Honorable Members of the City Council
City of West Orange, Texas

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles ("GAAP") and audited in accordance with U.S. generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, the comprehensive annual financial report of the City of West Orange, Texas (the "City") for the fiscal year ended September 30, 2010, is hereby submitted.

The responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City's management. The report consists of management's representations concerning the finances of the City. To provide a reasonable basis for making these representations, the City has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we believe the enclosed data to be accurate in all material respects and reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The City's financial statements have been audited by **Sandersen Knox & Co., L.L.P.**, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon on the audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the year ended September 30, 2010, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The MD&A is a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement and should be read in conjunction with the MD&A. The City's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

The City, incorporated in 1954, is located in the eastern part of the state, currently occupies a land area 3.2 square miles and serves a population of 3,549. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by City Council.

The City of West Orange has adopted a Mayor-Council form of government. The Council, vested with policy-making and legislative authority, is comprised of a Mayor and five Council members. The Mayor and Council members are all elected at large for a two-year term, with no term limits. The Mayor and two Council members are elected on one rotation (every odd year), and the three remaining Council members are on a separate rotation (elected in even years). City Council is responsible, among other things, for passing ordinances, adopting the budget and the hiring of the City's management and attorney.

The City provides a full range of municipal services: public safety (police and fire protection), public improvements, sanitation, repair and maintenance of infrastructure, recreation and general administrative services. As an independent political subdivision of the State of Texas governed by an elected Mayor and Council, the City is considered a primary government. In accordance with standards established by the Governmental Accounting Standards Board, the City reports all funds for which the City, as the primary government, is accountable.

The annual budget serves as the foundation for the City's financial planning and control. Department heads are required to submit requests for appropriation to the Mayor in June or July of each year. The Mayor then presents the proposed budget to Council for review. The Council is required to hold a public hearing on the proposed final budget and to adopt a final budget by no later than September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund, function (e.g. public safety) and department (e.g. police). Department heads make transfers of appropriations within a department. Transfers of appropriations between departments, however, require the approval of Council. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. The City has adopted a budget for the General Fund, but not the Special Revenue Funds. The City also utilizes an encumbrance accounting system to aid in accomplishing budgetary control. Unencumbered amounts lapse at year end. As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

LOCAL ECONOMY

The City of West Orange is home to a small group of industries. Major industries and business activities in the area include healthcare, metals, oil and gas services and a variety of general retail operations. The top two taxpayers account for approximately 15.4% of assessed valuation in the City.

The City is also a major retail trade area for building materials, general merchandise, food stores and restaurants.

Net taxable value for all residential and commercial property in the City was approximately \$110.1 million for fiscal year 2010, which is a decrease of approximately \$2.5 million from the previous fiscal year.

LONG-TERM FINANCIAL PLANNING

Unreserved fund balance in the General Fund amounted to \$1,961,939 as of September 30, 2010. The City plans on continuing to build up fund balance in order to finance future capital projects as they arise.

RELEVANT FINANCIAL POLICIES

During the current fiscal year, the City received monies from various federal agencies due to damage and expenditures incurred from a recent hurricane. The City, its residents and local businesses continue their recovery efforts from the impact of Hurricane IKE in 2008. It is the City's policy that these monies not be used for current operating purposes, but to place the monies back in the General Fund to replenish the monies used to fund the expenditures incurred from this hurricane.

ACCOUNTING SYSTEMS AND BUDGETING CONTROL

Accounting Systems

The City's accounting records for general governmental operations are maintained on a modified accrual basis with the revenues recorded when available and measurable and expenditures recorded when the services and goods are received and the liabilities are incurred. The City has no proprietary activities, which are maintained on the accrual basis.

Consideration of adequate internal accounting controls has been made in designing the City's accounting system. Internal accounting controls, instituted by the Mayor and Council as part of the accounting system, are designed to provide reasonable assurances that assets are properly safeguarded against loss from unauthorized use or disposition, that financial records used in preparation of the financial statements are reliable, and that accountability for the City's assets is maintained. The concept of reasonable assurance in relation to internal controls recognizes that the cost of a control process should not exceed the benefits derived from the performance of related procedures and that the City's management must make estimates and judgments in evaluating the cost and benefit relationships relating to internal control processes and procedures that become a part of the City's accounting system.

Budgetary Compliance

Because budgetary compliance is significant in managing governmental activities, budgetary compliance controls are critical. The objective of these controls is to ensure compliance with legal spending limits in annual or project appropriated budgets approved by City Council. The City Charter provides that the City Council shall adopt annual or project budgets every fiscal year for all City funds. The budgets are prepared and maintained by City management.

