1-2-1. Generally.

Tooele County hereby establishes a Council-Manager form of government as provided by Utah Code Annotated § 17-52a-204. This form of government retains, without change, all existing incorporated municipalities, special taxing districts, public authorities, county service areas, school districts, and other local public entities. This form of government vests the legislative powers of Tooele County in the Tooele County Council and the executive powers of Tooele County in the Tooele County Manager.

1-2-2. General Powers.

(1) Powers. Tooele County is continued as a body corporate and politic. It has all powers pursuant to the authority of the constitution and laws of the State of Utah, including common law, either now or hereafter expressly or impliedly granted to any county. These powers include, without limitation:

(a) Specific or general grants of power, including those conferred by Utah Code Title 17, Chapter 50, Part 3, that grant independent authority apart from or in addition to specific grants of authority to enact ordinances that are reasonably and appropriately related to the objectives of that power;

(b) Powers conferred by the laws of the State of Utah, including those permitting county governments to enact legislation on subjects already addressed in state laws provided that the state laws have not pre-empted county legislation on the subject or that the county legislation does not conflict with the existing state laws; and

(c) Powers conferred by Utah Code Title 17, Chapter 52a, detailing how counties may change their existing forms of county government by adopting an optional plan for county government.

(2) Interpretation of Powers. The powers of Tooele County shall be construed liberally in favor of the exercise of authority by the government of Tooele County. The specific enumeration of powers in this chapter shall not be construed to limit the scope of the powers conferred by the laws of the State of Utah or by this chapter, nor shall the specific enumeration of powers in this

chapter be construed to limit Tooele County's ability to amend its form of government as allowed. Any powers conferred by this chapter, in addition to those designated in the preceding section, are supplementary to, and not a limitation upon, any powers conferred by the laws of the State of Utah, including common law.

(3) Levels of Services and Functions. Tooele County, consistent with the laws of the State of Utah, may provide differing levels of services and functions to areas outside the limits of incorporated municipalities, or within incorporated municipalities, as allowed by the laws of the State of Utah. Nothing in this chapter shall be construed to prevent Tooele County from creating special service districts and service areas or from entering into agreements and contracts with any public or private entity as allowed by the laws of the State of Utah.

1-2-3. Purpose of this Chapter.

The purpose of this chapter is to provide a separation of executive and legislative powers. Where this chapter is silent on the distribution or locus of a particular power, it hereby authorizes the allocation of powers according to an executive-legislative distinction. The locus of residuary powers not expressly vested in the Manager or the Council shall be determined by function. Where helpful, state and federal separation of power models may be used to determine whether a particular power is executive or legislative. Where it is unclear as to whether powers, rights, duties or obligations pertain to the Council or the manager, except as provided in this chapter, all executive functions shall inure to the manager and all legislative functions shall inure to the Council.

1-2-4. Legislative Body.

(1) Composition of the Council. The legislative body of Tooele County shall be a Council composed of five members. A quorum of the Council consists of three members except in cases where this chapter specifies a greater number.

(2) Chair and Vice Chair. By a majority vote of the full membership at its first meeting each year, the Council shall elect one member to serve as chair and one member to serve as vice chair. During the absence of the chair, the vice chair shall assume the duties of the chair. The chair and vice chair shall have full right to debate and vote in the Council. The Council, upon the affirmative vote of three or more members, may remove the chair or vice chair at any time. Upon removal of the chair, or vacancy in the office of the chair, the vice chair shall serve as interim chair until the Council elects a new chair. Upon the election of a new chair, the interim chair shall return to the office of vice chair. Upon removal of the vice chair, or vacancy in the office of the vice chair, the remaining Council members shall, by majority vote, select a Council member as vice chair. The new chair or new vice chair shall serve for the unexpired portion of the former chair's or former vice chair's term.

(3) Setting the Council's Agenda. The chair, in consultation with the Manager, shall set the Council's agenda. Two or more Council members may cause an item to be placed on the agenda by filing a written request that includes a statement of the reasons therefor, sufficiently in advance of the meeting so that compliance with the public notice requirements of the Open and Public Meetings Act can be achieved.

1-2-5. Election of Council Members.

(1) Elections. Each Council member shall be elected by the voters of the Council district in which the Council member resides. Council members shall meet the qualifications of office of county elected officials as established by state law and shall remain residents of their Council district throughout their term of office. There shall be five individual seats known as Council seats 1, 2, 3, 4 and 5. For the initial election of Council members, the initial terms of office for Council seats 1, 3 and 4 shall be four years; and the initial terms of office for Council seats 2 and 5 shall be two years. After the initial term of office, the regular term of office of each seat shall be four years. Each term begins at noon on the first Monday of January following the election.

(2) Vacancies. Council members may be removed from office pursuant to any process provided in state law. The office of Council member shall be deemed vacant if the Council member is removed, dies, resigns, or fails to maintain residency in his/her Council district. Any Council member wishing to resign from the Council must submit to the Council a written resignation that includes a statement of the reasons therefor and the date and time upon which the resignation becomes effective. Upon a vacancy of a Council member's office, the office shall be filled by following the procedures set forth in state law.

1-2-6. Compensation of Council Members.

(1) Base Salary. The initial base salary for Council members shall be not less than \$20,000 per year. The base salary may be changed pursuant to state law. Council members shall serve part-time. Except as provided in (5), Council members shall receive the same cost of living and merit salary adjustments as granted to regular and exempt employees of Tooele County, subject to the notice and hearing requirements of state law. A Council member's salary may not be diminished during his or her term of office.

(2) Reimbursement for Expenses. Council members shall be entitled to receive reimbursement for expenses as allowed by law.

(3) Insurance Coverage. Council members may enroll themselves and their immediate family members in insurance programs offered to full-time County employees at the same levels of contribution as full-time County employees.

(4) Retirement Benefits. Council members who are qualified to participate in the URS Tier I retirement system may waive participation. In the absence of such a waiver, the County shall contribute to the Council member's URS account as required by law.

(5) Council members may waive cost of living and salary adjustments for the following calendar year by submitting a written waiver to the auditor no later than December 31. Any such waiver is irrevocable.

(6) Each Council member shall, no later than January 31 of each calendar year, file a written report with the County Auditor disclosing all remuneration received during the previous calendar year arising from or related to the Council member's service on the Council, and the source of all such remuneration.

1-2-7. Council Meetings.

(1) Regular Meetings. The Council shall meet in regular session at stated times to be provided by ordinance. Regularly scheduled Council meetings may be canceled by a majority vote of the Council.

(2) Special Meetings. Special meetings may only be held when called by the chair or when called by three or more Council members.

(3) Electronic Meetings. The Council may hold electronic meetings.

(a) A request for an electronic meeting must be made by a Council member at least three days prior to the meeting.

(b) The Council shall give public notice of the meeting pursuant to the Utah Open and Public Meetings Act, post written notice of the meeting at the anchor location, provide notice of the electronic meeting to Council members at least 24 hours before the meeting, and inform Council members and the public how to connect to the electronic meeting.

(c) A quorum of the Council must be physically present at a single anchor location for the meeting and vote to authorize the electronic meeting. Unless otherwise specified, the anchor location shall be the Council's chambers in the Tooele County Administration Building, 47 South Main Street, Tooele, Utah.

(d) Interested persons and the public may attend, monitor, and participate in the open portions of the meeting. In-person attendance and in-person participation may be limited or prohibited if electronic attendance and participation is provided for.

(e) Notwithstanding sections (3)(b), (3)(c) and (3)(d), the Council may convene and conduct an electronic meeting without an anchor location if the chair makes a written determination that conducting the meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location, states in the written determination the facts upon which the determination is based, includes the written determination in the public notice for the meeting, reads the written determination at the beginning of the meeting, and includes in the public notice information on how the public may view or make comments at the meeting.

(4) Open Meetings. Proceedings and meetings of the Council shall be conducted in accordance with the Utah Open and Public Meetings Act and other applicable laws and ordinances.

(5) Voting. Voting shall be by roll call, and the ayes and nays shall be recorded in the Council minutes as a matter of public record. A Council member may abstain from any vote if he or she declares a conflict of interest. Council members abstaining from a vote shall be considered present for the purposes of a quorum.

(6) Vote Required for Valid Action. Except for matters on which a greater or lesser vote is expressly provided by law or by this chapter, no Council action shall be valid and binding unless approved by the affirmative vote of a majority of a present quorum.

1-2-8. Powers and Duties of the Council.

(1) Powers. The Council is the legislative body of Tooele County, and is vested with all legislative powers of Tooele County. 2-1-3. Effective date.

Tooele County's Uniform Local Sales and Use Tax Ordinance became effective on January 1, 1990. The provisions of this chapter which are not in conflict with the former ordinance shall be deemed to be a continuation thereof and any rights, duties and obligations arising thereunder shall not in any way be deemed abrogated or terminated.

2-1-4. Sales tax.

(1) (a) From and after the effective date of this chapter, there is levied and there shall be collected and paid a tax on every retail sale of tangible personal property, services and meals made within the unincorporated areas of Tooele County at the rate of one percent of the purchase price paid or charged on said retail sales.

(b) For the purpose of this chapter, all retail sales shall be presumed to have been consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. If a retailer has no permanent place of business in the state, or has more than one place of business, the place or places at which the retail sales are consummated shall be as determined under the rules and regulations

(b) Wherever, and to the extent that in Sections 59-12-101, Utah Code Annotated 1953, the State of Utah is named or referred to as the taxing agency, the name of this County shall be substituted therefor. Nothing in this subparagraph (b) shall be deemed to require substitution of the name of the County for the word "State" when that word is used as part of the title of the State Tax Commission, or of the Constitution of Utah, nor shall the name of the County be substituted for that of the State in any section when the result of that substitution would require action to be taken by or against the County or any agency thereof, rather than by or against the State Tax Commission in performing the functions incident to the administration or operation of this ordinance.

(c) If an annual license has been issued to a retailer under Section 59-12-106, Utah Code Annotated 1953, an additional license shall not be required by reason of this section.

2-1-5. Use tax.

(1) An excise tax is hereby imposed on the storage, use, or other consumption in this County of tangible personal property from any retailer on or after the operative date of this ordinance for storage, use or other consumption in the County at the rate of one percent of the sales price of the property, the storage, use or consumption of which is subject to the tax.

(2) (a) Except as hereinafter provided, and except insofar as they are inconsistent with the provisions of the Uniform Local Sales and Use Tax law of Utah, all of the provisions of Sections 59-12-101 through 59-12-118, Utah Code Annotated 1953, as amended, except for the amount of the tax levied therein, are hereby adopted and made a part of this Section as though fully set forth herein.

(b) Wherever and to the extent that in Sections 59-12-101 through 59-12-118, Utah Code Annotated 1953, as amended, the State of Utah is named or referred to as the taxing agency,

the name of Tooele County shall be substituted therefor. Nothing in this subparagraph (b) shall be deemed to require the substitution of the name of this County for the word "State" when that word is used as part of the title of the State Tax Commission, or of the Constitution of Utah, nor shall the name of the County be substituted for that of the State in any section when the results of that substitution would require action to be taken by or against the County or any agency thereof, rather than by or against the State Tax Commission in performing the functions incident to the administration or operation of this ordinance.

