Section H. Pay Equity

The Union and the Employer agree to a ten percent (10%) corridor. It is further agreed that longevity shall not be included in the pay equity plan computations for this bargaining unit. Should conditions occur, which result in the compensation for any job classification included in this bargaining unit to surpass the ten percent (10%) corridor, the parties agree to meet and confer on the situation and to try to resolve the situation so the classification is within the ten percent (10%) corridor. If the parties are unable to reach a compromise, either party may petition the Commissioner of the Bureau of Mediation Services and request a list of arbiters from the commissioner. The process for selection of an arbiter to hear the issue will be determined as outlined in the grievance section of this Agreement.

The aforesaid provision is effective during the entire term of the contract and shall not affect negotiations or agreements subsequent hereto.

Section G. Sick Leave – HCSP: Employees with a minimum of ten (10) years of service with the Employer, who retire and are immediately eligible for PERA pension and/or PERA disability benefits, or who resign, quit because of disability, or who are laid off from employment and not re-called, shall have the balance of their accumulated, unused sick leave hours transferred into his/her Post Retirement Health Care Savings Plan account. Sick leave hours will not be paid out to employees who are terminated for cause.

Employees who voluntarily quit employment with the Employer or are terminated for cause are not entitled to any payment of sick leave bonus. Employees who separate employment under a disability arrangement are also not eligible for a sick leave bonus payment.

ARTICLE XII: SENIORITY

Section A. Staffing Level

The Employer shall have the right to determine the number of full and half-time regular employees and temporary, casual or seasonal employees.

Section B. Probation

All new regular employees shall be on probation for a period of sixty-seven (67) working days, at the end of which period they shall be entitled to seniority from their first day of employment. The standing is to be determined on the basis of total length of continuous employment with the Employer, not to include overtime hours, in a bargaining unit position. Accreted employees shall be credited with total hours of employment. For employees hired prior to January 1, 1995, seniority shall be credited by years of continuous service. This

section shall not apply to temporary, casual or seasonal employees.

Section C. Temporary Employees

For any employee hired to fill an AFSCME bargaining unit position on either a full-time temporary status, or on a part-time temporary status, the following conditions shall apply:

- A. From the first day of employment, the employee shall receive the contract rate of pay for the position they are hired or assigned to fill (90% of the hourly rate for the first six (6) months of employment). During the first sixty-seven (67) shifts of employment with the Employer, the employee shall earn no rights for seniority purposes with the bargaining unit. They have no right to post for any openings which may occur within the AFSCME bargaining unit, but may be assigned to an open position if they possess the necessary qualifications and licenses, and no bargaining unit employees are available. No overtime shall be offered unless all other eligible bargaining unit employees have been given an opportunity to work the overtime first.
- B. If the temporary position lasts longer than sixty-seven (67) shifts, on the sixty-eighth (68th) shift, the employee shall be declared on probation with the Employer, subject to the usual and customary evaluation process for all other regular bargaining unit employees. During this period of probation, the employee may be discharged without cause. **Effective 1/1/2015**, upon completion of one hundred thirty-four (134) shifts, the employee will have completed the contractual probationary period and will be entitled to bargaining unit seniority, with their seniority date being the **first** date of **employment** with the Employer. The employee shall be credited with sick leave and vacation accumulation and enrolled for other benefits, if they so desire, and will have layoff and recall rights as per this Agreement. During the second 67-shift probationary period, the employee may post for bargaining unit vacancies, but has no seniority rights to any position.

Section D. Seasonal Employees Seniority

A seasonal bargaining unit position is a position that is anticipated to last more than 67 shifts in a calendar year. It shall be scheduled to work forty (40) hours per week, five (5) days per week, on a regular basis over a predicted period of time during the year, (i.e. 5 to 7 months from April to October as an example). Seasonal AFSCME bargaining unit positions will not accrue seniority rights within the regular full time, regular part-time AFSCME Local 454 bargaining unit, but will establish seniority rights within the seasonal AFSCME bargaining unit after completion of 90 working shifts. Seasonal seniority rights shall be used for purposes of layoff and re-call to the seasonal unit positions, or to fill vacancies in the regular AFSCME bargaining unit, during non-seasonal periods of work.

