Road Repairs for Brookside Rd & Shadowbrook Dr Beginning October 10, 2023

STOCKTON, Calif. – The City of Stockton Public Works Department will be completing road repairs on Brookside Road and Shadowbrook Drive. The project is scheduled to begin October 10, 2023, and is estimated to take approximately two days to complete. This project will address high traffic streets with poor pavement conditions on:

- Brookside Road between March Lane to Driftwood Place, and
- Shadowbrook Drive between Brookside Road to Brookview Drive.

As construction progresses signs will be placed to notify drivers of changing construction conditions in the area. Speed limits will be reduced to 30 mph during construction. During the day, only one lane in each direction will remain open. Access to all adjacent businesses and residences will remain open during construction.

Travel tips to help during construction:

- Watch for signs and vehicles when entering and exiting the area.
- Allow extra time for travel and anticipate some traffic delays.
- Please slow for the cone zone.

For more information, visit www.stocktonca.gov/trafficalert or call (209) 937-8341.