(c) There shall be exempt from the tax due under this section:

(i) the amount of any sales or use tax imposed by the State of Utah upon a retailer or consumer; and

(ii) the storage, use or other consumption of tangible personal property, the gross receipts from the sales of or the cost of which has been subject to sales or use tax under a sales or use tax ordinance enacted in accordance with the Uniform Local Sales and Use Tax Law of Utah by any other municipality and any county of the State.

Any person violating any of the provisions of this chapter shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punishable by a fine in an amount less than \$1,000 or imprisonment for a period of not more than six months in the Tooele County Jail or by both such fine and imprisonment.

(a) the development of tourism, recreation, cultural, and convention facilities throughout the County is necessary to ensure continued growth in the tourism, recreation, and convention industry in the County;

The tax imposed under this chapter shall be levied at the same time and collected in the same manner as provided for in Title 59, Chapter 12, Section 201 et seq., Utah Code Annotated 1953, as amended, except that the revenue derived from the tax is not subject to the collection and distribution procedures established pursuant to the provisions of Subsection 59-12-205(2), Utah Code Annotated 1953, as amended. Nothing in this subsection shall be deemed to require substitution of the County's name for "State" when that word is used as part of the title of the State Tax Commission or of the Constitution of the State of Utah, neither shall the name of the County be substituted for that of the state in any section when the result of that substitution would require action to be taken by or against the County or any agency thereof, rather than by or against the State Tax Commission in performing the functions incident to the administration or operation of the ordinance.

Chapter 5: Property Tax Administration

Section

2-5-3. Method of sale.

2-5-4. Real property tax sale rules.

2-5-1. Purpose.

The purpose of this chapter is to establish procedures governing the County's assessment and collection of property taxes.

2-5-2. Waiver or reduction of penalties.

A person who is required to pay a penalty pursuant to Utah Code Section 59-2-307 may petition the Council for a waiver or reduction of such penalty. The Council may, for good cause shown, waive or reduce the penalty.

2-5-3. Method of sale.

The method of sale that best protects the financial interest of the delinquent property owner and meets the needs of the County to collect delinquent property taxes and tax notice charges due is to accept the highest bid amount for the entire parcel of property. However, a bid will not be accepted for an amount which is insufficient to pay the taxes, penalties, interest and administrative costs.

2-5-4. Real property tax sale rules.

(1) Each parcel being offered for sale may be redeemed in the name of the owner of record until the time the tax sale is commenced.

(2) Elected officials and County employees involved in the administration of the sale, and their staffs, may not bid at the sale.

(3) At the beginning of the sale, the Auditor may disclose those parcels withdrawn from the sale and the reasons for the withdrawals.

(4) The Auditor will state the amount of taxes, penalties, interest and administrative costs due for each parcel being offered for sale, which is the amount at which bidding will begin and which is the lowest acceptable bid.

(5) (a) For in-person sales, each bidder shall register prior to bidding and be given a bidder identification number. The bidder shall write legibly and provide correct information on the registration form. The successful bidder's name and address, as stated on the registration form, will be the name and address placed on the tax deed.

(b) For online sales, each bidder shall register online prior to bidding and shall provide correct information on the registration form. The successful bidder's name and address, as stated on the registration form, will be the name and address placed on the tax deed.

(6) Upon receipt of an acceptable bid, higher bids in increments of \$25 will be solicited. The highest bid received, when no higher bids are tendered, shall be accepted if it is otherwise acceptable under these rules.

(7) The bidder first recognized by the Auditor will be the first bid recorded. The bid recognized is the one in effect at the time.

(8) The final bid recognized by the Auditor is the successful bid.

(9) Collusive bidding is prohibited.

(10) Once the Auditor has closed the sale of a particular parcel, the successful bidder may not unilaterally rescind the bid. The Council, after acceptance of the successful bid, may enforce the terms of the bid by obtaining a legal judgment against the successful bidder in the amount of the bid, plus interest and attorney's fees.

(11) (a) For in-person sales, only cash or certified funds will be accepted as payment. Payment shall be made to the treasurer on or before 5:00 p.m. the day of the sale.

(b) For online sales, payment shall be submitted as specified in the registration materials.

(12) Only one tax deed will be issued to the successful bidder for each parcel sold.

(13) All bids shall be considered conditional until reviewed and accepted by the Council. The Council may decide that none of the bids are acceptable. If the Council rejects a bid, the amount paid by the successful bidder will be refunded in full.

(14) Any person wishing to contest any action taken in connection with the tax sale must present such protest to the Council in writing within ten days of the sale and file a copy of the protest with the Auditor. The Council will decide the protest prior to authorizing a tax deed for the affected parcel.

(15) All property sold at the tax sale is sold "as is." The County makes no warranty whatsoever respecting the quality of the title or the condition of the property or improvements. The County will convey title by tax deed. No title insurance will be provided.

(16) The County is not responsible for verbal statements or representations made by County personnel regarding the sale, nor any assumptions or conclusions reached by a prospective bidder as a result of such verbal communications.

(17) The Auditor will record the tax deed in the office of the recorder following acceptance of the successful bid by the Council.

(18) Any property not sold at the tax sale shall be stricken to the County.

(19) The Auditor may prescribe other procedures as deemed necessary.

It is the intent of this Ordinance that the Agency shall have the broadest authorization and permission for receipt of and use of tax increment as is authorized by law, whether by existing or amended provisions of law. This Ordinance also incorporates the specific provisions of tax increment financing permitted by Sections 17C-1-401 and 404 of the Act, which provide, in part, as follows:

(2) Subject to modifications of the Act by amendments or by any successor act or law, the Project Area Plan incorporates the provisions of Section 17C-1-408(2)(a) of the Act, which states:

“(a) The amount of the base taxable value to be used in determining tax increment shall be:

(B) the amount of the decrease is more than 20% of the county’s certified tax rate of the previous year; and

(C) the decrease would result in a reduction of the amount of tax increment to be paid to the agency.

(b) Notwithstanding an increase or decrease under Subsection (a), the amount of tax increment paid to an agency each year for payment of bonds or other indebtedness may not be less than would have been paid to the agency each year if there had been no increase or decrease under Subsection (a).”

(3) The Project Area Plan specifically incorporates the provisions of Section 17C-1-407(2)(a) of the Act as follows:

“(2) (a) An agency may not be paid any portion of a taxing entity’s taxes resulting from an increase in the taxing entity’s rate that occurs after the taxing entity committee approves the Project Area Budget unless, at the time the taxing entity committee approves the Project Area Budget, the taxing entity committee approves payment of those increased taxes to the agency.”

(4) As shown in the Project Area Budget, the Agency has elected to receive 100% of the tax increment monies from the Project Area for a period not to exceed 13 years, up to a maximum of \$28,322,726.

(5) The Redevelopment Agency has received a waiver from both the Olene Walker Housing Loan Fund Board and the Taxing Entity Committee regarding the Act’s requirement to allocate 20% of tax increment for certain housing purposes. (b) Appeals to the administrative hearing officer shall be made in writing and shall be filed with the Community Development Department within 10 business days of the decision administering or interpreting the land use ordinance.

(2) The person or entity making the appeal has the burden of proving that an error has been made.

(3) Only decisions applying the land use ordinance may be appealed to the administrative hearing officer. A person may not appeal, and the administrative hearing officer may not consider, land use ordinance amendments.

(v) the spirit of the land use ordinance is observed, and substantial justice is done.

(b) In determining whether enforcement of the land use ordinance would cause unreasonable hardship under Subsection (2)(a)(i), the administrative hearing officer may not find an unreasonable hardship unless the alleged hardship:

(i) is located on or associated with the property for which the variance is sought;

(ii) comes from circumstances peculiar to the property and not from conditions that are general to the neighborhood; and

(iii) is neither self-imposed nor economic.

(c) In determining whether there are special circumstances attached to the property under Subsection (2)(a)(ii), the administrative hearing officer may find that special circumstances exist only if the special circumstances:

If the proceeding was recorded, a transcript of that recording is a true and correct transcript for purposes of this subsection.

(5) If there is a record, the district court's review is limited to the record provided by the administrative hearing officer. The court may not accept or consider any evidence outside the administrative hearing officer's record unless that evidence was offered to the administrative hearing officer and the court determines that it was improperly excluded by the administrative hearing officer.

(6) If there is no record, the court may call witnesses and take evidence.

(7) The court shall affirm the decision of the administrative hearing officer if the decision is supported by substantial evidence in the record.

(8) The filing of a petition does not stay the decision of the administrative hearing officer. Before filing the petition, the aggrieved party may petition the administrative hearing officer to stay his or her decision. Upon receipt of a petition to stay, the administrative hearing officer may order his or her decision stayed pending district court review if the administrative hearing officer finds it to be in the best interest of the County. 5-1-2. Purpose.

The County commission finds that the enforcement of the Tooele County Code, the Uniform Zoning Ordinance of Tooele County, and applicable state statutes throughout the County is an important public service. Code enforcement is vital to the protection of the public’s health, safety, and quality of life. The County Council recognizes that enforcement starts with the drafting of precise regulations that can be effectively applied in administrative code enforcement hearings and judicial proceedings. The County Council further finds that a comprehensive code enforcement system that uses a combination of judicial and administrative remedies is critical to gain compliance with these regulations. (4) If the enforcement official is unable to locate the responsible person for the violation, then the administrative citation shall be served upon the responsible person.

(5) If no one can be located at the property, the administrative citation shall be posted in a conspicuous place on or near the property and a copy subsequently served upon the responsible person.

(6) The failure of any person with an interest in the property to receive notice shall not affect the validity of any proceedings taken under this title.

5-4-3. Contents of administrative citation.

Administrative citation shall:

- (1) provide the date and location of the violations and the approximate time the violations were observed;
- (2) refer to the codes violated and the titles of those sections;
- (3) state the amount of penalty imposed for the violations;

- (6) contain the signature of the enforcement official and the signature of the responsible person, if he or she can be located.

5-4-4. Civil penalties assessed.

(1) Civil penalties shall be assessed immediately for each violation listed on the administrative citation. The penalties shall be those established by resolution of the County Council.

(2) Payment of the penalty shall not excuse the failure to correct the violations, nor shall it bar further enforcement action by the enforcement official.

Chapter 5: Administrative Code Enforcement Hearings

Section

5-5-1. Declaration of purpose.

5-5-2. Authority and scope of hearings.

5-5-3. Request for administrative code enforcement hearing.

5-5-4. Default hearings and orders.

5-5-5. Notification of administrative code enforcement hearing.

5-5-6. Disqualification of code enforcement hearing officer.

5-5-7. Powers of the administrative code enforcement hearing officer.

5-5-8. Procedures at administrative code enforcement hearing.

5-5-9. Failure to attend administrative code enforcement hearing.

5-5-10. Administrative code enforcement order.

5-5-11. Failure to comply with order.

5-5-1. Declaration of purpose.

The County Council finds that there is a need to establish uniform procedures for administrative code enforcement hearings conducted pursuant to the Tooele County Code. It is the purpose and intent of the County Council to afford due process of law to any person who is directly affected by an administrative action. Due process of law includes notice, an opportunity to participate in the administrative hearing, and an explanation of the reasons justifying the administrative action. These procedures are also intended to establish a forum to efficiently, expeditiously, and fairly resolve issues raised in any administrative code enforcement action.

5-5-2. Authority and scope of hearings.

Enforcement of Tooele County Code, zoning ordinance violations, and applicable state statutes may be presided over by an administrative code enforcement hearing officer. The hearing officer shall develop policies and procedures to regulate the hearing process for any violation of the Tooele County Code, zoning ordinance, and applicable state statutes that are handled pursuant to the administrative abatement procedures, the emergency abatement procedures, the demolition procedures, or the administrative citation procedures.

