## **FY 2022-23 Adopted Fees Introduction**

The following is the FY 2022-23 adopted fee document that includes new, changed, and inactivated fees. New fees are presented for Community Development, Facility & Property Rentals, Fire, Tree Permits, and Recreation & Leisure. Fee changes include Economic Development, Facility & Property Rentals, Fire, Library, and Municipal Utilities. Two City departments inactivated eight existing fees.

This year the Fire department incorporated the results of the fee study completed in FY 2019-20 resulting in an overall restructuring of their operational and inspection permit fees. Fees were updated to reflect revised fire codes and introduced new categories and subcategories. The full fee study recommendation will be implemented over two years.

Due to the extensive restructure of Fire fees in the fee study, some existing fees show the current amount as \$0 in the rate change summary on pages I-7 to I-17.

Wastewater rates are increasing by 6% per the currently approved rate study. FY 2022-23 represents year 4 of 5 of the Wastewater Utility's approved rate study increases. Based upon the water rate study completed in FY 2020-21, effective July 1, 2022, water rates are increasing 3.5%.

The new and changed fees are listed in Section I along with explanations for each change. All other fees are listed in the following sections. Additionally, a 4.5% CPI adjustment has been included in fees that are intended to recover the cost of providing services.

Further fee information can be obtained from the City of Stockton website at <http://www.stocktongov.com/government/departments/adminservices/feeonline.html>

#### Division General Comments (Applicable to all Fees)

##### COST RECOVERY

Most of the services provided by the Community Development Department require the payment of flat fees or hourly rates which are annually adopted by the City Council. Some fees are lower than actual cost due to policy considerations (i.e. to incentivize economic development for small businesses or to incentivize code compliance when actual cost would be so high as to act as a disincentive). The information provided below is intended to explain the use of hourly rates.

##### FLAT FEE AND HOURLY RATE FEE ITEMS

For services where the work effort can be accurately estimated, flat fees are established and generally paid in advance of the service being provided, such as the issuance of a use permit. If the work effort varies greatly and an accurate flat rate cannot be determined, such as in the case of a conditional use permit, hourly rates are developed which provide the basis for generating invoices for work completed. The entire project application shall be cost for recovery if it includes one or more cost recovery fee items and any associated flat rate fees collected shall be considered project application deposits.

##### PROJECT COST ESTIMATES

For Planning discretionary land use entitlement projects, an initial deposit is required at the time of permit application. This deposit is intended to cover the costs of the initial steps in processing the application, not the entire cost of processing projects. Discretionary projects are inherently unique. The total time and costs involved to process an application will depend on the complexity of the project itself, as well as the proposed project's potential environmental impacts, the type of environmental document required, and the level of interest generated by the proposal.

##### COST RECOVERY FEE ITEMS

Staff charges for Planning discretionary land use entitlement projects include, but are not limited to, the assigned Case Planner, landscape/biological/archaeological consultant charges, and related charges.

EFFECTIVE DATE: Community Development Planning fees are effective 60 days after Council Resolution. If any fees are updated during the fiscal year, the fee schedule will be updated accordingly to reflect an effective date of 60 days past Council Resolution.

#### Division Footnotes

(1) The three (3) Heritage Oak Fees were consolidated in FY 2017-18 and charged under the street tree fee. The fee has been revised to present the individual fee items individually as they appeared in the FY 2016-17 Fee Schedule.

**Division General Comments (Applicable to all Fees)**

Permit fees cover the review of pertinent plans or documents, the initial inspection, annual inspections and other administrative costs associated with permit issuance and maintenance. Re-inspections resulting from non-compliance or other special circumstances will be considered special inspections and charged at the prevailing hourly rate.

For special circumstances, the Fire Marshal or designee may impose an hourly rate for Fire Prevention services to assure full cost recovery.

All operational fire permit fees include one (1) re-inspection.