The objective of budgetary controls is to ensure compliance with legal provisions contained in the annual appropriated budget approved by the City Council. Annual appropriated budgets are adopted for the General Fund. The original budget is adopted by the City Council prior to the beginning of the fiscal year. Expenditures may not legally exceed budgeted appropriations at the department level. Expenditure requests, which would require an increase in total budgeted appropriations, must be approved by City Council through a formal budget amendment. At any time in the fiscal year, the Council may make emergency appropriations to meet a pressing need for public expenditure in order to protect the public health, safety, or welfare. The Council has the power to transfer any unencumbered funds allocated by the budget from one activity, function, or department, to another activity, function, or department, to re-estimate revenues and expenditures, and to amend the budget.

Budgetary Controls

During the year, expenditure controls are maintained by each department with review of the budget provided by the Mayor and overall control exercised by the Mayor and Council. Constant review of revenue and expenditure estimates is performed to assure the integrity of the adopted budget and to assure funds are available to meet current obligations. As a result of this review, it is possible to exercise administrative budgetary controls throughout the year. As demonstrated by the financial statements presented in this report, the City continues to meet its responsibility for sound financial management.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2009. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such Comprehensive Annual Financial Reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. This was the twelfth consecutive year that the City has received this prestigious award. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA for its review.

In closing, without the dedication of the employees and the direction of the members of the City Council, preparation of this report would not have been possible. As Mayor, I want to express my sincere appreciation to our employees, who have continually demonstrated their professionalism and abilities in the management of the finance function. I also want to thank the Members of the City Council for their support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Roy McDonald
Mayor

CITY OF WEST ORANGE, TEXAS

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and
Members of the City Council
City of West Orange, Texas

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the City of West Orange, Texas, as of and for the year ended September 30, 2010, which collectively comprise the City of West Orange, Texas' basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of West Orange, Texas' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the City of West Orange Texas, as of September 30, 2010, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 11, budgetary comparison information on page 36 and pension information on page 38 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of West Orange, Texas' financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

A handwritten signature in cursive script, appearing to read "Sugar Land & Co.", is written in dark ink.

Sugar Land, Texas
January 11, 2011

Management's Discussion and Analysis

As management of the City of West Orange, Texas (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the year ended September 30, 2010.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$5,986,970 (net assets).
- As of September 30, 2010, the City's governmental funds reported an ending fund balance of \$2,170,488.
- The City's cash balance at September 30, 2010 was \$2,208,284, representing an increase of \$459,785 from September 30, 2009.
- The City had expenses net of program revenue of \$2,140,000 and general revenues of \$2,428,464, resulting in a net increase in net assets of \$288,464 for the year ended September 30, 2010.
- At the end of the fiscal year, unreserved and undesignated fund balance for the General Fund was \$1,961,939, or 74.5 percent of total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., depreciation and earned but unused vacation leave).

The government-wide financial statements present functions of the City that are provided from funding sources (governmental activities). The government-wide financial statements can be found on pages 15-17 of this report.

FUND FINANCIAL STATEMENTS

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses

fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City consist solely of governmental funds (the General Fund and Special Revenue Funds).

Governmental Funds - Governmental funds are used to account for essentially the same function reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented in the governmental funds with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide an adjustments column to facilitate this comparison between the governmental funds and *governmental activities*. The basic governmental fund financial statements can be found on pages 18-21 of this report.

NOTES TO THE FINANCIAL STATEMENTS

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 23 through 34 of this report.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's General Fund budget and the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 36-38 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$5,986,970 as of September 30, 2010.

The largest portion of the City's net assets (66.0 percent) reflects its investment in capital assets (e.g. land, buildings, vehicles, furniture and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to the individuals we serve; consequently, these assets are not available for future spending.

Additionally, a portion of the City's net assets (3.5 percent) represents restricted financial resources to be used for public safety.

Lastly, a portion of the City's net assets (30.5 percent) represents unrestricted financial resources available for future operations.

SUMMARY OF STATEMENT OF NET ASSETS
As of September 30, 2010 and 2009

	Governmental	
	Activities	
	2010	2009
Current and other assets	\$ 2,378,852	\$ 1,909,623
Capital assets, net	3,948,436	4,082,383
Total Assets	6,327,288	5,992,006
Long-term liabilities	195,857	192,240
Other liabilities	144,461	101,260
Total Liabilities	340,318	293,500
Net Assets:		
Invested in capital assets	3,948,436	4,082,383
Restricted	208,549	164,549
Unrestricted	1,829,985	1,451,574
Total Net Assets	\$ 5,986,970	\$ 5,698,506

Net assets of the City, all of which relate to governmental activities, increased by \$288,464. Key elements of the increase are as follows:

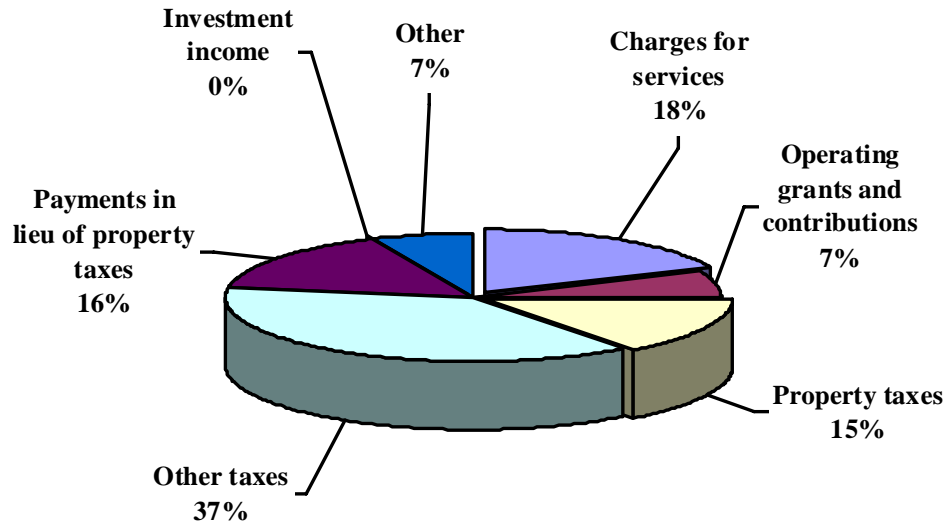

CHANGES IN NET ASSETS
For the Fiscal Years Ended September 30, 2010 and 2009

	Governmental Activities	
	2010	2009
Revenues		
Program revenues:		
Charges for services	\$ 595,808	\$ 546,676
Operating grants and contributions	214,272	711,273
General revenues:		
Property taxes, penalties and interest	473,271	495,404
Other taxes	1,225,425	1,340,378
Payments in lieu of property taxes	514,354	566,809
Investment income	2,558	3,840
Other	212,856	108,805
Total Revenues	3,238,544	3,773,185
Expenses		
General government	536,671	499,640
Public safety	1,158,390	1,097,427
Public works	1,255,019	1,282,500
Total Expenses	2,950,080	2,879,567
Change in Net Assets	288,464	893,618
Net assets, beginning	5,698,506	4,804,888
Net Assets, Ending	\$ 5,986,970	\$ 5,698,506

This \$288,464 increase in net assets is primarily a result of actual expenses being less than anticipated in general government, public safety and public works.

Graphic presentations of selected current year data from the changes in net assets table follow in order to assist in the analysis of the City's activities.

GOVERNMENTAL REVENUES

For the fiscal year ended September 30, 2010, revenue from governmental activities totaled \$3,238,544.

GOVERNMENTAL FUNCTIONAL EXPENSES

For the fiscal year ended September 30, 2010 expenses from governmental activities totaled \$2,950,080, the largest portions of which relate to public works (43%) and public safety (39%).

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As previously noted, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The City's governmental funds are discussed below:

Governmental Funds - The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, fund balances may serve as a useful measure of a government's net resources available for spending for program purposes at the end of the fiscal year.

As of September 30, 2010, the City's governmental funds, which consist of a general fund and special revenues funds, reported an ending fund balance of \$2,170,488, which is an increase of \$416,761 from last year's total of \$1,753,727. The General Fund, the City's main operating fund, had an ending fund balance of \$1,961,939, a \$372,761 increase from the prior year. This increase in fund balance is mainly due to appropriations exceeding expenditures during the current fiscal year. As a measure of the General Fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 74.5 percent of total General Fund expenditures. The Special Revenue Funds reported an ending fund balance of \$208,549, of which \$205,847 is reserved for public safety and \$2,702 is reserved for public works.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - The City's investment in capital assets as of September 30, 2010, amounts to \$3,948,436 (net of accumulated depreciation). This investment in capital assets includes land, buildings, machinery and equipment, infrastructure, and construction in progress as applicable.

CAPITAL ASSETS SCHEDULE

	Governmental Activities	
	2010	2009
Land	\$ 573,061	\$ 629,111
Buildings	1,596,654	1,517,445
Machinery and equipment	1,288,252	1,324,790
Infrastructure	4,798,287	4,798,287
Less: accumulated depreciation	(4,307,818)	(4,187,250)
Total Capital Assets, Net	\$ 3,948,436	\$ 4,082,383

Additional information on the City's capital assets can found in Note 5 in the Notes to Financial Statements.

LONG-TERM DEBT

As of September 30, 2010, the City's long-term debt was comprised solely of compensated absences, which amounted to \$195,857. The City has established a separate bank account in which money is being

accumulated for the payment of compensated absences. As of September 30, 2010, this bank account has a balance of \$61,751.