5-5-3. Request for administrative code enforcement hearing.

(1) A person served with one of the following documents or notices has the right to request an administrative code enforcement hearing if the request is filed within ten calendar days from the date of service of one of the following notices:

- (a) notice of violation;
- (b) notice of itemized bill for costs;
- (c) administrative citation; or
- (d) notice of emergency abatement.

(2) The request for hearing shall be made in writing and filed with the Community Development Department, office of the hearing officer. The request shall contain the case number, the address of the violation, and the signature of the responsible party.

(3) As soon as practicable after receiving the written notice of the request for hearing, the hearing officer shall schedule a date, time, and place for the hearing.

(4) The failure of any person to file a request for an administrative code enforcement hearing when served with a notice of violation shall:

- (a) constitute a waiver of the right to an administrative hearing;
- (b) constitute a waiver of the right to challenge the action; and
- (c) shall not affect the validity of the recorded notice of violation.

5-5-4. Default hearings and orders.

(1) If the responsible person fails to request a hearing before the expiration of the ten day deadline, the case shall be set for a default hearing. The hearing officer shall schedule a default hearing. The responsible person shall be notified of the date, time, and place of the hearing by one of the methods listed in Section 5-2-1.

(2) A default hearing shall be scheduled for all cases that have outstanding or unpaid civil penalties, fines, fees or costs due to the County before collection if a hearing on that case has not already been held.

(3) At the default hearing, the responsible person shall have the opportunity to present evidence to show that good cause exists to do one or more of the following:

- (a) waive or reduce the fines which have accumulated;
- (b) postpone an abatement action by the County; or
- (c) excuse the responsible person's failure to request a hearing within the ten day period.

(4) (a) If the responsible person fails to establish good cause to take one or more of the actions set forth in Subsection (3), the hearing officer shall review the notice of violation and any other relevant information included in the case file. The hearing officer shall not accept any other evidence.

(b) If the evidence shows that the violations existed, the hearing officer shall enter an order requiring abatement of the violations and the payment of all fines and fees. Fines shall run until the enforcement officer issues a notice of compliance stating when the violations were actually abated.

5-5-5. Notification of administrative code enforcement hearing.

- (1) Written notice of the day, time, and place of the hearing shall be served to a responsible person as soon as practicable prior to the date of the hearing.
- (2) The format and contents of the hearing notice shall be in accordance with rules and policies promulgated by the hearing officer.

5-5-6. Disqualification of administrative code enforcement hearing officer.

The hearing officer is subject to disqualification for bias, prejudice, interest, or any other reason for which a judge may be disqualified in a court of law. Rules and procedures for disqualification and replacement shall be promulgated by the hearing officer.

5-5-7. Powers of the administrative code enforcement hearing officer.

- (1) The hearing officer has the authority to hold hearings, determine if violations of the Tooele County Code, zoning ordinance, or applicable state statutes exist, order compliance with such laws, and enforce compliance as provided in this title on any matter subject to the provisions of the title.
- (2) The hearing officer may continue a hearing based on good cause shown by one of the parties to the hearing. The hearing officer must enter on the record the good cause on which a continuance is granted.
- (3) The hearing officer, at the request of any party to the hearing, may sign subpoenas for witnesses, documents, and other evidence where the attendance of the witness for the admission of evidence is deemed necessary to decide the issues at the hearing. All costs related to the subpoena, including witness and mileage fees, shall be borne by the party requesting the subpoena. The hearing officer shall develop policies and procedures relating to the issuance of subpoenas in administrative code enforcement hearings, including the form of the subpoena and related costs.
- (4) The hearing officer has continuing jurisdiction over the subject matter of an administrative code enforcement hearing for the purposes of granting a continuance; ordering compliance by issuing an administrative code enforcement order using any remedies available under the law; ensuring compliance of that order, which includes the right to authorize County employees or contracted parties to enter and abate a violation; modifying an administrative code enforcement order; or, where extraordinary circumstances exist, granting a new hearing.
- (5) The hearing officer has the authority to require a responsible person to post a code enforcement performance bond to ensure compliance with an administrative code enforcement order.

5-5-8. Procedures at administrative code enforcement hearing.

- (1) Administrative code enforcement hearings are intended to be informal in nature. Formal rules of evidence and discovery do not apply; however, an informal exchange of discovery may

be required. The request must be in writing. Failure to request discovery shall not be a basis for a continuance. The complainant's information is protected and shall not be released unless the complainant is a witness at the hearing. The procedure and format of the administrative hearing shall follow the procedures promulgated by the hearing officer.

(2) The enforcement officer bears the burden of proof at an administrative code enforcement hearing to establish the existence of a violation of the Tooele County Code, zoning ordinance, or applicable state statutes.

(3) The standard of proof to be used by the hearing officer in deciding the issues at an administrative hearing is whether the preponderance of the evidence shows that the violations exist.

(4) Each party shall have the opportunity to cross-examine witnesses and present evidence in support of his or her case. A written declaration signed under penalty of perjury may be accepted in lieu of a personal appearance. Testimony may be given by telephone or other electronic means.

(5) All hearings are open to the public. They shall be recorded by audio tape. Hearings may be held at the location of the violation.

(6) The responsible person has a right to be represented by an attorney. If an attorney will be representing the responsible person at the hearing, notice of the attorney's name, address, and telephone number must be given to the County at least one day prior to the hearing. If notice is not given, the hearing may be continued at the County's request and all costs of the continuance assessed to the responsible person.

(7) No new hearing shall be granted unless the hearing officer determines that extraordinary circumstances exist which justify a new hearing.

5-5-9. Failure to attend administrative code enforcement hearing.

Any party whose property or actions are the subject of any administrative code enforcement hearing and who fails to appear at the hearing is deemed to waive the right to a hearing and will result in a default judgment for the County provided that proper notice of the hearing has been provided.

5-5-10. Administrative code enforcement order.

(1) The parties may enter into a stipulated agreement which must be signed by both parties. This agreement shall be entered as the administrative code enforcement order. Entry of this agreement shall constitute a waiver of the right to a hearing and the right to appeal.

(2) Once all evidence and testimony are completed, the hearing officer shall issue an administrative code enforcement order that affirms, modifies, or rejects the notice or citation. The hearing officer may increase or decrease the total amount of civil penalties and costs that are due pursuant to the County's Fee Schedule and the procedures in this title.

(3) The hearing officer may order the County to enter the property and abate all violations which may include removing animals kept in violation of the Tooele County Code, zoning ordinance, or applicable state statutes.

(4) The hearing officer may revoke a kennel permit, an animal license, or the right to possess animals.

(5) As part of the administrative code enforcement order, the hearing officer may condition the total or partial assessment of civil penalties on the responsible person's ability to complete compliance by specified deadlines.

(6) The hearing officer may schedule subsequent review hearings as may be necessary or as requested by a party to the hearing to ensure compliance with the administrative code enforcement order.

(7) The hearing officer may order the responsible person to post a performance bond to ensure compliance with the order.

(8) The administrative code enforcement order shall become final on the date of the signing of the order.

(9) The administrative code enforcement order shall be served on all parties.

5-5-11. Failure to comply with order.

(1) Upon the failure of the responsible person to comply with the terms and deadlines set forth in the administrative code enforcement order, the County may use all appropriate legal means to recover the civil penalties and administrative costs to obtain compliance.

(2) After the hearing officer issues an administrative code enforcement order, the hearing officer shall monitor the violations and determine compliance.

Chapter 6: Appeal of Administrative Code Enforcement Hearing Decision

Section

5-6-1. Appeal of administrative code enforcement hearing decision.

5-6-1. Appeal of administrative code enforcement hearing decision.

(1) Any person adversely affected by any decision made in the exercise of the provisions of this title may file a petition for review of the decision or order by the district court within 30 days after the decision is rendered.

(2) No person may challenge in district court a hearing officer's decision until that person has exhausted all administrative remedies.

(3) Within 120 days after submitting the petition, the party petitioning for appeal shall request a copy of the record of the proceedings, including transcripts of hearings when necessary. The office of the administrative hearing officer shall not submit copies of files or transcripts to the reviewing court until the party petitioning for appeal has paid all required costs. The petitioning party's failure to properly arrange for copies of the record or to pay the full costs for the record within 180 days after the petition for review was filed shall be grounds for dismissal of the petition.

(4) If a transcript of a hearing cannot be prepared because the tape recording is incomplete or unintelligible, the district court may, in its discretion, remand the matter to the hearing officer for a supplemental proceeding to complete the record. The district court may limit the scope of the supplemental proceeding to issues that, in the court's opinion, need to be clarified.

(5) The district court's review is limited to the record of the administrative decision that is being appealed. The court shall not accept nor consider any evidence that is not part of the record of that decision.

- (6) The court shall:
 - (a) presume that the hearing officer’s decision and orders are valid; and
 - (b) review the record to determine whether the decision was arbitrary, capricious, or illegal.

5-7-2. Procedures for recordation.

(1) Once the ordinance enforcement administrator has issued a notice of violation to a responsible person and the property remains in violation after the deadline established in the notice of violation and no request for an administrative hearing has been filed, the ordinance enforcement administrator shall record a notice of violation with the Recorder’s Office of Tooele County.

(2) If an administrative hearing is held and an order is issued, the ordinance enforcement administrator shall record the administrative code enforcement order with the Recorder’s office.

(3) The recordation shall include the name of the property owner, the parcel number, the legal description of the parcel, and a copy of the notice of violation or order.

(4) The recordation does not encumber the property but merely places future interested parties on notice of any continuing violation found upon the property.

5-7-3. Service of notice of recordation.

A notice of any recordation of an administrative code enforcement order shall be served on the responsible person and the property owner.

5-7-4. Notice of compliance – Procedures.

(1) When the violations have been corrected, the responsible person or property owner may request an inspection of the property from the ordinance enforcement administrator.

(2) Upon receipt of a request for inspection, the ordinance enforcement administrator shall reinspect the property as soon as practicable to determine whether the violations listed in the

notice of violation, or the order have been corrected and whether all necessary permits have been issued and final inspections have been performed.

(3) The ordinance enforcement administrator shall serve a notice of satisfaction to the responsible person or property owner if the ordinance enforcement administrator determines that:

- (a) all violations listed in the recorded notice of violation or order have been corrected;
- (b) all necessary processes, approvals, and permits have been issued and finalized;
- (c) all civil penalties assessed against the property have been paid or satisfied; and
- (d) the party requesting the notice of satisfaction has paid all administrative fees and costs.

(4) If the ordinance enforcement administrator denies a request to issue a notice of satisfaction, upon request the ordinance enforcement administrator shall serve the responsible person with a written explanation setting forth the reasons for the denial.

5-7-5. Prohibition against issuance of permits and licenses.

The County may withhold business licenses, permits for land uses, or permits for any alteration, repair, or construction pertaining to any existing or new structures or signs on the property, or any permits pertaining to the use and development of the real property or the structure. The County may withhold permits until a notice of satisfaction has been issued by the ordinance enforcement administrator. The County may not withhold permits that are necessary to obtain a notice of satisfaction or that are necessary to correct serious health and safety violations.

5-7-6. Cancellation of recorded notice of violation.

The ordinance enforcement administrator or responsible person shall record the notice of satisfaction with the County Recorder. Recordation of the notice of satisfaction shall have the effect of canceling the recorded notice of violation.

