first day of camp.

NEW Music Production 101 (Ages 6-12 years)

Immerse yourself in the world of music creation with this engaging course tailored specifically for all levels. Dive into the dynamic world of digital music production, creating captivating rhythms and melodies using Soundtrap, a kid-friendly digital audio workstation. From recording and manipulating sounds, to mixing your very own tracks, to learning the key elements of songwriting and music theory, this hands-on course will inspire your creativity and encourage you to view the world around you as an endless source of musical inspiration. By the end of the journey, you'll not only have created your own unique piece of music, but you'll also have gained invaluable skills that will help shape your future musical endeavors! Bring own laptop, Chromebook, or tablet, or rent one for a one-time \$40 fee for use for during class. Campers need to bring their own headphones.

NEW Cupcake Masters & Gourmet Garden

(Ages 7-13 years)

What's sweeter than a bounty of delicious and beautiful cupcakes hand crafted by your own Junior Master Chef? With the help of our professional cake instructors, you will learn the ways of a true cupcake artist! Students will mix, bake, design and complete delectable cupcakes that will showcase their creativity and taste absolutely divine! In the afternoon you will take a culinary journey all around the world with the Chefs at Junior Chef Stars. Welcome to Gourmet Garden, where junior chefs dig into the delicious world of farm-to-table cooking! This camp offers a hands-on experience that connects the journey of fresh ingredients from the garden to the table. Discover the joy of cooking with farm-fresh ingredients. Each day, kids will prepare and cook a variety of dishes using vegetables, fruits, and herbs sourced from nearby farms. Join us at Gourmet Garden for the perfect blend of learning and fun, where kids become chefs while creating delicious, healthy meals! A \$100 materials fee is payable to the instructor on the first day of camp.

NEW Let them Eat Cake and Wok & Roll

(Ages 7-13 years)

Do you love to bake your cake and eat it, too? Are you ready to embark on an exciting journey through the vibrant world of Asian cuisine? This combo, five-day camp will do both! Your junior chef will learn basic cake techniques, from preparing pans, perfecting recipes, and carving multiple layers. The course will then transition to more advanced decorating, from crumb coats to fondant. The camp will end with a fun, "Nailed It!" style challenge! In Wok and Roll, it's all about hands-on fun, tasty creations, and discovering the rich flavors of Asia. Explore the diverse culinary traditions, from Chinese stir-fry and Japanese sushi to Thai noodles. Each day features a different country and its signature dishes. This combination camp is the perfect way for kids to explore new flavors, make new friends, and roll into a summer of culinary adventure! A \$100 materials fee is payable to the instructor on the first day of camp.

Multi-Themed Camps

NEW Comics, Speech & Drama Workshop

(Ages 7–12 years)

Comics is one of the most popular and exciting ways to tell a story. Students learn to create a genre of comic strips, draw characters developed through their imagination, and plot a storyline for their comic creation. Using comics as a platform, we coach public speaking to tell their comics story and bring them to life. In addition, we use plays and drama scripts to make it fun and engaging in this workshop. A \$40 material fee for the 4-day and a \$50 material fee for the 5-day class is payable to the instructor on the first day of camp.

Science with Robin

The camp's daily schedule is packed with interactive science projects, engaging presentations, recreational games, and outdoor recess activities. Children attending the camp will get to interact closely with a variety of animals from Robin's farm, including fluffy bunnies, funky chickens, playful sheep, peacocks, emus, and more. Please bring a snack, a water bottle and a bag lunch. Material fees cover supplies for each camp and are payable to Robin Lise-Nielsen on the first day of camp.

Critter Camp (Ages 5–11 years)

Critter Camp is full of fun animal-based projects, many of which include special animal visitors such as peacocks and a wide assortment of funky chickens and bunnies. We will explore a variety of different organisms from microbes to more complex animals such as mammals, birds and reptiles. We will use art, creativity and curiosity to learn about each special animal. Material fee of \$40 for the 4-day camp and \$50 for the 5-day camp is payable to the instructor on the first day of camp. No camp 6/19.

