

Shasta Mosquito & Vector Control District's EDUCATION PROGRAM

Shasta Mosquito & Vector Control District staff strives to engage and educate the public through a variety of venues.

We would like to take this opportunity to extend this free service to your classes.

See the day-to-day operations of a working mosquito and vector control district, from our entomology lab to specialty equipment, and more.

TOPICS INCLUDE:

- Mosquito life cycle
- Careers in science/biology
- Vector-borne disease
- Pond ecosystems
- Scientific methods
- Mosquitoes and vectors
- And more...

District staff can tailor each presentation to individual grades and classes.

And if she's around, you might even meet our newest recruit...

Missy Keeto, the mosquito!

Our aquaculture program is sure to intrigue! These tiny mosquitofish are a big part of our SWAT team.

At our facility, your group can tour our fish building.

Or, we can bring a small aquarium to your class.

FIELD TRIPS

Bring the class for a district tour and interactive experience.

We can accommodate groups of up to 50! Rain or shine.

CLASSROOM VISITS

Or we can visit your classroom - bringing all the fun and curriculum to you.
