Overview

The Stockton Arts Commission is seeking artist(s) and/or artist teams to design and paint original artwork on City-owned property.

The Public Art Mural Program incentivizes mural installations by providing City funding and the means of curating the City's collection of murals. This program has \$50,000 in available funds for artist(s) and is also available for those who have already identified funds and would like to complete a mural project on City-owned property.

The following Guidelines provide guidance for artist(s) and artists teams on the process, criteria, and responsibilities associated with a mural project.

Eligible Applicants/Artists

Artists submitting proposals in response to this Call for Artist/RFP must be current residents of California who meet the minimum eligibility qualifications indicated below:

1. Successful completion of at least two permanent outdoor art installations, preferably those that are similar in scope and nature to the project identified in the Call for Artist/RFP or demonstrate the ability to complete your proposed project.
2. Aesthetic excellence in the design and execution of completed projects.
3. Ability to install or directly oversee the installation of the commissioned work.
4. Ability to comply with the project deadlines as indicated in the RFP.
5. Compliance with stated Proposed Project Requirements as listed in the RFP.
6. The City of Stockton takes steps to encourage the use of local artists. Local artists with a physical business location within the boundaries of the City of Stockton or County of San Joaquin and with an active business license will receive preference points in scoring.

Eligible Sites

City staff, in consultation with the Stockton Arts Commission, have identified potential sites for the installation of murals on City owned property. Staff will provide a recommended Opportunity Sites List (Attached) as a tool to strategically place art throughout the community. Artist submitting proposals may propose a location on any City owned property. Further evaluation by City staff may be require for locations proposed that are not on the Opportunity Sites List. Consideration for appropriate sites will include, but not be limited to, the degree to which a mural is aesthetically appropriate for the site, safety, and any maintenance considerations specific to the site.

Program Goals

The Public Art Mural Program aims to enhance public spaces, roadways, and gateways by creating inspirational and universally enjoyable art. It seeks to raise awareness of the City's diverse environment and users while maintaining aesthetic quality. Additionally, the program encourages contextual and expressive murals that contribute to a cohesive urban landscape.

Curatorial Standards

Murals in the Public Art Mural Program must meet high aesthetic, thematic, and artist experience standards. They should be durable, contextually appropriate, and technically feasible. Compliance with program goals, collaboration with City staff, and surface preparation are also crucial considerations.

General Requirements

1. Murals must be an original work of art.
2. Artists will be required to waive their rights of integrity to commissioned artwork as pertains to its removal or repair as set forth in the California Art Preservation Act and the Visual Artists Rights Act.
3. City staff, in consideration of input from the Stockton Arts Commission, will determine the eligible locations. Please see Attachment A for a list of Opportunity sites.
4. An agreement with the artist with a specified term (from 5 to 20 years) and maintenance requirements is required. After the term of the agreement expires, the artwork may be removed, covered over, updated to extend its lifespan, or modified to meet future community objectives.
5. All artwork materials must have a minimum lifespan as specified in their proposal, and artists must provide a maintenance plan for the work.
6. The SAC has defined a specific theme for each site(s). The curatorial standards must also be met as defined in this Call for Artist/RFP. Please see below for more information.

The social media account should not primarily function as a shop to sell commercial products.

Exhibit B:
Insurance Requirements

()

Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the Contractor, his agents, representatives, employees or subcontractors.

MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

1. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than **\$2,000,000** per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.
2. **Automobile Liability:** ISO Form Number CA 00 01 covering any auto (Code 1), or if Contractor has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limit no less than **\$1,000,000** per accident for bodily injury and property damage.
3. **Workers' Compensation:** as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than **\$1,000,000** per accident for bodily injury or disease.

If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the City of Stockton requires and shall be entitled to the broader coverage and/or the higher limits maintained by the contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City of Stockton.

Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

Additional Insured Status

The City of Stockton, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or

equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of **both** CG 20 10, CG 20 26, CG 20 33, or CG 20 38; **and** CG 20 37 if a later edition is used). Additional insured Name of Organization shall read "City of Stockton, its officers, officials, employees, and volunteers." Policy shall cover City of Stockton, its officers, officials, employees, and volunteers for all locations work is done under this contract.

Primary Coverage

For any claims related to this contract, the **Contractor's insurance coverage shall be primary and non-contributory** and at least as broad as ISO CG 20 01 04 13 as respects the City of Stockton, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the City of Stockton, its officers, officials, employees, or volunteers shall be excess of the Contractor's insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies. The City of Stockton does not accept endorsements limiting the Contractor's insurance coverage to the sole negligence of the Named Insured.

Umbrella or Excess Policy

The Contractor may use Umbrella or Excess Policies to provide the liability limits as required in this agreement. This form of insurance will be acceptable provided that all of the Primary and Umbrella or Excess Policies shall provide all of the insurance coverages herein required, including, but not limited to, primary and non-contributory, additional insured, Self-Insured Retentions (SIRs), indemnity, and defense requirements. The Umbrella or Excess policies shall be provided on a true "following form" or broader coverage basis, with coverage at least as broad as provided on the underlying Commercial General Liability insurance. No insurance policies maintained by the Additional Insureds, whether primary or excess, and which also apply to a loss covered hereunder, shall be called upon to contribute to a loss until the Contractor's primary and excess liability policies are exhausted.

Notice of Cancellation

Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the City of Stockton.

Waiver of Subrogation

Contractor hereby grants to City of Stockton a waiver of any right to subrogation which any insurer of said Contractor may acquire against the City of Stockton by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City of Stockton has received a waiver of subrogation endorsement from the insurer.

Self-Insured Retentions

Self-insured retentions must be declared to and approved by the City of Stockton. The City of Stockton may require the Contractor to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or City of Stockton. The CGL and any policies, including Excess liability policies, may not be subject to a self-insured retention (SIR) or deductible that exceeds \$25,000 unless approved in writing by City of Stockton. Any and all deductibles and SIRs shall be the sole responsibility of Contractor or subcontractor who procured such insurance and shall not apply to the Indemnified Additional Insured Parties. City of Stockton may deduct from any amounts otherwise due Contractor to fund the SIR/deductible. Policies shall NOT contain any self-insured retention (SIR) provision that limits the satisfaction of the SIR to the Named. The policy must also provide that Defense costs, including the Allocated Loss Adjustment Expenses, will satisfy the SIR or deductible. City of Stockton reserves the right to obtain a copy of any policies and endorsements for verification.

Acceptability of Insurers

Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the City of Stockton.

Verification of Coverage

Contractor shall furnish the City of Stockton with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause **and a copy of the Declarations and Endorsements Pages of the CGL and any Excess policies listing all policy endorsements**. All certificates and endorsements and copies of the Declarations & Endorsements pages are to be received and approved by the City of Stockton before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City of Stockton reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time. City of Stockton reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

2.2 In the case of modification of a part or provision of the GTC, the unaltered part or provision, or both shall remain in effect. The Special Conditions shall relate to a particular project and be peculiar to that project but shall not weaken the character or intent of the GTC.
