CMRB Goals

The Board has been established to pursue **five (5) goals**:

1. Become proactive partners in community problem solving;
2. Strengthen relationships of respect, cooperation, and trust within and between police and communities;
3. Impact education, oversight, monitoring, hiring practices, and mutual accountability of Stockton Police Department and the community;
4. Ensure fair, equitable, and courteous treatment for all; and
5. Create methods to establish the public's understanding of police policies and procedures, and recognition of exceptional services in an effort to foster support for the police.

CMRB Purpose

The purpose of the CMRB is to support the City's efforts to meet the five goals and support the City in its ongoing effort to collaboratively:

- promote comprehensive public safety strategies;
- build, enhance, and expand relationships with our diverse local communities; and
- influence the acquisition and distribution of resources in support of this effort.

The CMRB will deliver information, analysis, advice, and recommendations to the City Manager in order to guide the ongoing, continuous improvement of community-police relations.

CMRB Tenets

- The constant quest for mutual accountability
- The relentless pursuit of follow-up
- Commitment to data-driven problem solving and place-based strategies
- Mutual respect and empathy for one another
- Commitment and dedication to the pursuit of the greater good
- Social resiliency and sustainability

Examples of MCRT Making a Difference

Case Study 1

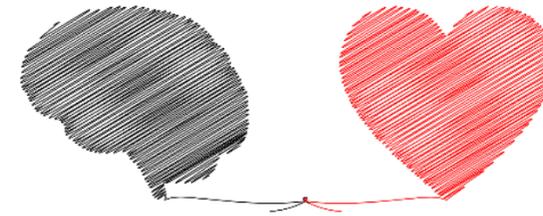

- Patient's family called due to them being in distress, had MCRT card from a police officer who was out on a previous call and referred the family for situations like this.
- Patient had history of a suicide attempt, car crash, and at time of call, was high on Fentanyl
- MCRT staff met with patient and family at hospital and remained in frequent contact for four days straight
- Despite challenges with getting started, patient completed two week stay at CMC Respite
- Patient was discharged scared, but determined, with plans for support and recovery through CMC programs

Examples of MCRT Making a Difference

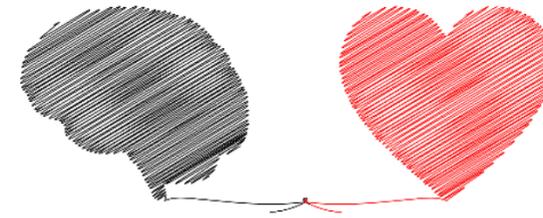

Case Study 2

- **Police Officer felt that she was experiencing more emotional trauma and ref. community member to MCRT.**
- **MCRT responded to Dameron hospital and was linked to a Behavioral Health appointment.**
- **Community member was followed up with as a part of the 30-day case management services and was connected to a housing case manager at CMC where she was approved for low-income housing and being re-located into a new apartment.**

Examples of MCRT Making a Difference

Case Study 3

- **High school student home alone messaging other students about feeling suicidal**
- **Police department visited home, confirmed safety of youth but felt with parents working in the Bay Area and circumstances in which the welfare check was prompted that calling MCRT was a better and faster option.**
- **MCRT responded to home and spoke with youth (on the front porch) & later connected with parents as they arrived home. Subsequently a Behavioral Health Appt was made available, and the youth got a therapy appt and returned to school safely.**

Thank you!

The background features the official seal of the Stockton Police Department. The seal is circular with a gold border. The outer ring contains the text "STOCKTON POLICE DEPARTMENT" at the top and "CALIFORNIA" at the bottom, separated by two stars. The inner circle depicts a central figure, possibly a personification of justice or a historical figure, with the year "1850" below it. The seal is semi-transparent and centered behind the main text.

INCREASING POLICE AND COMMUNITY PARTNERSHIPS

THROUGH ENGAGEMENT

Negative images of police have been projected nationwide. In an ongoing effort to encourage partnership with our community, Stockton Police engage in several outreach opportunities citywide. One such way is to reach out to the families we contact directly and offer services.

Partnership Opportunity

An opportunity to reach families most in need.