A bundle is the consolidation of several permits into a single permit for the same location.  
(This note is applicable to Operational Fire Permits (BUNDLES) section only.)

**Division General Comments (Applicable to all Fees)**

Plan check fees cover the initial review of pertinent plans and/or documents and if necessary, 1st plan revision which includes a re-check fee at the current prevailing hourly rate, as well as other administrative costs associated with plan checking. Additional plan review or re-inspections resulting from failure to correct plan errors or other special circumstances will be charged at the prevailing hourly rate.

For special circumstances, the Fire Marshal or designee may impose an hourly rate for Fire Prevention services to assure full cost recovery. These types of Inspection Fees are per hour/per person with a one-hour minimum, with the exception of the Express Plan Check.

Expiration: Construction permits shall automatically become invalid unless the work authorized by such a permit is commenced within 180 days after the issuance, or if the work authorized by such permit is suspended or abandoned for a period of 180 days after the time the work is commenced.

Extensions: The fire code official is authorized to grant, in writing, one or more extensions of the time period of a permit for periods of not more than 90 days each. Such extensions shall be requested by the permit holder in writing and justifiable cause demonstrated.

**Division Footnotes**

*(1) Plan Checks include: New Construction, Tenant Improvement, Master Plan/Site Improvement, Hazardous Material Fire and State Fire Marshal/OSHPD/DSA Plan Checks. With the exception of the Express Plan Check, all other Plan Checks include 1 hour Inspection.*

*(2) Hazardous Materials Fire Plan Check – A construction permit is required for the repair, modification, construction, installation and removal of any facility containing hazardous and/or flammable/combustible materials.*

0000-000-210090-600-000-00-00-601066	7/1/2022	Deposit	\$15,000.00

#### Division General Comments (Applicable to all Fees)

An Administrative Fee of 3.5% will be added to the Sewer and Water Connection fee amount.

The Drought Recovery Charges would be implemented only when it is necessary to safeguard against significant financial losses resulting from greater than projected reductions in water usage by City customers as a result of the current or future water shortage conditions. If implemented, the Drought Recovery Charges would be in addition to the water service charges.

The Drought Recovery Charges are an additional per unit (CCF) charge added to the rates and would be activated by a declared water shortage level pursuant to the City's Urban Water Management Plan.

#### Classification Description:

Single Family Residential Monthly Service Charge – Single Family, Condo

Multi-Family Residential Monthly Service Charge – Apartment, Duplex, Triplex

Non-Residential Monthly Service Charge – Commercial, Industrial, Institutional

Irrigation Monthly Service Charge – Commercial, Industrial, Institutional

## **Water Fees & Regulations**

FY 2022-23 Adopted Fee Schedule

### **B. APPLICATION FOR SERVICE**

**APPLICATION AND DEPOSIT** Each person applying for City Utility services, such as water, sewer, and or storm drain, must complete an application provided by the City or its authorized agent, and may be required to submit additional documentation to the City. A deposit, as established in the City's annual fee schedule, may be required of an applicant for service based on the creditworthiness of the applicant. For customers applying for City water service, service connection is provided on the next regular business day.

**CUSTOMER AGREES TO BE BOUND** Every customer shall be deemed to have expressed consent to be bound to the terms and provisions of the regulations then in effect and as may be amended at a later date. Whenever any regulation is violated, the City reserves the right to terminate the water service without notice. The customer whose water is thus terminated shall forfeit all payments made and the water shall not be restored until all unpaid delinquent charges billed on the unified bill and any fees, charges and/or deposits associated with the violation and service termination are paid in full and all other requirements of these regulations are met.

**UNPAID BILL** Water service shall not be granted to an applicant or customer if that person has unpaid delinquent bills (or charges) for City utility services.

**FAILURE TO APPLY OR TO COMPLETE APPLICATION PROCESS** Water service shall not be granted to any person who fails to apply for service or who does not complete the application process. The City reserves the right to terminate the water service without notice when it is determined that an application for service has not been approved for the customer(s) at that service address.