5-8-3. Determination of civil penalties.

5-8-4. Modification of civil penalties.

5-8-4. Modification of civil penalties.

(1) Upon completion of the notice of violation or administrative enforcement order, the hearing officer may modify the civil penalties on a finding of good cause.

(2) Civil penalties may be waived or modified by the hearing officer if there is a finding of good cause based on the responsible person's claim of nonconforming use or conditional use and:

(a) the County's need to verify the claim; or

(b) the responsible person's filing of an application for either use before expiration of the date to correct.

5-8-5. Failure to pay penalties.

The failure of any person to pay civil penalties assessed within the specified time may result in the ordinance enforcement administrator's pursuing any legal remedy to collect the civil penalties as provided in the law.

throughout the County in an effort to ensure compliance with the Tooele County Code, zoning ordinance, or applicable state statutes.

(2) The County Council further finds that the assessment of costs is an appropriate method to recover expenses incurred for actual costs of abating violations, reinspection fees, filing fees, attorney fees, hearing officer fees, title searches, and any additional actual costs incurred by the County for each individual case. The assessment and collection of costs shall not preclude the imposition of any administrative or judicial civil penalties or fines for violations of the Tooele County Code, zoning ordinance, or applicable state statutes.

5-9-2. Authority.

(1) Whenever actual costs are incurred by the County on a property to obtain compliance with provisions of the Tooele County Code, zoning ordinance, and applicable state statutes, the ordinance enforcement administrator may assess costs against the responsible person.

(2) Once a notice of violation has been issued, the property will be inspected one time. Any additional inspections shall be subject to reinspection fees pursuant to the County Fee Schedule.

5-9-3. Notification of assessment of reinspection fees.

(1) Notification of reinspection fees shall be provided on the notice of violation served to the responsible person.

5-9-4. Failure to timely pay costs.

The failure of any person to pay assessed costs by the deadline specified in the invoice shall result in a late fee pursuant to County policy.

5-9-5. Administrative fees.

The ordinance enforcement administrator or code enforcement hearing officer is authorized to assess administrative fees for costs incurred in the administration of this program, such as investigation of violations, preparation for hearings, hearings, and the collection process. Chapter 11: Tax Liens and Recovery Cost Methods

Section

5-11-1. Purpose.

5-11-2. Procedures for tax liens without a judgment.

5-11-3. Procedures for tax liens with a judgment.

5-11-5. Recovery of costs by writ of execution.

5-11-6. Recovery of costs by writ of garnishment.

5-11-1. Purpose.

The County Council finds that recordation of code enforcement tax liens will assist in the collection of civil penalties, administrative costs, and administrative fees assessed by the administrative code enforcement hearing program or judicial orders. The County Council further finds that collection of civil penalties, costs, and fees assessed for code enforcement violations is important in deterring future violations and maintaining the integrity of the County's code enforcement system. The procedures established in this chapter shall be used to complement existing administrative or judicial remedies that may be pursued to address violations of the Tooele County Code, zoning ordinance, or applicable state statutes.

5-11-2. Procedures for tax liens without a judgment.

(1) Once the County has taken an enforcement action with penalties or abated a property for garbage, unlicensed/inoperative vehicles, refuse, nuisance weeds, or unsightly or deleterious objects or structures, the ordinance enforcement administrator shall prepare three copies of the itemized statement of costs incurred in the removal and destruction of the violations and deliver them to the County Treasurer within ten days after completion of the work of removing the violations.

(2) The ordinance enforcement administrator shall send, by certified mail to the property owner's last known address, a copy of the itemized statement of costs informing him or her that a code enforcement tax lien is being recorded for the amount of actual costs of abatement. Payment shall be due within 20 calendar days from the date of mailing.

(3) Upon receipt of the itemized statement of costs, the county treasurer shall record a code enforcement tax lien against the property.

(4) The failure of any person with a financial interest in the property to actually receive the notice of the lien shall not affect the validity of the lien or any proceedings taken to collect the outstanding costs of abatement.

5-11-3. Procedures for tax liens with a judgment.

Once a judgment has been obtained from the appropriate court assessing costs against the responsible person, the ordinance enforcement administrator may record a code enforcement tax lien against any real property owned by the responsible person.

5-11-4. Cancellation of code enforcement tax lien.

Once payment in full is received for the outstanding civil penalties and costs, or the amount is deemed satisfied pursuant to a subsequent administrative or judicial order, the ordinance enforcement administrator shall either record a notice of satisfaction of judgment or provide the property owner or financial institution with the notice of satisfaction of judgment so that it can record this notice with the County Recorder. The notice of satisfaction of judgment shall include the same information as provided for in the original code enforcement tax lien. Such notice of satisfaction of judgment shall cancel the code enforcement tax lien.

5-11-5. Recovery of costs by writ of execution.

After obtaining a judgment, the ordinance enforcement administrator may collect the obligation by use of all appropriate legal means. This may include execution on personal property owned by the responsible person by filing a writ with the applicable court.

5-11-6. Recovery of costs by writ of garnishment.

After obtaining a judgment, the ordinance enforcement administrator may collect the obligation by use of all appropriate legal means. This may include garnishment of paychecks, financial accounts, and other income or financial assets by filing a writ with the applicable court.

Administrative fees and administrative costs, except for actual abatement costs, shall be deposited in a Code Enforcement Administrative Fees and Costs Fund for the enhancement of the County's code enforcement efforts and to reimburse County departments for investigative costs and costs associated with the hearing process. The County Auditor shall establish accounting procedures to ensure proper account identification, credit, and collection.

Chapter 3: Graffiti

Section

6-3-1. Legislative determination.

6-3-2. Definitions.

6-3-5. Spray paint and markers - Prohibited possession.

6-3-6. Penalty.

6-3-7. Reward for information leading to conviction of perpetrator.

6-3-1. Legislative determination.

The County Council hereby declares as a matter of legislative determination that:

(1) The increasing incidents of the defacement of public and private property through the application of graffiti upon walls, rocks, bridges, buildings, fences, gates, other structures, trees and other real and personal property within the boundaries of the County constitutes a blight on this community, and, in the interests of the health, safety and general welfare of the residents and taxpayers of the County, immediate steps must be taken to remove this blight.

(2) Based upon reports which the County Council has received, such defacement of property is most often committed by persons under the age of 18 years using aerosol containers of spray paint, broad tipped indelible markers.

(3) When any such person has a legitimate need for such aerosol containers and markers, the same may be furnished by a parent or guardian.

(4) Such aerosol containers and markers are frequently stolen from retail stores by such persons.

(5) The sale of such aerosol containers and markers to such persons should therefore be prohibited, and persons who are engaged in the retail sale of such aerosol containers and markers should be required to take reasonable steps to prevent the theft of such aerosol containers and markers.

(6) When appropriate, the courts should require those who commit acts of defacement of public or private property through the application of graffiti to restore the property so defaced, damaged or destroyed.

(7) Obtaining convictions for the application of graffiti is difficult due to the fact that the offense can be committed so very quickly and secretly that witnesses to the act are frequently nonexistent.

(8) The public should be encouraged, through the promise of a reward, to cooperate in the elimination of graffiti by reporting to the proper authorities the incidents of the application of graffiti which the members thereof observe.

6-3-2. Definitions.

As used in this chapter and except as otherwise required by the context:

(1) "Application of graffiti" means the act of defacing, damaging or destroying any real or personal property of another through the use of an aerosol container of spray paint or a broad tipped indelible marker.

(2) "Broad tipped indelible marker" means any felt tipped marker or similar implement which contains a fluid which is not soluble in water and has a flat or angled writing surface of a width of one-half inch or greater.

6-3-3. Graffiti prohibited.

It shall be unlawful for any person to write, paint or draw upon any wall, rock, bridge, building, fence, gate, other structure, tree or other real or personal property, either publicly or privately owned, any drawing, inscription, figure or mark of the type which is commonly known and referred to as graffiti without the permission of the owner or operator of such property.

6-3-4. Spray paint and markers - Sale to minors prohibited.

It shall be unlawful for any person to sell, offer to sell or to cause to be sold any aerosol container of spray paint or broad tipped indelible marker to any person under the age of 18 years.

6-3-5. Spray paint and markers - Prohibited possession.

(1) It shall be unlawful for any person under the age of 18 years to purchase or possess any aerosol container of spray paint or broad tipped indelible marker unless accompanied by a parent or guardian, or while involved in an activity sponsored by a school, church or community.

(2) It is unlawful for any person under the age of 18 years to misrepresent his age, or for any other person to misrepresent the age of a person under 18 years of age, for the purpose of purchasing or otherwise obtaining aerosol spray paint or broad tipped indelible markers.

6-3-6. Penalty.

Any person who is convicted of violating any provision of this chapter shall be punished by a fine or not less than five hundred dollars nor more than one thousand dollars or by imprisonment for a term of not less than six months, or by any combination of such fine and imprisonment. In addition to such punishment, the court may, in imposing sentence, order the defendant to restore the property so defaced, damaged or destroyed.

6-6-8. Impoundment.

(1) Notice. As soon as it is reasonable under the circumstances, a written notice that a vehicle has been impounded shall be mailed to the owner and recorded lien holder, if there is one, of the vehicle at their last known addresses as shown by the records of Motor Vehicle Division of the Utah State Tax Commission. If the license plates on the vehicle are from another state, written notice shall be mailed to the Department of Motor Vehicles in such state, requesting such department to notify the registered owner of such vehicle that the same has been impounded by the County Sheriff and that the same will be sold at a public auction as is provided by the ordinances of the County if not claimed by the owner or his proper representative, as provided by the County ordinances.

(2) Release of Impounded Vehicle. Before the owner or his agents shall be permitted to remove the vehicle which has been impounded, he shall:

- (a) furnish satisfactory evidence to the County Sheriff of his identity and his ownership of the vehicle;
- (b) request and obtain from the Sheriff a written order directed to the place of storage in which the vehicle is impounded, authorizing the release of the vehicle to the owner or his agent upon the payment to the place of storage of towing and storage charges reasonably incurred in the towing and storage of the vehicle from the date of the impounding to the time of presenting the order of release to the County Sheriff therefor;
- (c) sign a written receipt for the vehicle and deliver the same to the place of storage upon receiving the impounded vehicle.

(3) Unclaimed Vehicles-Auction-Disposition of Proceeds. If at the expiration of 30 days after mailing the notice provided for in Subsection (1), such vehicle is not redeemed by the owner or his proper representative, the County Sheriff or his authorized agent shall proceed to sell the same at public auction to the highest bidder after first giving at least 10 days' notice of the sale

by publishing the notice at least once in a newspaper of general circulation published in the County, stating the time and place of the sale. Such notice shall also describe the vehicle to be sold with reasonable certainty and shall state to whom, if anyone, the records of the office of the Motor Vehicle Division of the Utah State Tax Commission show the same to belong, and if the name of the owner is unknown, that fact shall be stated. If the name of the owner or recorded lien holder, if any, is known, the County Sheriff shall send such owner or recorded lien holder a copy of such notice as published immediately after the publication of the same, which notice shall be mailed to their last known address or their address as shown on the records of the Motor Vehicle Division of the Utah State Tax Commission. A copy of this notice as published shall immediately, after publication, be mailed to the owner of the place of storage. The money received by the County Sheriff, or his authorized agent, from the sale of any such vehicle shall be applied first to the actual cost of towing and storage of such impounded vehicle, then to pay the cost of advertising the notice of sale for each vehicle so impounded and the balance, if any, shall then be placed into the County general fund to be used as hereinafter provided.