In the event of a vacancy in the regular AFSCME Local 454 bargaining unit, seasonal employees shall be allowed to make application at the Clerk's office for consideration for the position, but may be considered only if there are no applicants from the regular full time, regular part-time AFSCME bargaining unit. If this occurs, the Employer shall review the seasonal applicants prior to seeking additional applicants from the general public. If the seasonal applicants do not possess the minimum qualifications for the position, they shall not have a "seniority right" to the position and may not grieve the issue with the Employer. In the event of a temporary vacancy in the regular AFSCME bargaining unit during non-seasonal periods, the senior qualified seasonal employee should be recalled. If a seasonal works more than 67 shifts in a regular bargaining unit position, they would then establish a seniority

date with the regular AFSCME bargaining unit, and would have seniority rights for future employment purposes.

Seasonal AFSCME bargaining unit positions shall not be entitled to any benefits other than, workmen's compensation benefits, and life insurance while employed in a seasonal position. They shall be covered by the overtime language, holiday pay during seasonal periods of employment only, and seasonal seniority. The pay for the seasonal bargaining unit positions shall be 90% of the regular position's rate of pay found in the AFSCME Local 454 Agreement, for the first six (6) months of employment, and shall increase annually in accordance with negotiated increases to said position.

Section E. Equipment Upgrades

Regular employees desiring training to operate equipment of a higher-grade classification within the department they work in shall be trained by qualified personnel designated by the City Engineer or his designee. The time and place of training will be selected by mutual agreement.

Section F. Loss of Seniority/Layoff

A regular employee shall lose their seniority standing upon voluntary resignation from employment with the Employer, or if terminated for cause. Any employee on layoff status shall retain seniority and recall rights for thirty (30) months after the original date of layoff. After thirty (30) months, their name shall be removed from the employment rolls.

Section G. Bumping

In the reduction of staff in any classification of work, a senior regular employee shall be given preference of work over a junior regular employee in the same classification. A regular employee laid off pursuant to this Agreement may bump a regular employee with lesser seniority in any classification provided that the bumping employee can demonstrate the ability to perform the required job duties and can obtain the required licenses of the position within forty-five (45) working days. For positions which require a college degree or a technical school certification, or State sanctioned license or certification, the employer will determine if a bumping employee has the necessary qualifications to bump into such positions. The Employer agrees to meet and confer with the Union to provide senior employees all available options to work in an effort to avoid laying off senior employees rather than retaining junior employees, part-time employees, seasonal, casual employees. Senior employees bumping into a position of lower pay shall receive the lower rate of pay for the time spent on such lower paying job.

Section H. Rehires

In the rehiring of regular employees, the senior regular employee shall be given preference over the junior regular employee. The Employer will notify the regular employee at his last-known address by certified mail. The regular employee must notify the Employer of their intent to return to work within seven (7) calendar days of delivery and or receipt of the recall notice. Failure to report for work within fourteen (14) calendar days of the return to work notice shall be considered a voluntary quit.

Section I. Transfers

In the case of transfer from one classification of work to another, regular employees involved

in the transfer shall not lose seniority standing.

Section J. Seniority List

The Employer shall post the seniority list by January 31 of each year. A period of thirty (30) days from the date of such posting will be allowed a regular employee to appeal their listing. Thereafter, the Employer shall post a new and revised seniority list by January 31 of each year. Once posted, the employer need only go back to the last posting to settle any disputes.

Section K. Vacancies

When a vacancy occurs on any job, the Employer shall post a notice of such vacancy within seven (7) days on employees bulletin boards, and the regular employees shall be given seven (7) days time in which to make application to fill said vacancy. Newly created positions shall be posted in the same manner. The senior regular employee making application shall be transferred to fill the vacancy or new position, provided they have the necessary qualifications to perform the duties of the job involved. A regular employee so transferred to fill the vacancy or new position shall be on probation in the new position for a period of thirty (30) calendar days, during which time they may elect to return to their previous position without loss of seniority in that position. Upon a determination by the Employer during the probationary period that a regular employee does not qualify, they shall not be relieved until review by the appropriate committee or commission and the Union Grievance Committee.

During the posting period indicated above, prospective applicants can secure the names of prior applicants from the department head. At the end of the posting period, the department head shall furnish the Union President with a list of all applicants. The Union shall also be notified as to which applicant is appointed to fill each vacancy or new position.

Temporary vacancies of thirty (30) days duration or longer shall be filled by posting. All vacancies, permanent or temporary, shall be posted and filled within forty-five (45) days of the date the vacancy occurs, and it is the intent of the Employer wherever possible to place the senior qualified regular employee in the position at the outset.