21259 M-Th 9:00 a.m. – 1:00 p.m. 4 classes 6/30 – 7/3

Fun with Physics (Ages 5–11 years)

We'll investigate gravity, speed and motion, space travel and perhaps even time travel. We will build some simple machines and take a look at how to make them more effective. Building airplanes, catapults and race cars are all great ways to play with the laws of physics. If it's Physics, then it's fun! \$50 material fee is payable to the instructor on the first day of camp.

Robin Lise-Nielsen

Activity Room at Laureola Park

21260 M-F 9:00 a.m. – 1:00 p.m. 5 classes 7/7 – 7/11

Amazing Animals (Ages 5–11 years)

Did you ever hear the story about the dog that traveled across the whole country to find his way home? Or a mother wolf that nursed and raised an orphan human baby? How about a dolphin that rescues the sailor lost at sea? Are these stories true or are they just made up? We will hear about some true-life amazing animal stories that have really happened. Our projects will focus on something special about each animal and the story that is told. \$50 material fee is payable to the instructor on the first day of camp.

Resident: \$250 Non-resident: \$270

21261 M-F 9:00 a.m. – 1:00 p.m. 5 classes 7/14 – 7/18

Robin Nielsen's Science Camp L.I.T.E. Program (Ages 12-17 years)

Are you a teenager who loves working with kids and really likes science? Then the Science Camp L.I.T.E. program is for you! In your role as a L.I.T.E. leader you will be working with and leading small groups of kids from ages 5-11.

You will enjoy our hands on science programs while getting community service hours. To apply to be a L.I.T.E., fill out an application at cityofsancarlos.org/camps beginning February 3. Deadline to apply is March 14. Commitment is for two weeks of camp. L.I.T.E. leaders will receive daily snacks and get to do the science projects as well as have fun.

Fee: \$50/week (8:45 a.m. – 1:15 p.m.)

Animal Art (Ages 5-12 years)

This is a wonderful camp which will help us appreciate the art in nature. We will work with popular media such as crayon, pencils, watercolor as well as a few off-beat types such as solar reactive dyes, block printing, and color diffusion. Enjoy the simple act of sketching an animal, coloring complex nature images as well as using chemistry to create interesting color mixing creations. This camp is a mixture of creativity and science. \$50 material fee is payable to the instructor on the first day of camp.

STEM Camps

STEM Innovations using LEGO® Materials

(Ages 7-12 years)

Design and innovate with Play-Well TEKologies and tens of thousands of LEGO® parts! Apply real-world concepts in physics, engineering, and architecture through engineer-designed projects and an inquiry-based learning classroom model. Projects are rotated seasonally to ensure that even returning students get a new experience. Time to see STEM in action! **No camp 6/19.**

Play-Well TEKologies Instructors

|--------------|--------|------------------------|-----------|-------------|

NEW Wildlife Wonders using LEGO® Materials

(Ages 5-7 years)

Design and build your way through the animal kingdom, from sea to safari, using tens of thousands of LEGO® parts. With the guidance of an experienced Play-Well instructor, you'll recreate diverse habitats while crafting animals in their natural surroundings. Your animal adventure awaits! **No camp 6/19.**

STEM Challenges + Minecraft using LEGO® Materials (Ages 7-12 years)

Gear up for a full-day LEGO® camp packed with hands-on and minds-on STEM fun! In this challenge-based program, start by building engineer-designed projects and putting your creativity and problem solving into action. Then, step into a Minecraft world powered by LEGO® resources as we build shelters to keep out Creepers, craft mystical items that only true masters can wield, and perfect our crossbow skills to stop the Wither from taking over!