(4) Claim by Owner Subsequent to Auction. If at any time within 1 year from and after a sale as provided in Subsection (3), the former owner of the vehicle sold, upon application to the County Council and upon presentation of a satisfactory proof that he was the owner of the vehicle sold, shall be paid the proceeds of such sale less the necessary expenses of the sale and less the towing, impounding and storage charges provided for in Subsection (3).

(5) Records to be Kept. The County Sheriff shall keep a record of all vehicles impounded by manufacturer's trade name or make, body type, motor and license number, the names and addresses of all persons claiming the same, and the nature and circumstances of the impounding thereof, and the violation on account of which such vehicles were impounded, the date of such impounding and the name and address of any person to whom any such vehicle is released.

Therefore, this chapter is for the purpose of establishing a means whereby Tooele County may cause that said unlicensed vehicles be regulated and removed or abated, when necessary. It is hereby declared that the storage or keeping of more than 2 unlicensed motor vehicles as defined herein, is a nuisance and is declared unlawful within Tooele County under the circumstance specified herein.

6-9-2. Definitions.

No person, firm or corporation shall keep or store more than 2 unlicensed motor vehicles upon any property within Tooele County, nor shall they allow any other person to keep or store more than 2 unlicensed motor vehicles upon their property located within Tooele County.

6-9-4. Notice of violation.

Before any civil or criminal action is instituted to enforce the provisions of this chapter, Tooele County, or any affected individual, shall give 30 days written notice to the person, firm or corporation keeping or storing unlicensed motor vehicles or allowing others to keep or store unlicensed motor vehicles on their property, contrary to the provisions of this ordinance. Said written notice shall be served personally or delivered by registered mail, shall specify the nature of the violation, and that the violation be removed or brought into compliance with the provisions of this chapter within 30 days. If, after 30 days notice the violation continues, civil or criminal proceedings may be instituted.

6-9-5. Conflict.

This ordinance shall not nullify the more restrictive provisions of other Tooele County Ordinances or other laws, but shall prevail notwithstanding any such provisions which are less restrictive.

6-9-6. Penalty.

Any person, firm or corporation who violates the provisions of this chapter, after having been given 30 days written notice to remove the same or bring the violation into compliance, is guilty of a class C misdemeanor. (2) If the Community Development Director finds that the number of persons who may seek to attend an outdoor gathering is larger than authorized by the license and that the congregation of such excessive numbers of persons at the site seeking admittance may cause traffic or crowd control problems, he may prohibit sales of tickets at the site and require that tickets be sold at some other specified location or locations or in such other manner as may be approved by the Community Development Director.

(4) The unrestricted use of property in wildland/urban interface areas is a potential threat to life and property from fire and resulting erosion. Safeguards to prevent the occurrence of fires and to provide adequate fire protection facilities to control the spread of fire in wildland/urban interface areas shall be in accordance with this chapter.

(5) This chapter shall supplement the building and fire codes.

6-18-2. Retroactivity.

The provisions of this chapter apply to structures constructed or placed after the adoption of this chapter. Prior-built structures are not subject to the standards imposed herein, although it is recommended that they conform to these standards

6-18-4. Authority of County Fire Warden.

(1) The Fire Warden is hereby authorized to administer and enforce this chapter and all ordinances of Tooele County pertaining to designated wildland/urban interface or intermix areas.

(2) The Fire Warden shall have the power to render interpretations of this chapter and to adopt and enforce rules and supplemental regulations to clarify the application of its provisions. Such interpretations, rules and regulations shall be in conformance with the intent and purpose of this chapter.

(3) A copy of such rules and regulations shall be filed with the County Clerk and shall be in effect immediately thereafter. Additional copies shall be available for distribution to the public.

(4) When requested to do so by the Fire Warden, other officials of this jurisdiction shall assist and cooperate with the Fire Warden in the discharge of the duties required by this chapter.

6-18-5. Appeals.

To determine the suitability of alternative materials and methods and to provide for reasonable interpretations of the provisions of this chapter, the Sheriff or his appointed designee shall hear

appeals and shall render decisions and findings in writing to the Fire Warden, building official and Community Development Director, with a duplicate copy to the appellant.

6-18-6. Additions or alteration and maintenance.

(1) Additions or alterations may be made to any building or structure without requiring the existing building or structure to comply with all the requirements of this chapter, provided the addition or alteration conforms to that required for a new building or structure.

(2) An unsafe condition shall be deemed to have been created if an addition or alteration will cause the existing building or structure to become structurally unsafe or overloaded will not provide adequate access in compliance with the provisions of this chapter or will obstruct existing exits or access will create a fuel hazard; will reduce required fire resistance or will otherwise create conditions dangerous to human life.

6-18-7. Maintenance.

All buildings, structures, landscape materials, vegetation, defensible space or other devices or safeguards regulated by this chapter shall be maintained in conformance with the code sections under which installed. The owner or the owner's designated agent shall be responsible for the maintenance of buildings, structures, landscape materials and vegetation.

6-18-8. Practical difficulties.

(1) When there are practical difficulties involved in carrying out the provisions of this chapter, the Fire Warden, in consultation with the building official, is authorized to grant modifications for individual cases on application in writing by the owner or a duly authorized representative. The Fire Warden shall first find that a special circumstance makes enforcement of this chapter impractical, the modification is in conformance with the intent and purpose of this chapter, and the modification does not lessen any fire protection requirements or any degree of structural integrity. The details of any action granting modifications shall be recorded and entered into the files of the code enforcement officer.

(2) If the Fire Warden determines that difficult terrain, danger of erosion or other unusual circumstances make compliance with the vegetation control provisions of the code detrimental to safety or impractical, enforcement thereof may be suspended provided reasonable alternative measures are taken.

6-18-9. Technical assistance.

To determine the acceptability of technologies, processes, products, facilities, materials and uses at-tending the design, operation or use of a building or premises subject to the inspection of the building official, the Fire Warden is authorized to require the owner or the person in possession or control of the building or premises to provide, without charge to Tooele County, a technical opinion and report. The opinion and response shall be prepared by a qualified engineer, specialist, laboratory or fire-safety specialty organization acceptable to the Fire Warden and the owner and shall analyze the fire safety of the design, operation or use of the building or premises, the facilities and appurtenances situated thereon and fuel management for purposes of establishing fire hazard severity to recommend necessary changes.

6-18-10. Alternative materials or methods.

(1) The Fire Warden, in concurrence with the building official, is authorized to approve alternative materials or methods, provided the building official finds that the proposed design, use or operation satisfactorily complies with the intent of this chapter and that the alternative is, for the purpose intended, at least equivalent to the level of quality, strength, effectiveness, fire resistance, durability and safety prescribed by this chapter. Approvals shall be subject to the approval of the building official whenever the alternate material or method involves matters regulated by the International Building Code.

(2) The building official, Community Development Director, or Fire Warden shall require that sufficient evidence or proof be submitted to substantiate any claims that may be made regarding its use. The details of any action granting approval of an alternate shall be recorded and entered in the files of the code enforcement officer.

6-18-11. Permits.

(1) Unless otherwise exempted, no building or structure regulated by this chapter shall be erected, constructed, altered, repaired, moved, removed, converted or demolished unless a separate permit for each building or structure has first been obtained from the building official.

(2) Unless otherwise required by the building code, fire code, or zoning ordinance, a permit shall not be required for:

(a) one-story detached accessory buildings used as tool and storage sheds, playhouses and similar uses, provided the floor area does not exceed 120 square feet and the structure is located more than 50 feet from the nearest adjacent structure; or

(b) fences not over six feet high.

(3) Exemption from the permit requirements of this chapter shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this chapter or any other ordinance of Tooele County.

(4) The Fire Warden is authorized to stipulate conditions for permits. Permits shall not be issued when public safety would be at risk as determined by the Fire Warden.

(5) Before a permit is issued within a wildland/urban interface or intermix area, the Fire Warden, building official and Community Development Director, or their authorized representatives, shall review and approve all permitted uses, occupancies or structures. Where laws or regulations are enforceable by other agencies or departments, a joint approval shall be obtained from all agencies or departments concerned.

(6) The application, plans, specifications and other data filed by an applicant for a building or land use permit shall be reviewed by the Fire Warden. If the Fire Warden finds that the work described in an application for a permit and the plan, specifications and other data filed therewith conform to the requirements of this chapter, the Fire Warden is allowed to give approval for the issuance of a permit to the applicant.

(7) Before the building official, Community Development Director or Planning Commission issues any permit, the Fire Warden shall be notified, and may respond in writing or stamp the plans and specifications "APPROVED, TOOELE Fire Warden" within five working days. Failure of the Fire Warden to respond within the time allowed shall be deemed as an approval of the plans as presented. Approved plans and specifications shall not be changed, modified or altered

without authorization from the Fire Warden, and all work regulated by this chapter shall be done in accordance with the approved plans.

(8) The issuance or granting of a permit or approval of plans, specifications and computations shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this chapter or of any other ordinance of Tooele County. Permits presuming to give authority to violate or conceal the provisions of this chapter or other ordinances of Tooele County shall not be valid.

(9) Permits shall at all times be kept on the premises designated therein and subject to inspection by the Fire Warden or other authorized representative.

(10) A permit issued under this chapter may be suspended or revoked when it is determined by the Fire Warden, building official or Community Development Director that:

- (a) it is used for a location other than that for which the permit was issued;
- (b) any of the conditions or limitations set forth in the permit have been violated;
- (c) the permittee fails, refuses or neglects to comply with any order or notice duly served on him under the provisions of this chapter within the time provided therein;
- (d) there has been any false statement or misrepresentation as to material fact in the application or plans on which the permit or application was made; or
- (e) when the permit is issued in error or in violation of any other ordinance, regulations or provisions of this chapter.

(11) The Fire Warden shall submit in writing to the building official or Community Development Director, reasons to suspend or revoke a permit issued under the provisions of this chapter whenever the permit is issued in error or on the basis of incorrect information supplied or in violation of any ordinance or regulation or any of the provisions of this chapter.

6-18-12. Plans and specifications.

(1) Plans, engineering calculations, diagrams and other data shall be submitted in at least two sets with each application for a permit. The Fire Warden may require plans, computation and specifications to be prepared and designed by an architect or engineer licensed by the state to practice as such. An exception to the foregoing is the submission of plans, calculations, construction inspection requirements and other data if it is found that the nature of the work applied for is such that reviewing of plans is not necessary to obtain compliance with this chapter.

(2) Plans and specifications shall be drawn to scale upon substantial paper or Mylar and shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this chapter and all relevant laws, ordinances, rules and regulations.

(3) Site plans shall include topography, width and percent of grade of access roads, landscape and vegetation details, locations of structures or building envelopes, existing or proposed overhead utilities, occupancy classification of buildings, types of ignition-resistant construction of buildings, structures and their appendages, roof classification of buildings, and site water supply systems.

(4) When utilized by the permit applicant, vegetation management plans shall be prepared and shall be submitted to the Fire Warden for review and approval as part of the plans required for a permit.

(5) When required by the Fire Warden, the plans and specifications shall include classification of fuel loading, fuel model, and substantiating data to verify classification of fire-resistive vegetation.