ARTICLE XIII: LEAVES OF ABSENCE

Section A. Leave of Absence

Family and Medical Leave Act. Employees may also use paid sick leave as per MN statute 181.9413. The Employer agrees to extend all rights granted under Federal or State Statutes regarding family or medical leave.

A leave of absence not to exceed six (6) months shall be granted by mutual consent of the Employer and the Union. The leave of absence may be further extended for an additional six (6) months, but in no event for any longer period by mutual agreement of the Employer and the Union. A regular employee shall continue to acquire seniority when a leave of absence is granted.

If a person is receiving LTD benefits as provided by the Agreement, they shall remain on the seniority list. Once the employee has been determined fully disabled, or has been on an unpaid leave for two (2) years, they shall be removed from the employment rolls.

A regular employee who is absent due to illness after their sick leave has been exhausted

shall be granted a disability leave of absence for a period not to exceed two (2) years. A regular employee on disability leave shall continue to acquire seniority during the period of such leave. The regular employee shall be required to furnish the Employer with a certificate from a doctor as to their inability to return to work each six (6) months during the period of disability leave.

Section B. Funeral Leave

Not to exceed three (3) consecutive work days absence shall be allowed an employee in the event of the death of a member of the immediate family, namely: wife, husband, son, daughter, father, mother, sister, brother, grandparents, grandparents of spouse, grandchildren, father-in-law, mother-in-law, son-in-law, daughter-in-law, sister-in-law, brother-in-law. In the event travel is required to a point outside a 200-mile radius from the City of Virginia, an additional period not exceeding two (2) days from the date of funeral will be allowed for travel if needed.

Section C. Parental Leave

Any regular employee who has been employed by the Employer for twelve (12) months or more shall be entitled to a parental leave as defined below:

1. Within six (6) weeks of the birth or the adoption of a child, an employee may commence an unpaid parental leave, which may be for a period of up to six (6) months. Prior notice of such parental leave must be received by the Employer at least four (4) weeks before the start of such parental leave and shall state the expected starting and ending dates of such leave.
2. During such unpaid parental leave, an employee shall not be eligible for any other contract benefits except for the Employer provided health insurance coverage which may be continued at the employee's expense.
3. Upon return from parental leave, an employee shall be entitled to all accrued pre-leave benefits and seniority, and shall return to their former position or another position with comparable duties, hours, and pay. In the event such parental leave lasts longer than one (1) month such employee must provide at least two (2) weeks notice of intent to return to work prior to returning to work.
4. In the event the employee is eligible for and receives sick leave benefits as provided for in Article 10 of the Agreement during the time of parental leave, the employee shall be paid for such sick leave benefits and their unpaid parental leave shall not be extended as a result of using sick leave.
5. During the prenatal period, the pregnancy shall be treated in the same manner as any other illness for the purposes of use of accumulated sick leave during the period when the employee is incapacitated as a result of the pregnancy.

Section D. Military Duty Leave

Up to fifteen (15) working days (120 hours) paid leave per calendar year shall be granted to members of a Reserve or Guard Unit of the United States or the State of Minnesota who are ordered by the appropriate authorities to attend a training program or perform any other duties under the supervision of the United States or the State of Minnesota. Employees shall

be paid their regular salary during the period of military leave, and shall remit payment received from the Guard or Reserve Unit, minus mileage or per-diem, to the Employer. Military leave without pay will be granted to all employees recalled to active duty in the United States Military or Minnesota Guard Units and all such time shall count toward the employee's seniority.

Section E. Jury Duty

When a regular employee has been called upon for jury duty by the Municipal, State or Federal Courts and has been absent from work because of such jury service, they shall be paid their regular salary by the Employer with the understanding that at the completion of their jury duty, they shall remit their jury service checks to the Employer. The Employer shall be entitled to the jury duty check, less the amount included for traveling expenses, which shall be remitted to the employee.

It is further understood that if such employee is scheduled to work on the day in question and is dismissed by the Court two (2) hours prior to the end of their work schedule, they will return to work for the balance of such day. If a shift worker is scheduled to work the afternoon shift on the day in question and is dismissed by the Court two (2) hours prior to the beginning of his shift, they will not be considered as having performed any jury duty on that day and consequently will be compensated only for time actually worked on such shift. The employee must give their department supervisor notice of their forthcoming jury service as soon as they are notified if they are to receive the difference as indicated above.

