Our Library Director effectively manages our budget under the guidance of the Library Board.

To be clear about *how* our funding is managed, the following items clarify some some of the budget. The items included here are based on questions we have received so far.

Send your questions about other budget items, or about *this* information, to Charlene Benjamin as Library Board President. <u>boardpresident@butler.lib.wi.us</u>.

Anticipated Revenue Shortfall in 2020: (due to safer at home orders, reduced hours, suspension of fines, etc.)

- > Total anticipated revenue reduction: -3.83%
- > Corresponding reduction in expenses: will match. Reductions are coming from fewer staff hours, reduced outlay for services, etc.

Note: Each month our income and expenses are reviewed by our Treasurer, and then by the full Board. This is in addition to oversight from our Village Financial manager.

Intergovernmental Revenues:

- Intergovernmental revenue is variable year to year. It increases or decreases based on circulation figures to residents both inside and outside Waukesha County, total circulation, and budget expenditures. In short, this revenue is not under our control. Bridges provides us with the dollar amount from Waukesha County annually. Sometimes we will get more, sometimes less.
- ➤ In 2021, Bridges has budgeted \$9,299 as intergovernmental revenue. The entire amount has been calculated into the overall budget, allowing us to maintain the services our patrons ask for, yet not increase the budget, especially in this year of uncertain outcomes.

Technology upgrades:

- Computers are as important as books, magazine, and DVDs to Butler citizens and all our patrons. For patrons without their own internet service or printer, our public computers are possibly even more valuable than the books.
- ➤ BPL maintains a maintenance and replacement schedule for all computers and other equipment. Replacement schedules are based on known "life expectancies." They are intended to minimize the overall cost of the equipment.
- ➤ In 2021, we budgeted to replace a five-year-old public computer (one that patrons use). Four PCs have reached their five-year service dates in 2021. We had scheduled to replace two, but we deferred one of those to 2022 in order to help maintain a flat budget. (Deferred replacement does create some risk that costs will be higher later on.)
- ➤ In June 2020, we began tracking the public PC usage with the new PC Reservations system. As we gather more data, we will develop a capacity plan to measure how much capacity we need based on use.

Contracted Services:

➤ One service, CLS Landscaping, has been dropped for not providing services. Volunteers and staff will manage for 2021. The DPW already maintains the lawn, so occasional weeding and some spring and fall clean-up are the primary needs.

> Other services have been paired to the essentials:

Contracted Services	2021 Budget
Jan Pro – Cleaning	\$3,965.00
Wil-Kil – pest control.	\$595.00
Packerland – clean, safe-surface floor mats	\$470.00
Fish Window – window cleaning servies	\$320.00
ADS – Fire Alarm Monitoring	\$884.00
Bonafide Security – Annual Fire Alarm Testing (subcontracted by ADS)	\$135.00
Solid Surface Care, Inc. (FKA Dry-It) – annual carpet and upholstered furniture cleaning	\$1,314.00

Service Hours:

- > The library will increase its service hours back to pre-pandemic levels at 47 hours per week in September, or at the latest, in October.
- The decision rests on CoVID guidelines, state restrictions, Wisconsin and Bridges library system guidelines, Village of Butler guidelines, and the impact of reopening schools.

Wage increase percentages:

➤ Please talk to Kayla. Our Director provides the desired percentage increase, Kayla does the calculations because she has the most up-to-date figures for FICA and other costs.

Reserve Fund:

The library's reserve fund, like the Village's fund, exists to create a cushion in times of need. Despite this year's challenges, we do <u>not</u> anticipate dipping into the fund, mostly because of the Director's careful management of the budget.

Staff activity from March 13th:

The Library never closed. The building closed, and more recently re-opened for limited services. The work of the Library never ceased. A detailed timeline of activities was provided to Trustee Sardina, and can be found in the file: BPL COVID Activities.docx

Walk the Line: How Trustees Can Best Lead Their Libraries Without Overstepping Their Authority

Presenter: Becky Spratford, Readers' Advisor, Author, Librarian

Being a Trustee is an important job. You are part of a team that represents the tax payers, oversees the Library Director, and advocates for libraries. However, where exactly do your duties end and the Library staff's begin? This line, while very clear from a legal standpoint, can become a bit fuzzy in practice. Join Becky Spratford, a 20 + years librarian and 5 term library trustee as she helps you understand how to walk the fine line between being a leader and being in the way. She will go over how you as a Trustee can best help the Library thrive, noting when you should step in but also when you should back off, strengthening all of Wisconsin's Libraries in the process.

Equity, Diversity, Inclusion: What Library Trustees Need to Know

Presenter: Anne Phibbs, Founder and President of Strategic Diversity Initiatives
Equity, diversity, and inclusion (EDI) impacts all communities and all aspects of librarianship. Library
Boards of Trustees have an important role in supporting EDI and related initiatives. This webinar will
help trustees and library directors understand how to incorporate EDI into policy development,
strategic planning, funding initiatives, board development, and more. Anne will present a variety of
interactive scenarios in which EDI issues are a factor, with time for Q&A and discussion. In this
webinar, Anne Phibbs, PhD, Founder and President of Strategic Diversity Initiatives, will give a basic
introduction to EDI and discuss what library trustees and boards need to know about EDI.

Public Library System Redesign (PLSR) Implementation Update

Presenter: <u>Bruce Smith</u>, Project Coordinator, Division for Libraries & Technology Throughout the response to the public health event, the Department of Public Instruction Division for Libraries and Technology, Public Library Systems, Public Libraries and other partners have been extraordinarily collaborative in our efforts to support the Wisconsin library community. These efforts have allowed us to see new ways for how libraries and systems can be connected and work together in the spirit of <u>PLSR</u>. Through this lens of cooperation and continuous improvement as libraries bounce back from the impact of the pandemic, we continue to move our efforts forward to implement the recommendations of the <u>PLSR Steering Committee</u>. This presentation will include an overview of the PLSR process and an update on the progress of implementing the seven recommendations including information about specific activities and timelines. There also will be time for questions, comments, and input from attendees.

Recruiting and Engaging Friends and Trustees Under Age 40

Presenter: <u>Kathy Kosinski</u>, Member Services and Outreach Manager, Califa Group , <u>Tess Wilson</u>, Member Services and Outreach Manager, Califa Group

Millennials are more likely than other adults to have visited the library recently. However, most Friends and Trustee boards do not have even a single Millennial member (Pew 2016, ALA 2018). What accounts for this discrepancy, and how can we rectify it? Learn how to attract Millennials to your Friends group and Board of Trustees, and turn the largest generation of library users into your best advocates.

Core Values of Librarianship

Presenter: Jessamyn West, Librarian and Technologist

Librarianship as a profession has a set of core values. But where do they come from, and what do they mean? Library technologist Jessamyn West will talk about the things that make up the core values of librarianship and discuss the tensions that exist between some of them.

Active Library Cards Accounts expired for 3 years, and not owing any money for replacement costs of items, get deleted from the system. Any expired card that owes less than \$100 in fines (not replacement costs) to any library can be deleted by the registered library (Butler). This is system wide. NOTE: Expiration dates during COVID-19 were extended to the end of December. We won't be looking at deleting any expired cards until at least January.