(6) In addition to the requirements for site plans, plans shall include details regarding the vicinity within 300 feet of property lines, including other structures, slope aspect and elevation, vegetation, fuel breaks, water supply systems, and access roads.

(7) One set of approved plans, specifications and computations shall be retained by the Community Development Department. One set of approved plans and specifications shall be returned to the applicant, which set shall be kept on the site of the building, use or work at all times during which the work authorized thereby is in progress.

6-18-13. Inspection and enforcement.

(1) All construction or work for which a permit is required shall be subject to inspection by the Fire Warden.

(2) It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the Fire Warden nor Tooele County shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.

(3) Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this chapter or of other Tooele County ordinances. Inspections presuming to give authority to violate or cancel the provisions of this chapter or of other ordinances of Tooele County shall not be valid.

(4) A survey of the lot may be required by the Fire Warden to verify that the mitigation features are provided and the building or structure is located in accordance with the approved plans.

(5) The Fire Warden shall inspect, as often as necessary, buildings and premises, including such other hazards or appliances designated by the Fire Warden for the purpose of ascertaining and causing to be corrected any conditions which could reasonably be expected to cause fire or contribute to its spread, or any violation of the purpose of this chapter and of any other law or standard affecting fire safety.

(6) To determine compliance with this chapter, the Fire Warden may cause a structure to be reinspected. A fee may be assessed for each inspection or reinspection when such portion of work for which inspection is called is not complete or when corrections called for are not made.

(7) Reinspection fees may be assessed when the approved plans are not readily available to the inspector, for failure to provide access on the date for which inspection is requested, or for deviating from plans requiring the approval of the Fire Warden.

(8) To obtain a reinspection, the applicant shall pay the reinspection fee as set forth in the County Fee Schedule adopted by Tooele County. When reinspection fees have been assessed, no additional inspection of the work will be performed until the required fees have been paid.

(9) When the Fire Warden finds any building or premises in violation of this chapter, the warden is authorized to issue corrective orders and notices.

(10) Orders and notices authorized or required by this chapter shall be given or served on the owner, operator, occupant or other person responsible for the condition or violation either by verbal notification, personal service, or delivering the same to and leaving it with a person of suitable age and discretion on the premises; or, if no such person is found on the premises, by

affixing a copy thereof in a conspicuous place on the door to the entrance of the premises and by mailing a copy thereof to such person by registered or certified mail to the person's last known address. Orders or notices that are given verbally shall be confirmed by service in writing as herein provided.

(11) Whenever necessary to make an inspection to enforce any of the provisions of this chapter, or whenever the Fire Warden has reasonable cause to believe that there exists in any building or on any premises any condition which makes such building or premises unsafe, the Fire Warden is authorized to enter such building or premises at all reasonable times to inspect the same or to perform any duty authorized by this chapter, provided that if such building or premises is occupied, the Fire Warden shall first present proper credentials and request entry; and if such building or premises is unoccupied, the warden shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry.

(12) If entry is refused, the warden shall have recourse to every remedy provided by law to secure entry. Owners, occupants or any other persons having charge, care or control of any building or premises, shall, after proper request is made as herein provided, promptly permit entry therein by the warden for the purpose of inspection and examination pursuant to this chapter.

(13) Orders and notices issued or served as provided by this chapter shall be complied with by the owner, operator, occupant or other person responsible for the condition or violation to which the order or notice pertains.

(14) If the building or premises is not occupied, such corrective orders or notices shall be complied with by the owner.

(15) A building or premises shall not be used when in violation of this chapter as noticed in accordance with subparagraph (10).

(16) A sign posted or affixed by the Fire Warden shall not be mutilated, destroyed or removed without authorization by the Fire Warden.

(17) Persons operating or maintaining an occupancy on any property subject to this chapter who allow a hazard to exist or fail to take immediate action to abate a hazard on such occupancy, premises or vehicle when ordered or notified to do so by the Fire Warden shall be guilty of a class C misdemeanor.

(18) Buildings, structures, or premises which constitute a fire hazard or are otherwise dangerous to human life, or which in relation to existing use constitute a hazard to safety or health or public welfare, by reason of inadequate maintenance, dilapidation, obsolescence, fire hazard, disaster damage or abandonment as specified in this chapter or any other ordinance, are unsafe conditions. Unsafe buildings or structures shall not be used. Unsafe buildings are hereby declared to be public nuisances and shall be abated by repair, rehabilitation, demolition or removal, pursuant to applicable state and local laws and codes.

6-18-14. Wildland/urban interface and intermix analysis.

(1) The analysis of the wildland/urban interface or intermix will help identify and document local problem areas and guide the application of standards and establishment of priorities relative to fire danger.

(2) Tooele County shall perform a wildland fire protection analysis of all developments, existing or planned, to determine wildland fire protection ratings. The ratings developed under the authority of this section shall be the basis for the implementation of fire safe design and construction criteria. The higher the relative value, the higher the wildland/urban interface or wildland/urban intermix hazard rating.

- (3) The analysis shall contain the following components:
- (a) wildland/urban interface or wildland/urban intermix boundaries;
 - (b) fuel hazard rating;
 - (c) slope hazard rating;

(1) Areas shall be delineated as wildland/urban interface and intermix by designation of an overlay zone placed in accordance with 17-27-403, UCA. The boundaries of the overlay zones shall be based upon an assessment of fuel types and physical characteristics affecting wildland fire behavior. Such areas shall be delineated on County zoning maps.

(2) The Fire Warden shall reevaluate and recommend modification to the wildland/urban interface areas on a three-year basis or more frequently as necessary by prevailing weather and environmental conditions.

6-18-16. Interface area requirements.

(4) Access.

(a) If a key is not available to a locked gate or other restricted access by authorized fire personnel for the purpose of fire suppression, they are authorized to gain access by cutting locks, removing gates, breaching fences or by any other reasonable means.

(b) When required, fire apparatus access roads shall be all-weather roads with a minimum width of 20 feet and a clear height of 13 feet 6 inches which shall be designed to accommodate the loads and turning radii for fire apparatus and which has a gradient negotiable by the specific fire apparatus normally used at that location within the jurisdiction. Dead-end roads in excess of 150 feet in length shall be provided with turnarounds as approved by the Fire Warden. All-weather road surface shall be any surface material acceptable to the County Engineer which would normally allow the passage of emergency service vehicles typically used to respond to that location within the jurisdiction.

(c) Approved signs or other approved notices shall be provided and maintained for access roads and driveways to identify such roads and prohibit the obstruction thereof or both.

(d) All road identification signs and supports shall be of noncombustible materials. (d) Existing fire protection equipment and fire hydrants shall be clearly identified in a manner approved by the inspection official to prevent obstruction.

(6) Water source.

(a) When an approved water source is provided in order to qualify as a conforming water supply, it must be capable of providing an adequate supply for the use of the fire protection service to protect buildings and structures from exterior fire sources or to suppress structure fires within the wildland/urban interface areas of the jurisdiction accordance with this section. Non-residential buildings containing only private garages, carports, sheds and agricultural uses with a floor area of not more than 600 square feet are exempt from this requirement.

(b) The point at which a water source is available for use shall be located not more than 1,000 feet from the building, and be approved by the Fire Warden. The distance shall be measured along an unobstructed line of travel.

Pumper access points and access driveways shall be designed and constructed in accordance with the Tooele County code. Pumper access points shall not require the pumper apparatus to obstruct a road or driveway.

(f) All hydrants shall be designed and constructed in accordance with nationally recognized standards. The location and access shall be approved by the Fire Warden.

(g) Adequate water supply shall be determined for purposes of initial attack and flame front control as outlined in the NFPA regulations.

(l) Stationary water supply facilities within the wildland/urban interface areas dependent on electrical power to meet adequate water supply demands shall provide standby power systems in accordance with the National Electrical Code to ensure that an uninterrupted water supply is maintained. The standby power source shall be capable of providing power for a minimum of two hours unless the following exceptions exist:

- (i) When approved by the Fire Warden, a standby power supply is not required where the primary power service to the stationary water supply facility is underground.
- (ii) A standby power supply is not required where the stationary water supply facility serves no more than one single-family dwelling.

(2) "Commercial solid waste" means solid waste resulting from the activities of commercial users.

(3) "Commercial user" means an enterprise, not a residence, such as a business, association, corporation, manufacturer, hotel, motel, resort, church, ranger station, crew quarters, campground, picnic ground, day-use recreation area, and a governmental or public entity.

(4) "Low-level radioactive waste" means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed applicable federal or state standards for unrestricted release. "Low-level radioactive waste" does not include waste containing more than 100 nanocuries of transuranic contaminants per gram of material, nor spent reactor fuel, nor material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations.

(5) "Municipal solid waste facility" means all contiguous land, structures, other appurtenances, and improvements on the land used for treating, storing, or disposing of residential and commercial solid waste.

Part 258, Criteria for Municipal Solid Waste Landfills, which includes household waste, commercial solid waste or industrial solid waste as such terms are defined in that part, or other types of waste governed by Subtitle D of the Resource Conservation and Recover Act, and solid waste within the meaning of the Solid Waste Management Act, Title 19, Chapter 6, Part 5, Utah Code Annotated 1953, as amended, including demolition and construction debris.

(10) "Solid waste disposal contractor" means a person or persons engaged in the business of collecting, hauling, or transporting solid waste for disposal or for any other purpose.

7-1-3. Solid waste management department created.

There is hereby created a department of solid waste management, which shall be directed and controlled by the County Council. The department shall administer this title and may adopt such regulations necessary to implement it.

7-1-4. Residential solid waste collection.

(1) Except as provided herein, all residences shall be provided with mandatory solid waste collection, removal and disposal services and approved garbage containers by the County or its designated agent. All residential solid waste generated within the County shall be transported and delivered to a Tooele County designated and approved solid waste disposal facility.

(2) Except as permitted by this section, no residential solid waste shall be moved, hauled away or transported upon the streets except by the County, incorporated municipalities, or their designated agents.

(3) It is hereby declared to be unlawful for any person, except as permitted in this section, to haul or remove residential solid waste within or from the County. However, nothing contained in this section shall preclude persons from hauling their own residential solid waste over the streets or public ways to a County -designated solid waste disposal facility, provided that person is regularly paying the County or a municipality for collection services.

(4) If residential users located along the Deep Creek Mountain Range are not provided collection services by the County because of high costs in this remote area, such residential users shall be exempt from mandatory solid waste collection and the removal provisions of this chapter. However, each residential user in this remote area shall haul their own residential solid waste to a County -designated and approved landfill at least once each week and shall pay the same fees in the same manner as other residential users who are provided collection services and containers by the County. The higher costs to provide a separate landfill for these remote areas has been determined to provide sufficient justification to assess the same fee as other residential users without providing approved garbage containers and collection services.

7-1-5. Commercial solid waste collection.

(1) Except as provided in this section, commercial users shall collect and remove their commercial solid waste generated within the County, either directly or by employing the services of a County -licensed solid waste disposal contractor.

(2) All commercial solid waste generated within the County shall be transported and delivered to a County - designated and approved solid waste disposal facility.

(3) Owners or operators of small commercial enterprises, including mobile home parks, situated in remote locations of Tooele County that produce solid waste in amounts comparable to typical residences may, with County approval, participate in the County's solid waste collection system on the same basis as residential users, provided they are located in an area that receives residential solid waste collection services and provided they make satisfactory arrangements with the County to pay for such services, which may include periodic payment or inclusion of the fees with the ad valorem taxes on the real property upon which the commercial activity is located, in the same manner as residential collection fees are assessed and collected.