ARTICLE XIV: DISMISSALS, DEMOTIONS AND TRANSFERS

Discharges, demotions or transfers to a lower classification shall be made only for just cause. The Union Grievance Committee and the employees affected shall receive prior notice in writing of any such action. Upon request of the Union, a hearing shall be held at which the employees and the Union shall have the right to present witnesses, introduce evidence, and to examine witnesses and evidence presented against them. A stenographic record of the hearing before the Employer shall be taken, and the employee and the Union Grievance Committee shall be entitled to a copy of the record. In case of dismissals, the salary of the employee shall be suspended during the period in which the hearing takes place, but their name shall not be removed from the payroll. In case of reinstatement after the hearing, the employee shall be given all the back pay withheld during the period of suspension. In cases where a demotion has been proved unjustified and the employee returned to their former status, the loss of pay involved shall be restored.

Where reasonable to do so, before an employee is suspended, they shall be given a hearing before the Grievance Committee of the Employer.

In the event a general layoff is contemplated, the Employer agrees to call in the Union Grievance Committee and to discuss the problem with them before any action is taken.

ARTICLE XV: GRIEVANCE PROCEDURE

Grievance shall be defined as a dispute or disagreement as to the applications or interpretation of any term or terms of this Agreement.

Section A. Resolve Informally

Employees are encouraged to attempt to resolve any disagreement on an informal basis with their Supervisor. If the matter is not resolved by informal discussion, it shall be settled in accordance with the following procedure:

Section B. Step 1 – With Supervisor

The Union President, Steward, or the grievant shall present the grievance in writing to the Supervisor involved. Failure to present the grievance within ten (10) working days of the occurrence or knowledge of the violation, and failure to request in writing within the prescribed time limits advancement of the grievance to the next step shall render the grievance null and void. Failure of the Employer to respond within the prescribed time limits shall render the grievance settled, based on the Union's last position on the issue. An answer to the grievance shall be made in writing within fifteen (15) calendar days after receipt by the Supervisor.

Section C. Step 2 – City Personnel Committee

In the event no settlement is reached, the Union or the Employer may request a meeting between the Exclusive Representative and the City Personnel Committee Chair or the Mayor, the grievant and the Supervisor. Request for this meeting shall be in writing and must be postmarked within fifteen (15) calendar days after receipt of the written response of the Supervisor. This meeting shall be considered Step 2.

Section D. Step 3 – City Council

In the event no settlement is reached, the Union or the Employer may request in writing a meeting with the City Council. The request is to be in writing, and shall be postmarked within fifteen (15) calendar days of the date of the Step 2 meeting. The meeting shall be scheduled within twenty (20) calendar days after receipt of the written request. This shall constitute Step 3.

Section E. Step 4 – Mediation

In the event no settlement is reached at the Step 3 meeting, the parties may with mutual consent request the services of the Bureau of Mediation Services and hold a grievance mediation session, to attempt and reach a settlement. Request for this Step 4 meeting shall be made in writing within ten (10) calendar days of the Step 3 meeting. If there is no consensus on the grievance mediation, the grievance shall move directly to the final step, grievance arbitration.

Section F. Arbitration

If no settlement is reached in Step 3 or Step 4 (depending on the parties position on grievance mediation), the grievance shall be submitted to arbitration, within fifteen (15) calendar days, and the decision of the arbitrator shall be final and binding on the parties. If the parties are unable to agree upon the appointment of the arbitrator within five (5) days after submission of the grievance to arbitration, either party may then request the Director, Bureau of Mediation Services, State of Minnesota, to furnish a list of seven prospective arbitrators. From this list, each party shall, in turn, strike one name until one name remains, and the last remaining individual shall be designated as arbitrator. The grieving party shall strike first. A hearing on the grievance shall be heard promptly by the arbitrator, and a decision shall be rendered by him within thirty (30) days of the date of the hearing. All

expenses and costs of the arbitrator shall be shared and assessed equally to the parties.

Section G. Representation

Duly authorized representatives shall have the right to accompany the employee and/or the Union Grievance Committee at all times in the discussion or adjustment of grievances. Any current retiree who is under age 65 shall have the option to convert to the VEBA 100 plan at 90/10 premium split, with the Employer paying 90%. The Employer will pay the full annual deductible until the retiree reaches age 65, then the retiree must enroll in a supplemental plan. This option is open until July 1, 2012.

