PUBLIC COMMENT

Barry Strock, of 815 Williams Grove Road

Mr. Strock was reading last month's stormwater minutes and he had a question about modifications of exemption criteria. He asked what that meant. Mr. Reichard said it was about retaining the exemption criteria. There is exemption criteria in the ordinance for when certain levels of stormwater management plans are required. The new ordinance that the Township is adopting adjusts the range of that. It gives a little bit more room for the exemption criteria before it kicks in and a greater span for when you can do a simplified method for stormwater management before the full ordinance takes effect. Vice Chairman Castranio said this is based on DEPS ordinance. Mr. Fraser said it has no effect on farmland.
