**2009-2010 FEE SCHEDULE REVISION**

The Attached 2009-2010 Fee Schedule replaces all prior versions distributed. The changes to the schedule have been made by Council Resolutions 09-0224, 09-00225 and 09-0226, as adopted on July 7, 2009. The following sections have been amended to reflect these changes:

This document also corrects some typographical errors found in the last distributed version, which have no associated dollar impact.

Please use the fees and effective date of this schedule when collecting all fees. The above mentioned changes have been made to the electronic version of the 2009-2010 Fee Schedule available on the City's website. If you have any questions regarding these changes, please contact Mahin Shah (7140).

## **MEMORANDUM**

June 12, 2009

TO: All Department Heads

FROM: J. Gordon Palmer, Jr., City Manager

SUBJECT: **Fee Schedule FY 2009-10**

Attached is the FY 2009-10 Fee Schedule. This schedule includes citywide and departmental fees adopted by Resolution number 09-0175 at the June 9, 2009 Council Meeting. The majority of fees are effective July 1, 2009, with the exception of fees related to Development Services (August 9, 2009), Parks & Recreation (varying dates), Public Facility Fees (varying dates), and Surface Water (April 1, 2009). Effective dates are listed for every fee.

There are significant changes in every area of this fee schedule and it is important that the correct fees are charged by everyone involved in collecting fees. Please set aside all old Fee Schedules and use this Fee Schedule exclusively beginning July 1, 2009, except as noted above.

Departments that have changed funds or accounts should take special care to ensure that the revenue is going into the correct account number. You will need to work with Department of Financial Management to ensure that the pay codes for the revenue accounts are set up and point to the new account numbers on the effective date.

There are many new/modified fees this year, and it is important that the City collect the appropriate fees. Please make sure everyone is using the appropriate Fee Schedule. If you need additional schedules, please contact Mahin Shah at extension 7140.

## Formula Adjustment Basis

The annual adjustment for the fees is based on the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers' United States City Average (CPI\_W) for the twelve month period concluding with the October index of each preceding year, but not less than 2.5%, nor more than 6.0%. The Consumer Price Index increase for FY 2008-09 is 3.8%.

These cost-based adjustments shall be limited to updating existing rates. Fee rates shall be rounded using the rounding policy located below. All rates shall be available in the appropriate public areas of the departments where the services are provided and the fees are charged, and distributed to known users as appropriate. The exceptions to this procedure are fee rates set by State and Federal requirement or other external mandate.

## City of Stockton Fee Schedule Rounding Policy

The City-wide Fee Schedule Rounding Policy is used to assist in cash handling by departments who make change when collecting fees in cash and to simplify payments when fees are paid by check or credit card.

Departments are required to adhere to this policy, unless special circumstances require special handling of the fees. In these cases, departments must provide written justification to the City Manager's Office for approval of a different rounding or no rounding at all.

The following table outlines the method used for rounding the fees.

Range	Policy
Up to \$99.99	Round to a quarter
\$100 and over	Round to a dollar

Number that end in 1 through 4, are rounded down.

Number that end in 5 through 9, are rounded up.

*Note: Rounding is applied after all adjustment calculations are made.*

Exceptions to the rounding Policy:

1. Fees under \$1 (no rounding applied) – such as Water Quantity Fees, Municipal Utilities Department
2. Fees set by outside agencies – such County Facility fees, and Regional Transportation Impact fees set by the Council of Governments.

#### **B. APPLICATION FOR SERVICE**

**APPLICATION AND DEPOSIT** Each person desiring a water supply from the City Water System must make application on a form provided by the City or its authorized agent and provide such information or documents as may be required by the City to approve the application. A deposit, as established in the City's annual fee schedule, may be required of an applicant for water service based on the creditworthiness of the applicant. Water service is provided on the next regular business day.