Play-Well Technologies Instructors

Resident: \$550 Non-resident: \$570

21187 M-F 9:00 a.m. – 4:00 p.m. 5 classes 7/14 – 7/18

NEW Green Energy: LEGO® Spike Prime Robotics (Ages 6-12 years)

Join Brick Tech as we explore the future of renewable energies using the new Spike Prime Robotics materials from LEGO®. Students will build and program a solar tracking array, recycling plant, hydroelectric dam and a biomass production plant! Students will be provided with everything they need from tablets for programming, Spike Prime Robotics materials (motors, sensors, brain brick), and more LEGO® bricks and pieces than they could ever build! No class 6/19.

Brick Tech Instructors

Central Middle School

Resident: \$250 Non-resident: \$270

21240 M-W, F 9:00 a.m. – 12:00 p.m. 4 classes 6/16 – 6/20

LEGO® Engineering & Design – City Creator (Ages 5-10 years)

Join Brick Tech as we design, create and build our very own custom city. Participants will explore STEM, engineering and design concepts as they build their own individual piece of the city! Don't miss this chance to let your little LEGO® lover learn and have fun while getting to build with peers in a collaborative project setting. No camp 6/19.

Central Middle School

Resident: \$230 Non-resident: \$250

21241 M-W, F 1:00 p.m. – 4:00 p.m. 4 classes 6/16 – 6/20

LEGO® Spike Prime Robotics (Ages 6-12 years)

Join Brick Tech as we design, build, program and test robotics projects with the newest materials that LEGO® has to offer, Spike Prime! All participants will get hands on learning experience as they are introduced to STEM and programming concepts. Everything will be provided from tablets for programming, Spike Prime Robotics materials (motors, sensors, brain brick), and more LEGO® bricks and pieces than they could ever build! Don't miss this opportunity to get your LEGO® lovers excited about STEM and LEGO® with Spike Prime Robotics from Brick Tech!

Brick Tech Instructors

Central Middle School

Resident: \$610 Non-resident: \$630

21242 M-F 9:00 a.m. – 4:00 p.m. 5 classes 6/23 – 6/27

Habitation on Mars using LEGO® Spike Prime Robotics Material (Ages 6-12 years)

Explore the next step in space exploration with Brick Tech as we attempt to colonize Mars using the new Spike Prime Robotics materials from LEGO®. Students will build and program a Mars base, remote controlled Mars Rover, a functioning airlock system and much more. Students will be provided with everything they need from tablets for programming, Spike Prime Robotics materials (motors, sensors, brain brick), and more LEGO® bricks and pieces than they could ever build!

Brick Tech Instructors

Central Middle School

Resident: \$250 Non-resident: \$270

21243 M-Th 9:00 a.m. – 12:00 p.m. 4 classes 6/30 – 7/3

NEW Minecraft LEGO® STEM Camp & Super Mario STEM Engineering LEGO® (Ages 5-10 years)

Come explore your favorite Minecraft biomes, structures and STEM concepts with LEGO® while also bringing Super Mario to life inspired, by video games such as Mario Kart, Mario Party, and Mario Odyssey. Participants in this camp will learn about the real-world STEM concepts. Participants will build both themes each day. Please note: there will be no video games played in this camp.

Brick Tech Instructors

Central Middle School

Resident: \$499 Non-resident: \$519

21246 M-F 9:00 a.m. – 4:00 p.m. 5 classes 7/21 – 7/25

Pokémon Master with STEM LEGO®

(Ages 5–10 years)

Kick off the Summer with Brick Tech and your favorite Pokémon! Participants will construct guided projects out of LEGO® materials as they learn STEM concepts with a hands-on approach. Build a LEGO® gym and train and battle with Pokémon that you design! Discover the secret of the Pokémon eggs and be ready to thwart Team Rocket wherever they show up.