Expanded Safety Opportunity

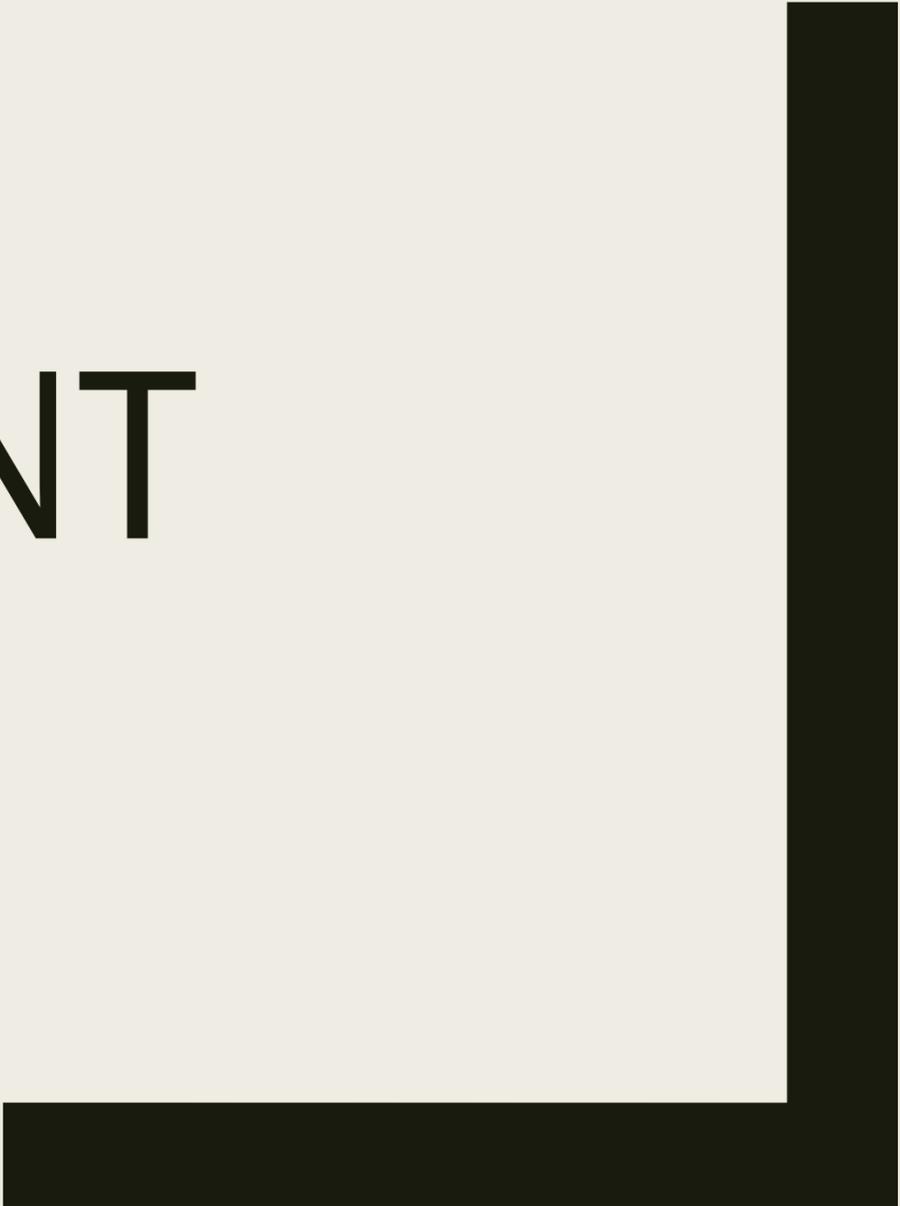

Building relationships with families in our community whom we come in contact with every day.

Ongoing Relationships

An opportunity to establish a long-term partnership with community non-profit organizations and help our citizens. .

Your Way Registry

Stockton Police Department

What is it?

- The Registry is a voluntary program offered to individuals with mental or neurological disabilities who reside, attend school, or are employed in the city of Stockton. Participants may also include the elderly, handicapped, or persons who are homebound.
- Our dispatch center will be able to provide responding officers with the necessary information needed to successfully interact and communicate with your loved one. When first responders know of a person's disability or need before they arrive on scene, they can begin formulating the appropriate response before they reach the home/school/business.
- The information you provide stays confidential.

We see you

- All participants registering for the program will be issued window decals to be placed prominently on the front entrance of their residence as well as on their personal vehicle.
- The presence of the YWR decal should signify that someone in the residence/vehicle has some degree of disability or need and first responders should respond accordingly.