**FRAUD - REFUSAL OF SERVICE** The City shall have the right to refuse water service to any person(s) or premises at any time or to discontinue service without notice if found necessary to do so in order to protect itself against fraud or abuse.

**SERVICE TERMINATION FOR NON-PAYMENT, DAMAGE TO CITY PROPERTY OR UNAUTHORIZED WATER SERVICE** If water service is terminated because of unpaid delinquent charges billed on a unified bill, dishonored payments, acquisition (or provision) of unauthorized water service or damage to City property, water service shall not be restored to the service address or to the customer(s) at another address until all unpaid delinquent charges billed on the unified bill and any fees, charges and/or deposits associated with the violation and service termination are paid in full and all other requirements of these regulations are met. Water restoral will be made on the next business day following receipt of payment in full and confirmation that all other requirements have been met.

**FIELD CHARGE** A fee, as established in the annual fee schedule, shall be charged when City personnel are dispatched to terminate water service because of non-payment of delinquent utility charges billed on a unified bill or when City personnel are dispatched to the service location due to dishonored payments, acquisition (or provision) of unauthorized water service or damage to City equipment or property. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service. In addition to the field charge, the City may require a customer to pay a deposit, as established in the annual fee schedule, before service is restored.

## **Water Fees & Regulations**

FY 2022-23 Adopted Fee Schedule

### **C. METER READING, BILLING AND COLLECTION**

**COMBINING OF METER READINGS** Each meter on a customer's premise will be considered and billed separately. The readings of two or more meters will not be combined.

**METER READING FREQUENCY** Meters will normally be read at monthly intervals for the preparation of regular bills, and as may be required for the preparation of opening bills, closing bills and special bills.

**NON-REGISTERING AND UNREADABLE METERS** Bills for service will be based on an estimate if a meter fails to register the volume of water consumed or cannot be read. In estimating consumption due consideration will be given to fluctuations in usage caused by seasonal changes or known service interruptions.

**FAILURE TO RECEIVE BILL** It shall be the water service customer's responsibility to provide the City or its authorized agent the correct address to which bills are to be mailed. Failure to receive a bill shall not relieve the water service customer of responsibility for on-time payment.

**DEPOSIT ON ACTIVE ACCOUNTS** A deposit as established in the annual fee schedule may be required if all charges billed on a unified bill are not paid by the due date. This deposit will be added to the water service customer's account. Failure to pay the deposit shall be considered the same as failure to pay for water or water service.

**DAMAGE TO CITY PROPERTY** A fee, as established in the annual fee schedule, shall be charged to the water service customer's account for each lock or device attached to the City's water meter that is removed or broken by anyone other than authorized City personnel. Other damages to the City water meter or associated equipment will result in additional charges being levied to recover the full cost of repairs with a minimum charge for damages as established in the annual fee schedule. These fees are in addition to field charges and deposits and will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

**METER REMOVAL** A fee, as established in the annual fee schedule, shall be charged if a water meter is removed because of: (1) non-payment of delinquent utility charges billed on a unified bill, (2) damage to or tampering with the City water meter or associated equipment, or (3) acquisition or provision of unauthorized water service. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

**EXTENSION OF ACCOUNT CLOSING DATE/SAME-DAY SERVICE FEE** A fee, as established in the annual fee schedule, shall be charged if a customer does not cancel their request to close an account (terminate service) at least one business day prior to the scheduled account closing date or if the customer does not meet all requirements for approval of their application for service at least one business day before water service is requested. Same day service fee shall be charged when service is provided sooner than the next business day after approval of customer's application. This fee will be added to the water service customer's account. Failure to pay this fee shall be considered the same as failure to pay for water or water service.

Refer to Resolution No. 02-0331 Sections E, F, G, H, and I for guidelines to water rates and regulations.  
Fees adjusted annually in accordance with Resolution No. 2016-06-28-1601