NEW All about LEGO®s (Ages 5–12 years)

Bring LEGO® worlds to life! We provide LEGO®s. You provide your imagination. Work in groups to create a LEGO® set with LEGO® characters. Students will create battery powered LEGO® creations on wheels and artistic model vehicles. Students will use battery packs and motors to give life to creations like a backhoe, swing, and walking robot. They will learn from hands-on building how form and function come together in a great design. All necessary material is provided in this fun for all camp.

NEW STEAM & Slimetopia 1 & 3 Sequel

(Ages 5–12 years)

In this best-selling Slimetopia sequel, the world is being taken over by slime! Join a crew of STEAM Teammates and dive into the ooey-gooey excitement of our week STEAM and SLIME adventure. Calling all innovative and inventive kids to an adventure in STEAM and entrepreneurship! You and your STEAM Team will design, create, and open new businesses every day: From PIZZAprenure Day and SWEETreprenure Day to SLIMETreprenure Day and PETreprenure Day. Each day is packed with squish, squashy, and sensational fun that's guaranteed to captivate and inspire! \$20 material fee is payable to instructor at the first day of camp. No camp 6/19.

21209 M-F 9:00 a.m. – 12:00 p.m. 5 classes 8/11 – 8/15

NEW Minecraft: Harry Potter (Ages 6–9 years)

Welcome to the World of Witchcraft and Wizardy! In this class, students will learn to code while exploring an interactive Harry Potter world in Minecraft! Every class is a new adventure and opportunity to put coding fundamentals into action. Traveling to Hagrid's hut, the Quidditch pitch, Privet Drive, Diagon Alley, and beyond, kids will take on quests, fight off some monsters, and cast some magic spells! Join us on this incredible and magical journey! Material fee of \$30 is payable to the instructor on first day of camp. No camp 6/19.

Resident: \$505 Non-resident: \$525

21454 M-W, F 9:00 a.m. – 12:00 p.m. 4 classes 6/16 – 6/20

NEW 3D Videogame Design (Ages 6–9 years)

One of the best ways to get kids excited is to allow them to create something of their own. In class, students bring their imaginations to life in full, 3D color and create games they can play including Frogger Freeway, Underwater Diving, and Sports Games. Utilizing block coding, this class helps young learners focus on the coding concepts (not typing) to learn about loops, variables, and constructors while having a blast! Material fee of \$30 is payable to the instructor on first day of camp. No camp 6/19.

Code Advantage Instructors

Central Middle School

Resident: \$505 Non-resident: \$525

21455 M-W, F 1:00 p.m. – 4:00 p.m. 4 classes 6/16 – 6/20

NEW 3D Roblox Coding (Ages 9–13 years)

Students will design, code and play their own 3D worlds with Roblox Studio! Students code using the programming language Lua which is currently the leading scripting language used in games. Roblox's special version of this language, Roblox Lua, enhances the experience as students manipulate environments and program while having fun. From Obbys (obstacle courses) to creating Simulator Games, our Roblox Studio Code classes allow kids to publish the games they make showing friends why Roblox Lua is so awesome! Material fee of \$30 is payable to the instructor on first day of camp.

Code Advantage Instructors

Central Middle School

Resident: \$406 Non-resident: \$426

21456 M-F 9:00 a.m. – 12:00 p.m. 5 classes 6/23 – 6/27

NEW AI Gaming & Machine Learning

(Ages 9–13 years)

Have you ever wondered how Alexa can understand and respond to you? How enemies in video games can work together to try and beat the player? Or how Google can guess what you are searching for before you finish typing? In this course, students learn introductory concepts of Machine Learning and Artificial Intelligence. Kids will use concepts (including augmented reality, simulated learning and functions, and AI behaviors) to create fast-paced interactive games such as Fruit Ninja, Chatbots, and AI Pets! Material fee of \$30 is payable to the instructor on first day of camp.