Section G. Retiree Eligibility

All benefits listed above in Retirement Health and Welfare.

1. The Parties agree that if the Union wants to add options to increase HCSP contributions with employee monies, those parts of the Agreement can be reopened and modified independently from the rest of the contract. The Union shall give the Company thirty (30) days' notice and the Parties will meet to discuss options. This in no way obligates the Employer to contribute any Employer funds to employee Health Care Savings Plans.

Beginning on the first anniversary of any employee hired after January 1, 2004, said employee shall contribute via payroll deduction 2% of monthly base earnings into the employee HCSP. In addition the Employer shall contribute 1% of the employee's monthly base earnings commencing on the employee's first anniversary date, with the level of contribution increasing to 3% on the employee's fifth (5th) anniversary date; 5% on the employees tenth (10th) anniversary date; 7% on their 15th anniversary date. ARTICLE XXI: PROGRESSIVE REPRIMAND SYSTEM

Offenses

Offenses include, but are not limited to, the following:

1. Insubordination (refusal or failure to perform work assigned; fighting)
2. Possession, use of, or being under the influence of any alcoholic beverage or any type of dependency drugs during work periods.
3. Absenteeism without leave or without satisfactory explanation; chronic tardiness.
4. Failure to work emergency** overtime.

5. Failure to abide by safety rules and regulations.

**Emergency - When the health and/or safety of the citizens of Virginia is in jeopardy.

Theft would be immediate discharge.

First Offense – Verbal Warning

Record of a verbal reprimand will be entered into an employee's personnel file. A verbal reprimand will be given and followed up (within five (5) days) with a discussion between the employee and their supervisor on the action, which constituted the reprimand.

Second Offense – Written Warning

A written warning will include a "coaching" session with the employee and the supervisor involved in issuing the reprimand. The supervisor will review and explain the work rules or job performance standards that the employee has violated or abused. The supervisor will encourage the employee to improve their work habits and schedule a follow-up meeting in approximately two (2) weeks to evaluate the improvement of the employee.

A copy of the reprimand will be placed in the employee's personnel file. The employee will also receive a copy.

Third Offense – Decision Making Leave or Unpaid Suspension of 1 to 3 Days

If, and when an employee reaches this point in the progressive reprimand process, it is time for that employee to take a good look at their own behavior, actions, or work habits to determine how to improve themselves to meet the employer's standards. An employee who reaches this step will be notified by their immediate supervisor and their general supervisor that they are being placed on a "decision making leave". This may be for the remainder of a shift, or an entire shift. The decision making leave will be compensated by the use of vacation or compensable time. The next day, or on the employee's next scheduled shift, the employee will meet with the general supervisor prior to returning to work. The parties will go over the exact reasons for the pending suspension (and the length of that suspension), and the exact work rules that the employee is expected to abide by, if the employee decides to return.

If the employee agrees to return to work under the guidelines stipulated by the Employer, the employee shall be allowed to do so. If in the opinion of employee's supervisor, the incident is serious enough to warrant additional time off, or the employee does not agree to return to work under the conditions placed upon them by the Employer, the suspension as described earlier will be implemented (without pay from one (1) to three (3) days).

If an employee's decision making leave and subsequent suspension are overturned by an arbiter or the City Council or City Administrator, the time off taken for the decision making leave (comp time or vacation) will be credited back to the employee.

The decision making leave directly involves the employee in the process of discipline and correction, and treats them as the adult they are, and as they are expected to behave and abide by the working conditions set forth by the Employer.

A copy of the decision making leave will be placed in the employee's personnel file and a copy will be given to the employee.

Fourth Step - Termination

If an employee's actions have resulted in them being subjected to the three (3) previous steps within the agreed upon time frame, then the Employer shall notify the employee with a termination notice. A termination hearing will be scheduled in accordance with the City Charter. A copy of this notice shall be sent to the Union also.

A record of each offense will remain in an employee's personnel file for a period of three (3) years from the date it was issued.

***All employees' personnel files will be expunged of any discipline actions or notices after three (3) years from the date the reprimand was placed in the employee's file.

WORK RULES

Doctor and dental appointments shall be made after working hours where it is possible.

