## **City of Stockton Partners with Curative to Open COVID-19 Testing Kiosk Open for Appointments – January 10**

STOCKTON, Calif. – The City of Stockton and Curative are partnering to open a free downtown COVID-19 testing kiosk site located at 120 W. Oak Street, directly behind the Stockton Memorial Civic Auditorium. Beginning, Monday, January 10, hours of operation are Monday through Friday, 8:00 a.m. to 3:30 p.m. Appointments are highly encouraged. Daily supplies are limited, and the site may close early due to high volume.

Registration and appointments can be completed in advance online at [cur.tv/stockton](https://cur.tv/stockton) or by calling 1-888-702-9042. On-site registration is available, but advanced registration is encouraged to reduce wait times. Those with appointments will be given priority. Walk-ins may not be accepted if supplies are low. Tests are available at no cost to insured or uninsured. Those with insurance must bring insurance ID cards.

This site offers a self-collected, shallow nasal PCR test. Results of the test are expected within one to two days of being received by the lab for processing.