NEW Dino Dig & Fossil Hunt (Ages 6–11 years)

Explore ideas and methods of Archeology, Paleontology, and Geology and excavate the simulated bones of a model dinosaur! Assemble the fossil from your own dig to complete a 3-dimensional model of a dinosaur to take home. Investigate geologic time and fossil charts to compare living things then and now, and identify 20-million-year-old shark teeth and other fossils. See, hold, and identify items from our rock and mineral collections, and design your very own dinosaurs based on what we observe from our exploration.

21200 M-F 1:00 p.m. – 4:00 p.m. 5 classes 8/4 – 8/8

Coding, Game Design and Animation with Scratch and Python (Ages 6–12 years)

Our unique project-based class is designed to allow young students to develop their creative storytelling and game designing abilities, and then gives them the opportunity to bring them to life through Scratch and Python. Bring own laptop, Chromebook, or iPad or rent one for a one-time payment of \$40 for the session.

Athena Coding Instructors

Central Middle School

Resident: \$335 Non-resident: \$355

21062 M-F 9:00 a.m. – 12:00 p.m. 5 classes 7/7 – 7/11

AI Adventures (Ages 7–12 years)

Our course is thoughtfully designed to introduce your child to the dynamic world of Artificial Intelligence, igniting creativity and curiosity. In this class, students interact with cutting-edge AI technologies like ChatGPT, Stable Diffusion, DALL-E, and NovelAI. They'll create chatbots, animations, stories, and films, gaining hands-on experience. Through projects, they'll delve into AI's inner workings and its problem-solving potential. This journey fosters critical thinking and collaboration with peers. Exciting activities include AI-enhanced short stories, art with DALL-E and Stable Diffusion, and collaborative chatbot programming. Our expert instructors will guide them, nurturing curiosity and exploring AI's possibilities. Bring own laptop, Chromebook, or tablet, or rent one for a one-time \$40 fee for use during class.

21063 M-F 1:00 p.m. – 4:00 p.m. 5 classes 7/14 – 7/18

Minecraft Coding and Design Studio

(Ages 6–12 years)

Minecraft isn't just the world's most popular game; it's also an excellent tool for teaching a wide array of subjects. At Athena, we've developed a project-based approach to a variety of important topics using Minecraft Educational. Our course will cover personalized game design, animation and storytelling, programming in Python and JavaScript, architecture, and design. Students will learn the fundamentals of electrical circuitry using Minecraft's patented Redstone circuit system, logic gates, multi-system mechanisms, modding and more. At the end of each class, students take home a freshly minted 3D-printed model of one of their designs. Bring own laptop, Chromebook, or iPad or rent one for a one-time payment of \$40 for the camp.

21064 M-F 9:00 a.m. – 12:00 p.m. 5 classes 7/14 – 7/18

Roblox Game Design with Coding with Lua

(Ages 7–12 years)

Bring your game ideas to life in Roblox. We'll guide you through the lifecycle of game development; you'll sketch out an idea, design your game, and complete a finished product. You'll use the Lua programming language to create in Roblox's 3D design studio while mastering real-world programming concepts. Whether you are completely new to coding or a master, Roblox's game design engine offers some incredibly fun challenges. We offer a unique and collaborative approach to programming and game design that will allow kids to develop their creativity while fostering an interest in practical skills. Bring own MAC or PC laptop or rent one for a one-time payment of \$60 for the session. Chromebooks and iPads are not compatible for this class.

Code-A-Thon (Ages 5–12 years)

Calling all Silicon Valley Geeks for a Tech-Ball where kids learn to design games using Scratch and Python Coding. We start with Scratch Coding which focuses on making sure children understand the foundational computer programming concepts such as sequencing, branching, looping and variables. Completion of this program gives them a good foundation to start with other Programming languages like Python. We give a playful introduction to Python using fun examples and color illustrations which is a great tool for kids to express their ideas using technology. You are welcome to get your own laptops, or we can always provide one. So get excited and enroll your child for this Tech Journey.