Coffee breaks shall be taken at the nearest coffee shop to the work site and every effort shall be made not to have a number of employees at the same coffee shop. Cooperation by the employees of the City is necessary for the performance of your duties. Failure to cooperate with fellow employees will be dealt with on the same basis as the above reprimands.

Public Works employees on loan to other City departments shall be required to follow the work rules of such other departments.

ARTICLE XXII: NON-DISCRIMINATION CLAUSE

Section 1. Non-Discrimination

The provisions of this Agreement shall be applied equally to all employees without discrimination as to age, sex, marital status, sexual preference, race, color, creed, disability, national origin, political affiliation, veterans status, membership in the National Guard, state defense force or any reserve component of the military forces of the United States or any other basis prohibited by federal or state law, e.g., Americans with Disabilities Act.

The Union and the Employer agree that they have a joint obligation to comply with the Americans with Disabilities Act (ADA). The Union and the Employer agree that they have the obligation to consider accommodation requests from qualified ADA individuals and employees returning from Worker's Compensation injuries. The Employer agrees to maintain the policy of attempting to place employees who have incurred a work related disability in areas of work which would fit the employee's physical capabilities but not to create a job just to provide employment.

The Employer shall provide these reasonable accommodations in a fair and equitable manner. Should reasonable accommodation request(s) raise the question of waiving the collective bargaining agreement, the Employer and the Union shall follow the procedures in

Section 3.

Section 2. Information

Both parties recognize their responsibilities for confidentiality. The Union agrees to provide ADA information to any employee who requests a reasonable accommodation. Upon request from the Union, the Employer shall provide a report of reasonable accommodation requests.

Section 3. Process

Upon request, an employee seeking an accommodation shall be entitled to Union representation. The Union representative and the employee shall be allowed a reasonable amount of time during working hours, without loss of pay, to discuss the request. The Employer shall review employee requests for accommodation considering ADA guidelines on equipment purchase or modification, accessibility improvement, and scheduling modifications and/or restructuring of current positions and duties allowable under the collective bargaining agreement, before considering or requesting waiver of the collective bargaining agreement.

If the Employer deems that the contract waiver is necessary, they shall contact the Union to convene a meet and confer on the issue. At this meeting, the Employer shall inform the Union of the employee's restriction(s) subject to each party's confidentiality obligations, the specific article(s) to be waived, and the manner in which the Employer proposes to modify that article(s).

ARTICLE XXIII: DURATION OF AGREEMENT

Except as otherwise provided, this Agreement shall remain in full force and effect until December 31, 2017, unless either party hereto gives notice to the other party at least sixty (60) days prior to the expiration date of this Agreement of the desire to negotiate a new agreement.

All new employees will start at a rate that is equal to 10% less than the contract rate of pay for the position filled for the first six (6) months of their employment. After the six (6) month period, the employee shall be paid at the full contract rate of pay for the position they are assigned.

CITY OF VIRGINIA RETURN TO WORK POLICY

It shall be the Policy of the City of Virginia to treat each employee consistently when dealing with a "return to work" from illness or injury. This Policy will be subject to all applicable laws pertaining to The Americans with Disabilities Act (ADA). The principle and philosophy of the Policy shall be to allow an employee for a return to work from an extended illness or injury, when the employee is capable of providing meaningful work which is readily available and where the City can reasonably accommodate, without putting the employee or City at risk or burdening fellow employees with the accommodation(s).

The first option will be to return the employee to their posted position with or without reasonable accommodation(s) that may be necessitated by a medical/physical restriction of the employee. In the event an employee has medical/physical restrictions upon their return to work, the City retains the right to request a medical examination or occupational assessment, at the expense of the City, to fully determine the extent of the restriction(s) and to assist in determining the appropriate accommodation(s).

The second option will be to allow for a return to work in an alternate assignment, when and where meaningful work is available that the employee can readily perform with limited accommodation(s). Such work assignment(s) cannot infringe on the regular duties of other bargaining unit employees, and cannot be used to replace or displace bargaining unit employees. Again, where the employee has medical/physical restrictions, the City can request a medical examination or occupational assessment, at the expense of the City. Placement in an alternate work assignment shall be for a maximum of fifteen (15) regular shifts wherein an evaluation, based on new information attained from medical or occupational reevaluation or reasonable accommodation, of the placement shall be reviewed. In the event of disagreement over available work, the Union may present their position to the Personnel Committee of the City for consideration.

