Reviewing of Other Evidence on Premise (per hour)	47.16	2.84	50.00

BUILDING PERMIT FEES:

There is much to consider when it comes to determining the building permit fee. Contact with the building department can be made at any time and we can calculate the fees to get you started.

The method (as defined under Soldotna Municipal Code Title 15) of determining valuation of a project is based primarily on square footage multiplied by "average construction costs" to get a valuation (average square foot costs are published through the International Code Council) or by valuation only. This unit cost per square foot is published twice a year and slight changes in the square foot cost can occur at that time. Because the cost of construction has risen over the past few years, the cost of permits has increased accordingly.

Permits for new residential or new commercial are always determined by the calculated square foot cost method. Most remodel, additions, etc. are calculated by the valuation of the project as submitted. Only Commercial projects have an additional plan review fee that is added to the permit cost and that is based upon 65% of the permit cost. Penalties can be added when work is started without a permit.

Once the valuation (total cost of the project) is determined then based upon a fee table, that has been in place since 1997, the building permit fees gets calculated. Here is that fee table:

Building Permit Fees	
TOTAL VALUATION	FEE
\$1 - \$500\$23.50
\$501 - \$2,000	\$23.50 for the first \$500 plus \$3.05 for each additional \$100, or fraction thereof, to and including \$2000.
\$2,001 - \$25,000	\$69.25 for the first \$2,000 plus \$14 for each additional \$1,000, or fraction thereof, to and including \$25,000.
\$25,001 - \$50,000	\$391.25 for the first \$25,000 plus \$10.10 for each additional \$1,000, or fraction thereof, to and including \$50,000.
\$50,001 - \$100,000	\$643.75 for the first \$50,000 plus \$7 for each additional \$1,000, or fraction thereof, to and including \$100,000.
\$100,001 - \$500,000	\$993.75 for the first \$100,000 plus \$5.60 for each additional \$1,000, or fraction thereof, to and including \$500,000.
\$500,001 - \$1,000,000	\$3,233.75 for the first \$500,000 plus \$4.75 for each additional \$1,000, or fraction thereof, to and including \$1,000,000.
\$1,000,001 and up	\$5,608.75 for the first \$1,000,000 plus \$3.65 for each additional \$1,000, or fraction thereof.

SMC 15.02.011

Other Inspection Fees	
1.	Inspections outside of normal business hours (minimum charge – two hours)\$ 120.00 per hour 2 hour minimum plus \$60 after initial call out ¹
2.	Inspections for which no fee is specifically indicated (minimum charge – one-half hour)\$ 120.00 per hour ¹
3.	Additional plan review required by changes, additions or revisions to plan (minimum charge – one-half hour)\$ 120.00 per hour ¹
4.	For use of outside consultant for plan checking and inspections or both.....Actual Costs ²

SMC 15.02.011

¹Or the total hourly cost to the City, whichever is greatest. This cost shall include supervision, overhead, equipment, hourly wages and fringe benefits of the employees involved.

²Actual costs include administrative and overhead costs.

SOLDOTNA

Public Works Department – Building

Example: The applicant comes in for a 2000 sf house at an average cost per square foot of \$113.85 (\$227,700 valuation) and an attached 600 sf garage at an average cost per square foot of \$45.09 (\$27,054 valuation) to get a total valuation of \$254,754. Then looking up at the fee chart above, there would be a total fee of \$1891.75.

The City of Soldotna does not charge extra because of the complexity of a project, such as a home with high end finishes. The City of Soldotna also does not charge extra for additional reviews of fire alarm systems, fire sprinkler systems, or deferred submittals for structural elements like trusses, columns, beams, etc. The fees for after hour inspections will be added when necessary.

Fees are payable at City Hall via cash, check, or card (3% fee applied with card processing). Fees are paid in total for each project at the time of the application. We can provide estimates of building permit fees upon request.

DRIVEWAY PERMIT:

- If obtained with building permit No Fee
- If not obtained with building permit (12.16.030) \$ 10.00

EXCAVATION AND OBSTRUCTION PERMIT (ROAD CLOSURE):