21238 M-F 1:00 p.m. – 4:00 p.m. 5 classes 7/21 – 7/25

Scratch #Gamelmaker (Ages 8–11 years)

This camp invites problem solvers and young gamers to turn their passion for playing into a new-found love for creating. This course is not just about learning to code, it's an exciting journey into the world of game creation. Our students will design and develop their games, fostering a new perspective on how they engage with games. By combining gaming and coding, we aim to nurture curiosity, inspire creativity, and instill critical thinking skills. At the end of this course, your child won't just play games, they'll be thinking about how they could create them, sparking a lifelong journey of curiosity and creativity. **No camp 6/19.**

Power Up with Python Programming

(Ages 10–13 years)

This comprehensive course demystifies Python, one of the most popular programming languages in the world, and makes it accessible and exciting. By the end of the course, students won't just understand Python, they'll be equipped with the mindset to tackle any challenge and bring their ideas to life. Through creative projects and puzzles, students will learn key concepts like variables, loops, functions, and conditionals, all while seeing their code come alive in exciting ways. With a combination of hands-on coding and engaging, unplugged activities, we ensure a solid foundation in programming, foster problem-solving skills, and inspire confidence to navigate the digital world. This course is beginner friendly, but will challenge and engage students of all programming levels.

Junior Programming (Ages 6–8 years)

Designed for the youngest programmers, this course introduces children to the fundamentals of coding through playful exploration! As they bring dancing characters to life and create their very own interactive games, our little coders naturally develop critical thinking and problem-solving skills. This is more than just a coding course, it's a platform for self-expression and creativity, fostering curiosity and a love for learning. And don't worry, we don't spend all our time in the digital realm! Our course also includes a mix of unplugged activities and organized play, ensuring a well-rounded, engaging experience. By the end of this journey, your child won't just have taken their first steps into coding, they'll have the tools to grow and thrive as curious, lifelong learners. This course is beginner friendly, but will challenge and engage students of all programming levels.

Roblox Game Design (Ages 10–15 years)

Learn how to create your own Roblox Games and publish them for others to play! This interactive course leverages the excitement of Roblox, transforming gameplay into a hands-on coding experience. Students will learn the Lua programming language to define the rules and mechanics of their games. Throughout this course, students master essential programming concepts such as loops, rendering, and inventory systems by integrating them directly into the Roblox environment. Each challenge unlocks new coding skills and deepens their understanding, fostering logic, problem-solving, and creativity. This is not your typical coding class. We use Roblox to bring coding to life, evolving the way students interact with their favorite games. By the end, students aren't just playing Roblox, they're using code to shape and enhance it. This course is beginner friendly, but will challenge and engage students of all programming levels.

Let's Code with Scratch (Ages 7–10 years)

This course invites young learners to an exciting adventure where art meets technology! Your child will learn to code using the world's most popular programming platform for kids, creating animated characters and mesmerizing patterns in Scratch. Students will build algorithms using programming fundamentals such as sequencing, conditionals, loops, functions, events and learn debugging as they create their projects. To balance screen time, we incorporate unplugged activities like making flipbooks and spirographs, enhancing the concepts learned in a fun, tangible way. Through combining art and coding, we aim to spark curiosity, foster creativity, and build critical thinking skills. This course is beginner friendly, but will challenge and engage students of all programming levels.

Machine Learning with Scratch

(Ages 9–12 years)

This course's mission is to introduce machine learning to young minds in a fun and approachable way! Machine learning is rapidly reshaping our world, and it's more critical than ever for children to understand this transformative technology. Students will train their own machine learning models to recognize patterns in text, numbers, images, or sounds. They'll use those models to build their own face filters, smart devices, and chatbots. They're able to do all this in a block-based programming environment that many are familiar with. This course is beginner friendly, but will challenge and engage students of all programming levels.

