The Storm Drainage Maintenance District Manager shall be responsible for establishing the annual budget; keeping an account of the maintenance and operational administrative costs; administering and performing the storm drainage maintenance, whether directly or by subcontract; paying all fees, utility costs, taxes and any and all other operating costs. The Storm Drainage Maintenance District Manager for each Zone, and/or the Municipal Utilities Department of the City of Stockton, shall provide annually the operating budget, the administrative budget, and the description of maintained improvements to be included in the Annual Engineer's Report.

ANNUAL COST DETERMINATION

As shown on Table 1 contained herein, the annual cost estimates for each Zone relate to the 2023-2024 fiscal year, which is the same as the fiscal year for the City of Stockton and which is from July 1 through June 30. The maintenance fund required will be obtained as assessments collected with the 2023-2024 tax year property taxes. The estimated surplus from the previous fiscal year is to be used for the cost of operations prior to the receipt of current fiscal year revenues. Similarly, any surplus from the current fiscal year operations will be used for the cost of operations prior to the receipt of revenues from the next fiscal year's assessments.

COST ESTIMATES BY ZONE DESIGNATION

The estimated costs are for storm water pollution prevention facility maintenance only as identified for each Zone. All initial storm drainage improvements are being, or will be, installed by the Developer of the related subdivision as part of each phase of the development at no cost to any of the Zone. The estimated annual maintenance costs or other authorized costs for each Zone have been furnished by the Storm Drainage Maintenance District Manager and/or the Municipal Utilities Department of the City of Stockton. The estimated total costs to be spread for each fiscal year for each Zone include the estimated operational maintenance costs, the City and County administrative costs, and the costs to process the annual budget and levy assessments. The cost estimates for each of Zones 1, 2-A, 2-B, 3, 4, 5-A, 5-B, 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15 have been kept separate for the 2023-2024 Fiscal Year.

ASSESSMENT ROLL 2023-2024 FISCAL YEAR

In compliance with the Municipal Improvement Act of 1913 and Stockton Improvement Procedure Code, Part V, as amended, the copies of the County Assessor's Maps and County Assessor's Parcel Numbers are referenced and used in this Annual Engineer's Report for the 2023-2024 Fiscal Year for the Stockton Consolidated Storm Drainage Maintenance Assessment District No. 2005-1 as the Diagram of Assessment Parcels and are incorporated herein by reference as part of the Annual Engineer's Report. Each parcel of land set forth in the Assessment Roll for each of Zones 1, 2-A, 2-B, 3, 4, 5-A, 5-B, 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15 are identified by the County Assessor's Parcel Number (APN) and the total assessment levied.

AMENDED ASSESSMENT DIAGRAM

Where there are new Zones added to the Stockton Consolidated Storm Drainage Maintenance District No. 2005-1 or where there are revisions to an existing Zone, new separate sheets identified by the latest Amendment Number are included in this Annual Engineer's Report which amends the Assessment Diagram. For the 2023-2024 Fiscal Year, the Amended Assessment Diagrams are as follows:

ZONE	AMENDMENT NO.	ZONE	AMENDMENT NO.
1	4	9	2
2	7	10	3
3	2	11	7
4	2	12	4
5	4	13	4
6	3	14	Original
7	2	15	Original
8	2		

Each of the separate sheets is an overall map with reference to parcels identified by County Assessor's Parcel Number (APN) and a tabulated index of the amended Assessor's Maps which make up the Assessment Diagram for the indicated Zone. The index for each of the Zones also shows whether the current referenced Assessor's Maps, which are to be considered part of the Assessment Diagram, are contained in the Assessment Diagram of the original Engineer's

Report when the district was formed or are contained in a subsequent Revision of the Assessment Diagram, or whether they are contained in this Annual Engineer's Report for the 2023-2024 Fiscal Year. All County Assessor's Maps referenced in an index are incorporated in, and made a part of, the Assessment Diagram by reference.

ALLOCATION OF COSTS

In general, the annual assessments for each Zone are apportioned in accordance with the method and procedure set forth in the Engineer's Report for the formation of each assessment district, now identified as a Zone, previously approved by the City Council of the City of Stockton. Any modifications to the method of apportionment in any Zone are outlined in the discussions which follow.

In compliance with the provisions of Proposition 218, adding Article XIII D to the California Constitution, the benefits conferred on each parcel within the Stockton Consolidated Storm Drainage Maintenance Assessment District No. 2005-1 are particular and distinct benefits (hereinafter "special benefits") which are over and above general benefits to such property or to the public at large. Certain amenities such as providing storm drainage treatment for discharge to the waterways were required for the development of the properties within each Zone. These amenities are unique within each Zone and, therefore are determined to be 100% special benefits to the parcels within each Zone and 0% general benefits. The cost to maintain the special benefits within each Zone are assessed solely against the parcels within the Zone. Also, in keeping with the requirements of Proposition 218, no annual individual assessments shall be increased above the amounts assessed under the established criteria for each Zone for the preceding fiscal year without an election approval, with the exception of those Zones described below.

As approved in the Engineer's Report for Zones 1, 2-A, 2-B, 3, 4, 5-A, 5-B, 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15, an approved cost of living adjustment factor for the 2023-2024 Fiscal Year has been applied. The maximum assessment amount for each fiscal year shall be increased in an amount equal to the greater of: 1) three percent (3%); or 2) the percentage increase of the Consumer Price Index (CPI) for San Francisco–Oakland–San Jose County Area for All Urban Consumers, as developed by the U.S. Bureau of Labor Statistics, for a similar period. For each Fiscal Year, the maximum assessment will be determined for Zones 1, 2-A, 2-B, 3, 4, 5-A, 5-B,

6, 7, 8, 9, 10, 11, 12, 13, 14, and 15 using the applicable escalator. If it is determined appropriate, an amount that is less than the maximum assessment may be levied as the actual annual assessment. For Fiscal Year 2023-2024, the CPI increase of 4.90% was utilized as the applicable escalator.

For the 2023-2024 Fiscal Year, the Dwelling Unit Equivalent Factor (dueF) in any of Zones 1, 2-A, 2-B, 3, 4, 5-A, 5-B, 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15 in the Stockton Consolidated Storm Drainage Maintenance Assessment District No. 2005-1 does not exceed the dueF for the preceding fiscal year. In some Zones, the total assessments may be higher than the preceding fiscal year due to the creation of additional subdivision parcels when the pre-established assessment criteria for the Zones are applied to the additional subdivision parcels.

Also according to the original Engineer's Report, the majority of the area of A.P.N. 122-020-38 is located within Zone 2-A.