The City, in considering a return to work placement with restriction(s) back into the employee's posted position, or in an alternate work assignment, shall notify the Union Exclusive Representative and/or President of the placement and the Union shall have the opportunity to meet with the City and the employee to discuss the return to work placement that involves accommodation(s). This will ensure the consistent handling of the procedure and opportunities for all bargaining unit employees.

This policy may not be used or interpreted to contradict language in the AFSCME Local 454 Labor Agreement covering employees while on short and long term disability and does not create a "light duty" situation. This Policy shall govern over employees returning from worker's compensation injuries, return after a long term disability and extended illness or medical leave of absence.

The parties to this Agreement, (i.e., the City of Virginia and AFSCME Local 454), agree to the terms and conditions of this Policy, as indicated by their signatures hereto affixed, effective on the date of ratification.

APPENDIX B: MEMORANDUMS OF UNDERSTANDING

March 16, 2001

Mr. Terry Leoni
Department Director
327 First Street South
Virginia, MN 55792

Dear Mr. Leoni:

The membership of AFSCME Local 454 has passed a resolution regarding the adoption of a written procedure for public works employees. The protocol would be followed when filling non-emergency overtime. If acceptable by the City it will be implemented upon notice of acceptance from the City.

NON-EMERGENCY OVERTIME CALL-OUT PROTOCOL

PUBLIC WORKS EMPLOYEES:

To be eligible for any non-emergency overtime call-outs, an employee must work the first half of their regularly scheduled shift. If an employee takes more than one-half of their regularly scheduled shift for the purpose of vacation, compensatory time off, or personal leave, they shall be considered unavailable for any and all overtime call-outs until the start of their next regularly scheduled shift. If that next scheduled shift will have an early start, said employee would be notified of that change and allowed to report at the earlier time.

To be consistent, there will be no exceptions to the above written protocol. Emergency situations will be handled as such and all employees needed will be contacted. For purposes of clarification, an "Emergency" shall be defined as:

"A situation that occurs either as a result of mother nature, an act of God, or a situation that places the safety and well being of the community in imminent danger. A state of emergency can be declared by Federal, State or local officials who have the authority by law to do so".

**MEMORANDUM OF UNDERSTANDING
BETWEEN
CITY OF VIRGINIA
AND
AFSCME LOCAL 454, COUNCIL 65 AFL-CIO**

WHEREAS, the parties to the Agreement, i.e. City of Virginia, and AFSCME Local 454 have recognized that there is a need to develop a fair and consistent mechanism for employees to request and process a job re-evaluation, and;

WHEREAS, the Agreement does not contain any current language regarding a re-evaluation process, yet positions do evolve, responsibilities change, minimum requirements increase, certifications and licensure can become an issue, therefore;

The parties to the Agreement hereby agree to the inclusion of this provision, by Memorandum of Understanding to the labor agreement, and it shall have full force and effect as any other term and condition found in the Agreement upon signature of the parties to the Agreement.

Employees shall be afforded the right to request an appeal of their position and subsequent pay by submitting a request for re-evaluation between January 1 and February 1 of each year. Request shall be submitted to the City Department Director with copy to the Union Exclusive Representative. Upon receipt of written request, the City shall notify the Position Review Committee, which shall consist of three (3) management personnel and three (3) Union personnel, who shall meet within thirty (30) days to review all requests submitted. The committee shall have the authority to call witnesses to testify about the position(s) under consideration, review any and all pertinent documentation, review current job descriptions, and ultimately determine the validity of the request(s). All decisions shall be made by consensus, and will be forwarded to the AFSCME Exclusive Representative and the City Department Director for final negotiations of appropriate compensation adjustment. All evaluations shall be completed by March 15th, and if any change results in the rating and pay grade, they shall be effective March 15th. Both the exclusive representative and the City Council shall receive copies of the original evaluation requests, as well as copies of the final results. Both parties shall seek final approval from the City Council and a memo of understanding shall be drafted identifying any and all changes in job descriptions and pay. Changes in the rate of pay shall become effective only after ratification by each party, but in all cases shall be retroactive to March 15th of the current year. For a position, which necessitates an evaluation after the February 1 cut off date, approval of the Union and City Department Director shall be required, and that decision, as well as the decision of the Position Review Committee shall not be a grievable offense.