**CUSTOMER AGREES TO BE BOUND** Every customer shall be deemed to have expressed consent to be bound to the terms and provisions of the regulations then in effect and as may be amended at a later date. Whenever any regulation is violated, the City reserves the right to terminate the water service without notice. The customer whose water is thus terminated shall forfeit all payments made and the water shall not be restored until all unpaid delinquent charges billed on the unified bill and any fees, charges and/or deposits associated with the violation and service termination are paid in full and all other requirements of these regulations are met.

**UNPAID BILL** Water service shall not be granted to an applicant or customer if that person has unpaid delinquent bills (or charges) for City utility services.

**FAILURE TO APPLY OR TO COMPLETE APPLICATION PROCESS** Water service shall not be granted to any person who fails to apply for service or who does not complete the application process. The City reserves the right to terminate the water service without notice when it is determined that an application for service has not been approved for the customer(s) at that service address.

**FRAUD - REFUSAL OF SERVICE** The City shall have the right to refuse water service to any person(s) or premises at any time or to discontinue service without notice if found necessary to do so in order to protect itself against fraud or abuse.

**SERVICE TERMINATION FOR NON-PAYMENT, DAMAGE TO CITY PROPERTY OR UNAUTHORIZED WATER SERVICE** If water service is terminated because of unpaid delinquent charges billed on a unified bill, dishonored payments, acquisition (or provision) of unauthorized water service or damage to City property, water service shall not be restored to the service address or to the customer(s) at another address until all unpaid delinquent charges billed on the unified bill and any fees, charges and/or deposits associated with the violation and service termination are paid in full and all other requirements of these regulations are met. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service. In addition to the field charge, the City may require a customer to pay a deposit, as established in the annual fee schedule, before service is restored.

### **Water Fees & Regulations**

#### **2009/2010 PROPOSED FEE SCHEDULE**

#### **C. METER READING, BILLING AND COLLECTION**

**COMBINING OF METER READINGS** Each meter on a customer's premise will be considered and billed separately. The readings of two or more meters will not be combined.

**METER READING FREQUENCY** Meters will normally be read at monthly intervals for the preparation of regular bills, and as may be required for the preparation of opening bills, closing bills and special bills.

**NON-REGISTERING AND UNREADABLE METERS** Bills for service will be based on an estimate if a meter fails to register the volume of water consumed or cannot be read. In estimating consumption due consideration will be given to fluctuations in usage caused by seasonal changes or known service interruptions.

**FAILURE TO RECEIVE BILL** It shall be the water service customer's responsibility to provide the City or its authorized agent the correct address to which bills are to be mailed. Failure to receive a bill shall not relieve the water service customer of responsibility for on-time payment.

**DEPOSIT ON ACTIVE ACCOUNTS** A deposit as established in the annual fee schedule may be required if all charges billed on a unified bill are not paid by the due date. This deposit will be added to the water service customer's account. Failure to pay the deposit shall be considered the same as failure to pay for water or water service.

**DAMAGE TO CITY PROPERTY** A fee, as established in the annual fee schedule, shall be charged to the water service customer's account for each lock or device attached to the City's water meter that is removed or broken by anyone other than authorized City personnel. Other damages to the City water meter or associated equipment will result in additional charges being levied to recover the full cost of repairs with a minimum charge for damages as established in the annual fee schedule. These fees are in addition to field charges and deposits and will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

**METER REMOVAL** A fee, as established in the annual fee schedule, shall be charged if a water meter is removed because of: (1) non-payment of delinquent utility charges billed on a unified bill, (2) damage to or tampering with the City water meter or associated equipment, or (3) acquisition or provision of unauthorized water service. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

**EXTENSION OF ACCOUNT CLOSING DATE/SAME-DAY SERVICE FEE** A fee, as established in the annual fee schedule, shall be charged if a customer does not cancel their request to close an account (terminate service) at least one business day prior to the scheduled account closing date or if the customer does not meet all requirements for approval of their application for service at least one business day before water service is requested. Same day service fee shall be charged when service is provided sooner than the next business day after approval of customer's application. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.