7-1-6. Residential solid waste collection contract.

The County may sign a contract with an independent solid waste disposal contractor to operate a residential solid waste collection and sanitary disposal service within the County upon such terms and conditions as the County Council shall require. All solid waste shall be collected,

removed, and disposed of with such frequency and in such manner as the County Council determines appropriate.

7-1-7. Residential solid waste collection fees.

(1) Each owner of real property that is encumbered by one or more residences shall be assessed the fees for collection, removal and disposal services for residential solid waste and fees for approved garbage containers. Such fees shall be billed regularly by the Department of Solid Waste Management and collected by the treasurer's office.

(2) Each unit of a multi-family dwelling shall be considered a separate residence for purposes of billing.

(3) Solid waste collection fees shall be assessed through the date of termination, notice of which must be given to the Department of Solid Waste Management to receive a confirmation number.

(4) If a residence remains vacant for an entire month, the owner, lessee, or occupant of the residence or real property upon which the residence is situated shall make arrangements in advance with the County so that no solid waste collection fees are charged for that month.

(5) The County Council may excuse on a case-by-case basis needy persons who are not reasonably capable of paying the fee for collection of residential solid waste or the container fee for such period as deemed proper or necessary.

(6) Fees left delinquent over 90 days shall become a lien against the owner's real property. Such delinquent fees shall be billed and collected by the treasurer as a part of the regular ad valorem property tax notice, billing, and collection system of Tooele County.

(7) It shall be unlawful for any owner or occupant to fail to pay any fee required by this title or to seek to avoid the payment of fees legally owed.

7-1-8. Approved garbage containers - Rental fees.

(1) Residential solid waste shall be collected from residential users only in approved garbage containers. The use of any other type of container or the use of approved garbage containers issued to another residence is unlawful and prohibited. All other solid waste not placed in approved garbage containers shall be placed in suitable and sufficient garbage receptacles, either with tight fitting lids or durable water-resistant containers manufactured specifically for use in solid waste collection.

(2) Every residential user shall be issued one approved garbage container. Title to such containers shall be retained by the County. The payment made by residents shall be rental for the use of the containers. Rental fees for containers shall be established by resolution of the County Council. Rental fees for the first container shall be incurred for a minimum of one month for each month or part thereof that a residence is occupied. Rental fees shall be charged and collected in the same manner as the service charge for solid waste collection services.

(3) Residential users shall keep their approved garbage container free from destructive or decorative markings, shall maintain the original color thereof, and shall keep the inside of the containers clean and free from build-up of fungus, bacteria or any other type of contaminant that causes odors or facilitates deterioration of the container. Residential users shall be responsible for approved garbage containers and shall not be negligent in their use.

(4) Residential users shall report to the County, or its solid waste disposal contractor, any damage to their approved garbage container that limits its usefulness so that the same may be returned for repair or replacement.

(5) Approved garbage containers lost or missing through no fault of the residential user shall be replaced by the County without charge. Residential users shall exercise due care to protect such containers against loss through theft or misappropriation. Approved garbage containers shall not be removed from the premises to which they have been assigned.

(7) No hot ashes or flammable or explosive materials shall be deposited in an approved garbage container.

(8) A purchase fee based on the cost to the County at the current rate will be charged to anyone who damages or removes an approved garbage container from the property to which it has been assigned. The purchase fee may be added to the collection fee and collected in the same manner.

(9) Containers furnished by the County are issued to specific users by number and are non-transferrable.

(10) Upon discontinuance of use by a resident, approved garbage containers shall be returned to the County or its designated agent.

7-1-9. Additional containers.

(1) Residential users may request additional approved garbage containers for an additional charge per month. That charge shall be set by resolution of the County Council. Such charge shall be incurred for a minimum of four months.

(2) When a residential user determines the additional containers are no longer needed, the user shall return them to the County at which time the additional charge will be deleted from the billing, provided the four-month minimum has been met. If an additional container is not returned to the County, the charge for such container shall continue on a month-to-month basis until it is returned.

(3) Additional containers may be rented subject to availability of the containers to the County. Providing initial containers to new residents takes priority over providing additional containers to residents who already have been issued one container.

7-1-10. Time and place of pickup.

(1) Approved garbage containers shall be placed on the edge of the street next to the driveway on the opposite side of the driveway approach from any mailbox, but in no event within ten feet of a mailbox, and with the container's wheels as close to the curb or edge of the road as reasonably possible, with the hinge thereof to curbside and the lid opening facing toward the street. When snow or street construction prevents placing of the container against the curb, the container shall be placed not over two feet from the edge of the snow or construction and in a manner that will not obstruct traffic or unduly impede snow plowing. Where there is no curb or gutter, approved garbage containers shall be placed off the traveled portion of the street but close enough to the street that the container can be picked up without undue difficulty.

(2) Containers shall not be placed or permitted to block driveways or through traffic.

(3) Unless otherwise provided by regulation, garbage and refuse must not be set out upon the street for collection prior to the evening of the day before collection and must be set out prior to 7:00 a.m. on the day of collection.

(4) Empty containers shall be removed from the street as soon as practicable after being emptied, and in every case shall be removed from the street the same day they are emptied.

(5) Those physically unable to wheel containers to curbside may make arrangements with the County for assistance.

(6) It shall be unlawful to park a vehicle upon a street during the hours of garbage pickup in a manner that interferes with access to approved garbage containers by the solid waste disposal contractor.

7-1-11. Closing of approved garbage container required.

No approved garbage container shall be filled to the extent that the lid does not remain firmly closed at all times or to such an extent that the contents may be spilled during the process of pickup and dumping into the solid waste collection vehicle.

7-1-12. Accumulation or unauthorized disposal of solid waste prohibited.

(1) It shall be unlawful for any person to accumulate solid waste or cause solid waste to be deposited upon any street or upon any premises in the County without express permission from the County or the Health Department.

(2) No person shall for the purpose of final disposal dump, place or bury solid waste outside of an approved municipal solid waste facility.

(3) No person shall for the purpose of final disposal, burn solid waste except burning for agricultural purposes and then only when approved by the Health Department.

(4) All solid waste generated within Tooele County shall be transported and delivered to a Tooele County designated and approved solid waste disposal facility.

(5) It shall be unlawful for commercial users to deposit commercial solid waste in residential containers.

(6) It shall be unlawful for a person to deposit residential solid waste in a commercial user's solid waste container.

7-1-13. Covering waste during transport.

It shall be unlawful for any person to haul, convey or transport upon any public street open solid waste in any truck, trailer or other conveyance unless covered or contained completely in such a manner that no solid waste is capable of leaving the container or conveyance. If a vehicle or other conveyance arrives at an approved solid waste disposal facility that is not covered or contained as required by this section, the regular gate fee shall be doubled.

7-1-14. Penalty.

Any person, firm or corporation who violates the terms of this title by any act of omission or commission shall be deemed guilty of a class B misdemeanor and upon conviction thereof shall be sentenced to pay a fine not exceeding \$1,000 and to imprisonment in the Tooele County Detention Center not exceeding six months or by both such fine and imprisonment.

As a condition of the issuance, continuation or renewal of a business license, the applicant shall, upon reasonable demand, permit continuing inspections of the place of business or other activity to ensure compliance with all applicable business, zoning, health, or safety regulations. The clerk may refuse to issue a license or may suspend or revoke a license if the applicant or licensee should, for any reason, fail or refuse to cooperate with such an inspection.

9-1-10. Separate license required for each location.

A separate license must be obtained and a separate fee paid for each place of business where a business activity is established. Each license shall authorize the licensee to engage in only that business activity described in such license and only at the location which is indicated thereon. A location shall be considered separate if it has been assigned a different mailing or street address. A business that regularly provides goods or services at various locations in the County but has no place of business or mailing address shall still be required to obtain a business license.

9-1-11. Term of license – Certificate form – Transfer prohibited.

Unless otherwise expressly provided, the following shall apply to all licenses issued pursuant to this title:

(2) Every certificate of license shall specify by name the person to whom it is issued, and shall designate the particular type of business licensed and the location.

(3) No license shall be in any manner assignable or transferable, neither shall it authorize any licensee to do business at any other place than indicated in such license, or authorize any other business than is therein mentioned, except by permission of the County Council or unless otherwise provided herein.

9-1-12. License fees.

(1) Except as provided for in Section 9-1-16, every person intending to engage in business shall, before commencing business, obtain a license for each place of business, or if no place of business is established, for each business activity that takes place within the County.

(2) An employee who is not a partner or owner shall not be required to pay for an individual license.

(3) License fees shall be paid in advance for the term of the license. They shall not be prorated when a new application is made during the license term. License fees shall not be refunded because the business or activity for which the same was obtained has been discontinued for any reason.

(4) No rebate shall be allowed upon any license.

(5) Other than when a business is renewing their license if there is a change in the name of the business, address, or owners different than what is shown on the County Clerk's records, an administrative fee shall be charged to update the license and records.

(6) Any person or firm who fails to renew the license before it expires shall be assessed an administrative penalty in addition to the fee specified in Subsection 9-1-12(1).

(7) Any person or entity operating a business in violation Tooele County Code, Section 9-1-3, shall be assessed an administrative penalty in addition to the fee specified in Subsection 9-1-12(1).

(9) There is no right to continue a licensed activity without the payment of required fees and penalties. In addition to any criminal action, the County may bring civil action to collect any delinquent or unpaid fee. In the event legal action is filed to collect delinquent or unpaid fees, the debtor shall pay a reasonable attorney's fee and costs.

9-1-13. Community Development Director authorized to examine and inspect businesses – Powers and duties.

If the property owner or other responsible person refuses entry or inspection of the property, the Community Development Director or planner may obtain and execute a search warrant.

(2) The Community Development Director or planner shall report to the County Clerk and the County Attorney all persons doing business without a license and instances of conduct by any party or business other than that covered by the license issued.

9-1-14. Additional fees.

The fees required under this chapter are in addition to fees required by Chapters 3 and 4 of this title and the license fees for garbage haulers under Title 7. County business license fees are also in addition to fees that may be required by the State of Utah.

9-1-15. Multiple businesses at one location.

If a person desires to engage in a business which may include two or more businesses at the same location, the person shall only be required to obtain one business license, provided each different business is listed in the application for a license.

(2) Occupational and professional licenses are not reciprocal business licenses. Such licensees shall also take out County business licenses before doing business in the County.

9-1-17. Code compliance.

(1) Issuance of a business license does not excuse a licensee from compliance with applicable zoning, building, fire, electrical, or health codes or other regulatory requirements. No license shall be issued without first obtaining written preliminary approval of the business location from the planning and zoning officer or a designee, indicating that the proposed business complies with the County’s zoning regulations.

(2) The following shall be printed on the face of each license:

“NOTICE

To engage in the business for which this license is issued, you must comply with all County health and safety codes, including those relating to zoning, building, health and fire safety. If now, or in the future, you do not comply with these codes, this license does not authorize you to engage in business.”

9-1-18. Exemptions.

Acquisition of a business license is not required for any person or organization for an activity which is conducted, managed or carried on wholly for charitable or religious purposes from which profit is not derived, directly or indirectly by any individual, firm or profit corporation. No business license is required on any farming or ranching operation, yard sales of less than seven days in duration, activities of minors in short-term entrepreneurial activities such as lemonade

Businesses located within the boundaries of federal military installations or Indian reservations are exempt from obtaining County business or beer licenses, unless such a business extends its activities beyond the installation or reservation boundaries into the unincorporated areas of Tooele County. The person claiming an exemption has the burden of establishing such exemption.