Re: MEMORANDUM OF UNDERSTANDING - AFSCME LABOR AGREEMENT 1/1/07 -
12/31/09

Dear Mayor Gentilini:

WHEREAS the parties to the Agreement, i.e. City of Virginia, hereinafter referred to as the "Employer", and AFSCME Council 65, Local 454, hereinafter referred to as the "Union", both ratified a contract settlement that had been negotiated in good faith, and

WHEREAS, subsequent to the action to ratify, the parties learned that a provision of the new contract was in conflict with State Statute 356.24, and

WHEREAS, the parties wish to resolve that specific provision of the contract via legislative change that would allow for full application of the provision, and

WHEREAS, the parties agreed to meet and negotiate an alternative arrangement in the event such legislation does not occur,

THEREFORE BE IT RESOLVED, the parties to the Agreement, by their signatures affixed to this document, heretofore agree that this Memorandum of Understanding shall take precedence and standing over Section K, of Article VIII, of the Agreement until such time that State Statute 356.24 is modified and enacted, that would allow for employer contributions into any qualified deferred compensation plan, as was the initial negotiated settlement between the parties. Until such time, these provisions shall apply:

1. For the calendar year of 2007, the Employer shall make a contribution on a monthly basis, for each employee, an amount equal to 1% of the employee's annual base salary, into the employee's Health Care Savings Plan account. Since the calculation and payment will not commence until June of 2007, the contributions shall reflect the monthly adjustment to achieve full contribution

of the calculated 1% annual base salary. Each employee shall be provided a document reflecting the calculation of the annual base no later than the first pay period in July of 2007.

2. Section K of Article VIII, Wages,(third paragraph) shall be modified to allow for the following: "Commencing on July 1, 2008, the City will make a non-elective matching contribution up to a maximum of one percent (1%) of each employee's annual base wage into each employee's deferred compensation plan if the employee contributes one percent (1%) of annual base salary or more, contingent upon successful legislative change of MN Statute 356.24 that would allow for employer contributions into the employee's deferred compensation plan of choice." Also, contingent upon successful legislation, the 1% contribution into the HCSP would cease, and that contribution would be directed into the employee's deferred compensation plan of choice, as offered by the City."
3. In the event there is no legislative change, effective July 1, 2008, the Employer shall increase the salary schedule for AFSCME Local 454 by an additional one percent (1%), in lieu of the deferred compensation contribution. The 1% contribution into the employee's HCSP plan would continue uninterrupted, but adjusted to reflect the new base salary for the balance of the year.
4. In the event there is no legislative change effective by January 1, 2009, the Employer shall increase the base salary schedule by an additional one percent (1%) for a total adjustment of four percent (4%) in lieu of the deferred compensation contributions. The one percent (1%) Employer contribution into the employee's HCSP would continue.

The provisions of the MOU shall have the full force and effect as any and all provisions of the collective bargaining agreement, and shall be enforceable via the grievance and arbitration provisions of the Agreement.

Memorandum of Understanding
between
AFSCME Local 454 and the City of Virginia

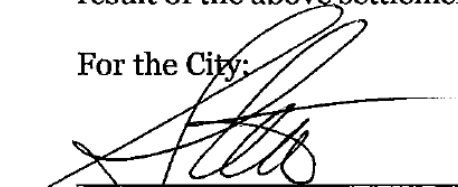

In order to resolve the VEBA grievance, the Collective Bargaining Agreement, and the Outsource Grievance, the following has been agreed upon by both parties:

The City agrees that there will be no future outsourcing of any bargaining unit jobs and if there are to be layoffs within the City that would affect AFSCME bargaining unit positions, the City agrees that the golf course contract employees (previous bargaining unit positions) will be laid off prior to any bargaining unit members and will only be recalled after bargaining unit members are recalled to work. This MOU will be revisited and negotiated by both parties prior to December 31, 2010, to discuss how to proceed for the following year.

The Contract will be settled with the previously agreed upon tentative agreements.

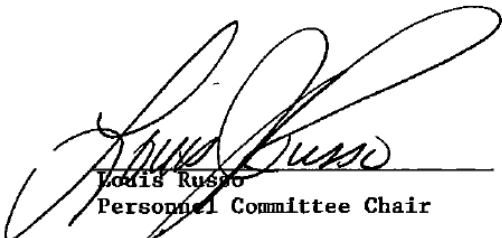

AFSCME agrees to withdraw both the VEBA and Outsource grievances as a result of the above settlement.