Junior Fire Academy

(Ages 11-15 years)

Ever dream of being a firefighter? Well stop dreaming and start doing at the junior fire academy! Participants develop lifelong skills not only learning about emergency preparedness, but also how to work together to accomplish tasks. Taught by professional firefighters, participants learn skills including First Aid, CPR, exit drills, fire extinguisher use, disaster preparedness, and home safety. In addition to the practical skills they can use every day, participants learn what it's like to be a firefighter by extinguishing fire with fire hoses, proper lifting techniques for moving ladders and hoses, hose management, and they even get to climb the 100-foot-tall ladder!

Golf

Emerald Hills Golf Camp (Ages 7–13 years)

This camp is designed for beginner and intermediate golfers looking to improve their skills. Instruction focuses on key areas of the game, including putting, short game, full swing, and on-course play. To add a competitive edge, fun activities such as mini golf and knockout are included. For those just starting out without their own equipment, rental clubs are available to ensure every camper has the gear they need to fully participate. In addition to golf instruction, campers will enjoy a variety of recreational activities like dodgeball, disc golf, and pickleball to keep them energized and having fun. Morning Drop-off: 8:30 a.m. – 8:45 a.m.

Skyhawks

Skyhawks Beginning Golf Camp

(Ages 6-10 years)

This camp is your ticket to mastering the course and unleashing your inner champion. Using special golf equipment designed to maximize the experience for kids, we'll start with the essential building blocks, teaching you proper grip techniques for powerful and controlled swings. You'll master footwork drills to improve your balance and posture, ensuring smooth and consistent shots. Beyond technical skills, the program emphasizes golf etiquette and sportsmanship. You'll learn the rules of the course, proper pace of play, and how to celebrate your successes and those of your fellow athletes! This program is all about fostering a love for the game, building confidence, and transforming you into a golf star!

Skyhawks Baseball Camp (Ages 7-12 years)

Step up to the plate at our Baseball Camp, where young athletes dive into the fundamentals of the game with energy and enthusiasm. Participants will refine essential skills like hitting, throwing, fielding, and base running, all in a supportive and fun environment. Our coaches focus on fostering confidence, teamwork, and a strong understanding of the game, making it perfect for players of all abilities. This camp is all about encouraging a love for baseball while building sportsmanship, leadership, and physical fitness. Gear up for a week of action, learning, and excitement in America's favorite pastime!

Skyhawks Mini-Hawk Camp (Ages 4-7 years)

Welcome to Mini-Hawk, an action-packed multi-sport camp designed for young kids eager to explore soccer, flag football, and basketball! This camp introduces 4-7-year-olds to the basics of each sport, helping them develop motor skills, coordination, and confidence in a playful and supportive setting. With fun drills and minigames, our coaches guide campers through skills like dribbling, passing, shooting, and teamwork, building a foundation for future sports experiences. Mini-Hawk is the perfect place for kids to make friends, stay active, and discover a love for sports!

Skyhawks Multi-Sport STEM and Play

(Ages 5-10 years)

Calling all aspiring athletes and curious minds! This camp is a unique blend of multi-sport training and engaging STEM exploration. We'll delve into three popular sports: soccer, football, and basketball. Each camp will focus on developing athletic skills in that specific sport, while also incorporating fascinating STEM-based activities. For example, in the soccer module, you'll learn about the forces that impact ball movement and trajectory, while practicing your dribbling and kicking techniques. This program is all about having a blast, learning new skills, and seeing the amazing science hidden inside your favorite sports!