- (4) continuing operation of the licensed activity would constitute a nuisance or present a danger to the health, general welfare or morals of the community; or
- (5) the business is violating this title or any other applicable law, including zoning, building or health regulations.

9-1-20. Suspension or revocation – Hearing.

No license issued under this title shall be suspended or revoked until an informal hearing is held before the clerk. Written notice of such hearing shall be served at least ten days prior to the date thereof upon the licensee. Service shall be effective when sent by first class mail to the address indicated in the business license application. Such notice shall state the basis of the complaint and the time and place of the hearing. The decision of the clerk may be appealed to the County Council. No part of the license fee shall be refunded in cases of suspension or revocation.

9-1-21. Appeal procedures.

- (1) If a business license is denied by the clerk or if the clerk suspends or revokes a license or if a penalty is imposed, the applicant or licensee may appeal such action.
- (2) Filing of an appeal must be within ten days of the date of service of the notice of any denial, qualified approval, suspension, revocation or penalty. Upon receiving the notice of such appeal, a hearing shall be scheduled before a hearing officer designated by the County Council within 20 days from the date of the appeal, unless such time shall be extended for good cause.
- (3) The hearing officer shall hold a public hearing with a verbatim record of the proceedings being kept, and take such facts and evidence as necessary to determine whether the denial, qualified approval, suspension, revocation or penalty was proper under the law.
- (4) The burden of proof shall be upon the clerk.
- (5) After the hearing, the hearing officer shall have seven working days, unless extended for good cause, in which to render findings of fact, conclusions of law, and a recommended decision to the County Council.
- (6) Either party may object to the recommendation of the hearing officer by filing the party's objections and reasons, in writing, to the County Council within seven days following the recommendation. In the event the hearing officer recommends upholding a suspension or revocation, the license shall be immediately suspended, and shall remain suspended until any

subsequent appeal is decided. If no objection is received within the seven days, the County Council may immediately adopt the recommendation of the hearing officer.

(7) If an objection is received, the County Council shall have ten working days to consider the objection before issuing a final decision. The County Council may, in its discretion, take additional evidence, hold a hearing or require the submission of a written memorandum on issues of fact or law. The standard by which the County Council shall review the decision of the hearing officer is whether evidence exists in the record to support the hearing officer's recommendation.

9-1-22. Displaying license.

Every certificate of license shall be displayed by the licensee in a conspicuous place easily viewed by the public, in which the licensed business, trade, profession, or calling is carried on. When such certificate of license has expired it shall be removed from public view. A licensee without a fixed place of business shall carry a certificate of license while engaged in business. It shall be the duty of each licensee, agent, and employee to show the certificate of license upon demand.

9-1-23. New license – Six months wait.

No person who has been denied a license or whose license has been revoked, and no person associated or connected with such a person in the conduct of business, shall be granted a new license until six months after such denial or revocation has elapsed.

(7) If objections are received, the County Council shall have 10 working days to consider such objections before issuing final decision. The County Council may, in its discretion, take additional evidence or require written memoranda on issues of fact or law. 9-4-1. Purpose.

(1) Residents of the County have an inalienable interest in their personal safety, well-being, and privacy in their residences, as well as their ability to provide or receive information regarding matters of personal belief, political or charitable activities, and goods and services lawfully in commerce. The County has a substantial interest in protecting the well-being, tranquility, personal safety, and privacy of its citizens, which includes the ability to protect citizens from unwanted intrusions upon residential property. The County also has a substantial interest in

protecting citizens from fraud or otherwise unfair consumer sales practices as well as criminal activity.

(2) There must be a balance between these substantial interests of the County and its citizens and the effect of the regulations in this Chapter on the rights of those who are regulated. Based on the collective experiences of County officials derived from regulating business activity, protecting persons and property from criminal conduct, responding to the inquiries of citizens regarding door-to-door solicitation, the experience of its law enforcement officers and those affected by door-to-door canvassing and solicitation, as well as judicial decisions outlining the boundaries of constitutional protections afforded and denied persons seeking to engage in door-to-door solicitation, the County adopts this Chapter to promote the County's substantial interests in:

- (a) respecting citizen's decisions regarding privacy in their residences;
- (b) protecting persons from criminal conduct;
- (c) providing equal opportunity to advocates for and against religious belief, political position, or charitable activities; and
- (d) permitting truthful and non-misleading door-to-door solicitation regarding lawful goods or services in intrastate or interstate commerce.

(3) The County finds that the procedures, rules, and regulations set forth in this Chapter are narrowly tailored to preserve and protect the County interests referred to herein while at the same time balancing the rights of those regulated.

9-4-2. No other County license or approval required.

(1) Registered solicitors and persons exempt from registration need not apply for, nor obtain, any other license, permit, or registration from the County to engage in door-to-door solicitation.

(2) Any business licensed by the County under another County ordinance that uses employees, independent contractors, or agents for door-to-door solicitation in an effort to provide any tangible or intangible benefit to the business, shall be required to have such solicitors obtain a certificate, unless otherwise exempt from registration.

(3) Those responsible persons or entities associated with registered solicitors need not apply for, nor obtain, any other license, permit, or registration from the County, provided they do not establish a temporary or fixed place of business in the County.

(4) Nothing herein is intended to interfere with or supplant any other requirement of federal, state, or other local government law regarding any license, permit, or certificate that a registered solicitor is otherwise required to have or maintain.

An applicant or registered solicitor whose certificate has been denied or suspended shall have the right to appeal to the County Council or its designee. Any appeal must be submitted by either the applicant, the responsible person or entity, or legal counsel for either who: (a) documents the relationship with the applicant or responsible person or entity; or (b) is licensed or authorized by the State of Utah to do so, and makes the assertion of an agency relationship. (3) The appeals officer shall review, de novo, all written information submitted by the applicant or registered solicitor to the licensing officer, any additional information relied upon by the licensing officer as the basis for denial, suspension, or revocation, and any additional information supplied by the County, applicant, or registered solicitor. Any additional information submitted by any party to the appeal to the appeals officer shall be simultaneously submitted to the opposing party. If desired, any party shall have three business days to submit rebuttal documentation to the appeals officer regarding the additional information submitted by the opposing party.

(4) The appeals officer will render a decision no later than 15 calendar days from the date the appeal was taken, unless an extension of time is agreed upon by the parties. In the event that any party to the appeal submits rebuttal information as allowed in Subsection (3), the 15 calendar days shall be extended to include the additional three days for rebuttal.

(a) The denial or suspension of the certificate shall be reversed by the appeals officer if upon review of the written appeal and information submitted, the appeals officer finds that the licensing officer made a material mistake of law or fact in denying or suspending the applicant or registered solicitor's certificate.

(b) If the written appeal and information submitted indicates that the licensing officer properly denied or suspended the certificate of the applicant or registered solicitor, the denial or suspension of the certificate shall be affirmed and constitute a determination that the suspended certificate is revoked.

(c) The decision of the appeals officer shall be delivered to the applicant or registered solicitor by the means designated in the completed application, or as otherwise agreed upon when the appeal was filed.

(d) After the ruling of the appeals officer, the applicant or solicitor is deemed to have exhausted all administrative remedies with the County.

If such sign or placard is posted, such solicitor shall desist from any efforts to solicit at the residence or dwelling and shall immediately depart from such property. Possession of a certificate of registration does not in any way relieve any solicitor of this duty.

(2) It is a violation of this Chapter for any person soliciting or advocating to knock on the door, ring the doorbell, or in any other manner attempt to attract the attention of an occupant of a residence that bears a "No Solicitation" sign or similar sign or placard for the purpose of engaging in or attempting to engage in advocating, a home solicitation sale, door-to-door soliciting, or soliciting.

(8) The solicitor shall not use obscene language or gestures.

9-4-19. Time of day restrictions.

It shall be unlawful for any person, whether licensed or not, to solicit at a residence before 9:00 a.m. or after 9:00 p.m. Mountain Time, unless the solicitor has express prior permission from the resident to do so.

9-4-20. Buyer's right to cancel.

In any home solicitation sale, unless the buyer requests the solicitor to provide goods or services without delay in an emergency, the seller or solicitor shall present to the buyer and obtain buyer's signature to a written statement which informs the buyer of the right to cancel within the third business day after signing an agreement to purchase. Such notice of "Buyer's right to cancel" shall be in the form required by §70C-5-103, Utah Code Annotated, 1953, or a current version thereof or any state or federal law modifying or amending such provision.

Permits are required for temporary uses incidental to construction. Such permits are limited to the duration of the construction work. The maximum time for such a permit is one year. However, another permit may be issued if cause is shown. All applications for building permits shall be accompanied by a plat, drawn to scale, showing the actual dimensions of the lot to be built upon, the size and location of the existing buildings, buildings to be erected and buildings existing on adjacent property, and such other information as may be necessary to provide for the enforcement of this code.

A careful record of such applications and plats shall be kept in the office of the Building Official or other officer charged with administration and enforcement. No yard or other open space

provided about any building for the purpose of complying with the provisions of this code shall be used as a yard or open space for another building.

14-1-3. Powers and duties.

It shall be the duty of the Building Official to inspect or cause to be inspected all buildings in the course of construction or repair. The Building Official shall enforce all of the provisions of this code, entering actions in court when necessary, and failure to do so shall not legalize any violation of such provisions. The Building Official shall not issue any permit unless the plans of and for the proposed erection, construction, reconstruction, alteration, or use fully conform to all zoning regulations then in effect.

14-1-4. Approval of off-site improvements by County Engineer.

The construction of all off-site improvements within Tooele County shall not be commenced or proceeded with except after the approval of the County Engineer. All preliminary and final plats, plans and specifications for off-site improvements shall be submitted to the County Engineer for his approval prior to submission to the Planning Commission or the County Council. A plan checking fee shall be collected by the County Engineer when said plans, plats and specifications are submitted for approval.

14-1-5. Definition of off-site improvements.

Off-site improvements include all sewer, storm and culinary water, natural gas, underground utility systems installed outside the boundaries of lots owned or to be offered to the public for private ownership, and all streets, curbs and gutters, sidewalks, alleys, or other improvements considered off-site improvements in the construction trade.

The County Engineer, in his discretion, may do preliminary surveying, engineering, and construction surveying of off-site improvements for minor improvements to property for curb and gutter replacements or initial installation, where none previously existed and the property owner requests the same at his own expense, or when a special improvement district is created for the purpose of providing off-site improvements within the district. When the County Engineer performs such labor, the County Engineer shall charge fees consistent with the prevailing rate for such services as may be available in the private sector as determined by the County Engineer. All such fees collected by the Engineer shall be accounted for by him and shall be remitted to the County Treasurer.

14-1-7. Building permits required for off-site improvements.

All off-site improvements within Tooele County, except those off-site improvements installed pursuant to the subdivision process, shall be required to be done with a building permit and fees collected therefore shall be according to the County Fee Schedule for building permits then in effect. Such fees shall be payable prior to issuance of the permit. For purposes of this section, off-site improvements shall include the installation of sidewalk, curb and gutter, roads, water and sewer lines and the like. A separate building permit for any given structure may be obtained in connection with doing the off-site improvements, provided that the valuation of the off-site
