Reduction applies to:

- A. Residential single-family home permits issued citywide for those builders who comply with terms of the program.
- B. Residential multi-family permits issued citywide for those builders who comply with terms of the program. For Multi-family residential permits, the local hire requirement is not required.
- C. Only units within the existing City Limits as described in the 2008 General Plan Settlement Agreement shall be eligible for the SESP program.
- D. Participation in the program is contingent on at least 50% of the workforce on a permit residing within Stockton. For Multi-family residential permits, the local hire requirement is not required.
- E. Once a single-family unit applicant has been issued a residential building permit, the applicant must make a quarterly report to the City. The report will identify the total number of workers employed on the project and the number of those employees who reside within the City of Stockton.
- F. Projects participating in this program shall work with Building Industry Association to coordinate hiring of disadvantaged Stockton residents to appropriate positions matching skills and experience to job requirements and staffing needs.

For office use:

G. An applicant must start construction within 6 months of issuance unless an extension, authorized by state law and local ordinance is approved.

I certify under penalty of perjury of the laws of California that I have read the foregoing statement of facts and know its contents, and that it is true and correct. Furthermore, I acknowledge, in the event the SESP program expires, or a developer chooses to not participate in the SESP program, or a developer is no longer eligible to participate in the program due to noncompliance with the local hire requirement of the SESP program, the City will require payment of fees in the full, unabated amount.