Skyhawks Pickleball Camp (Ages 7-12 years)

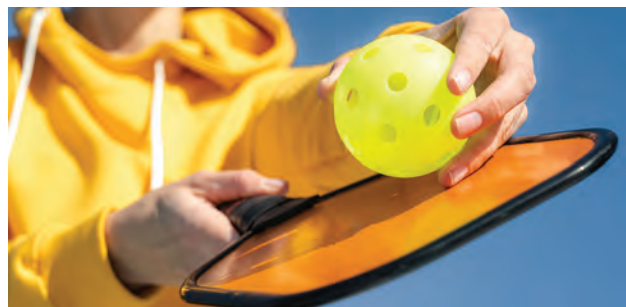

This camp is designed to take your pickleball game from beginner to intermediate level. We'll start by mastering the essentials - grip, footwork, dinking, volleying, and serving - and ensuring a solid foundation. As you level up, we'll unlock the secrets of strategic play. You'll learn to dominate the no-volley zone, master that tricky third shot after the bounce, and send back even the nastiest serves like a champ. Get ready for epic rallies and high energy drills! This program is all about having fun, building confidence, and mastering the art of the pickleball smackdown.

Skyhawks Volleyball Camp (Ages 7-12 years)

Get ready to bump, set, and spike at our Volleyball Camp, where young athletes dive into the fundamentals of this exciting sport! Campers will learn essential skills like serving, passing, and positioning, with a focus on teamwork, agility, and communication on the court. Our experienced coaches create an upbeat and encouraging environment that's ideal for both beginners and those looking to improve their game. With fun drills, practice games, and supportive coaching, this camp inspires a love for volleyball while building confidence, coordination, and lasting friendships.

Soccer

United Soccer Coaching Summer Open Camp (Ages 5-12 years)

Join us for an unforgettable summer soccer camp where fun is at the heart of everything we do! Designed for players of all skill levels, our camp offers an exciting mix of games and activities led by professionally licensed coaches dedicated to creating a positive and engaging experience for every participant.

Your child will enjoy small-sided games that maximize touches and foster teamwork, fun challenges like Super Shot and Keeper Wars add excitement and healthy competition, and development-focused training tailored to the age and stage of each player, ensuring they grow their skills in a supportive and dynamic environment.

Our goal is to combine the joy of the game with expert coaching to build confidence, creativity, and a love for soccer in every camper. Whether your child is new to the sport or a budding star, this is the perfect way to stay active, make new friends, and take their game to the next level! **No camp 6/19.**

World Cup Soccer Junior Academy

(Ages 5-6 years)

Junior Academy is designed specifically for young players, ages 5 to 6. Our camp emphasizes the development of fundamental soccer skills and team building concepts in a fun, supportive, and nurturing environment. Our coaches are highly trained to deliver a camp that is both fun and challenging for players of all skill levels. To provide a comprehensive day of learning, our morning and afternoon sessions cater to different aspects of skill development, ensuring each camper has a well-rounded and engaging experience. The mornings consist of fun-filled games designed to teach the fundamentals, while the afternoons focus on small-sided matches that emphasize the importance of teamwork.

World Cup Soccer Classic Skill Camp

(Ages 7–9 years)

The Classic Skill Camp is designed for players of all levels, ages 7 to 9. On the first day of camp, our coaches assess each camper's skill level and age, grouping them to make sure each camper is appropriately challenged. Our coaches are highly trained to deliver a camp that is both fun and challenging for players of all skill levels. This camp is structured to equip campers with a solid understanding of basic soccer concepts and skills, while also emphasizing teamwork and encouraging kids to play and have fun! Mornings will be devoted to practicing basic skills and understanding soccer concepts. In the afternoon, the focus is on allowing campers to apply the skills and concepts they've learned, enhancing their game knowledge and teamwork.

World Cup Soccer Development Academy Camp (Ages 10–13 years)

The Development Academy is designed to develop players between the ages of 10 and 13 with experience playing soccer for 1 to 3 years. This camp is structured to provide training that will help players perform at the next level. The mornings are dedicated to technique training and developing high-level skills. In the afternoon, campers can practice their learned skills, improve their strategy, and enhance their tactical understanding of real game scenarios. This is achieved through both playing matches and our coaches' knowledgeable insights into the game. Throughout the week, our coaches will monitor each camper's progress and provide a comprehensive evaluation report at the end of camp. The goal is to encourage campers to continue practicing both their strengths and areas for improvement.