Additional information on the City's long-term debt can be found in Note 6 in the Notes to Financial Statements.

GENERAL FUND ENDING FUND BALANCE

- Unreserved fund balance in the General Fund increased to \$1,961,939. It is intended that the use of available fund balance will avoid the need to raise taxes during the 2011 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of West Orange, Texas' finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to West Orange, Texas: Roy McDonald, Mayor, 2700 Western Avenue, West Orange, Texas 77630.

Exhibit A-5

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES**

For the Year Ended September 30, 2010

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 416,761
Governmental funds report capital outlays as expenditures. However in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$286,373) exceeded capital outlay (\$152,426) in the current period.	(133,947)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds. This adjustment reflects the net change in property taxes receivable on the accrual basis of accounting.	9,267
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This adjustment reflects the net change in accrued compensated absences.	<u>(3,617)</u>
Change in Net Assets of Governmental Activities	<u><u>\$ 288,464</u></u>

See Notes to Financial Statements.

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of West Orange, Texas (the City), was incorporated on August 10, 1954, under the provisions of Title 28 of the Revised Civil Statutes of Texas, 1925. On May 19, 1956, the City adopted a Home Rule Charter. The City now operates under a mayor-council form of government.

The City Council is the principal legislative body of the City. The Mayor presides at meetings of the City Council.

The City provides the following services: public safety to include police and fire, highways and streets, sanitation, recreation, public improvements, and general administration.

A. Reporting Entity

The City is an independent political subdivision of the State of Texas governed by an elected council and a mayor and is considered a primary government. As required by generally accepted accounting principles, these financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations or functions as part of the City's financial reporting entity. Additionally, as the City is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations or functions in the City's financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the City is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the City's financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and it is fiscally independent of other state and local governments. Additionally prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable; and considerations pertaining to organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

B. Financial Statement Presentation

These financial statements include implementation of Governmental Accounting Standards Board (GASB) Statement No. 34 – Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments.

Certain of the significant changes in the Statement include the following:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the City's overall financial position and changes in financial position.
- Government-wide financial statements prepared using the accrual basis of accounting for all of the City's governmental and business type activities.

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

- Fund financial statements focusing on the major funds.

Statement No. 34 established standards for external financial reporting for all state and local governmental entities, which includes a statement of net assets and a statement of activities. It requires the reclassification of net assets into three components-invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

- Invested in capital assets, net of related debt – This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted – This component of net assets consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through contractual provisions or enabling legislation.
- Unrestricted net assets – This component of net assets consists of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

C. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information about the City as a whole. For the most part, the effect of interfund activity has been removed from these statements. Direct expenses are not eliminated from the various functional categories in the process of consolidation.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use of directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements or a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

D. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fund financial statements of the City are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses.

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes, franchise taxes, license, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period. All other revenue items are considered to be measurable and available only when the cash is received by the government.

The government reports the following major governmental fund:

General Fund

The General Fund accounts for the resources used to finance the fundamental operations of the City. The principal sources of revenue of the General Fund are property taxes, sales and use taxes, franchise taxes, fines and forfeitures, permits and fees, and sanitation. Expenditures are for general government, public safety and public works.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental funds. No encumbrances were outstanding at year-end.

F. Cash and Cash Equivalents

Cash and cash equivalents include cash and temporary investments that are generally available for the City's disbursement needs and have a maturity of three months or less from the date of acquisition.

G. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

H. Inventories

Inventories are stated at cost. The City uses the FIFO method of accounting for inventories. Inventories consist of expendable supplies held for consumption, and the cost thereof is recorded as an expense/expenditure at the time the inventory items are issued (consumption method). No inventory was on hand at year-end.

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

I. Interfund Receivables and Payables

During the course of operations, transactions occur between individual funds for specified purposes. These receivables and payables are, for the most part, eliminated from the government-wide Statement of Net Assets and are classified as "due from other funds" or "due to other funds" in the fund financial statements.

J. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than infrastructure items, are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Infrastructure is not held to the \$5,000 limit; all infrastructure is capitalized regardless of cost. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects as constructed.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Description</u>	<u>Estimated Useful Life</u>
Buildings	31.5 years
Building improvements	31.5 years
Public domain infrastructure	40 years
System infrastructure	40 years
Vehicles	7 years
Police vehicles	5 years
Machinery and equipment	7 years
Computer equipment	5 years

K. Compensated Employee Absences

The City's employees earn vacation and sick leave which may either be taken or accumulated, up to certain amounts, until paid upon termination or retirement. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

The City accrues vacation and sick leave based on criteria established by the Governmental Accounting Standards Board. For all funds, this liability reflects amounts attributable to cumulative employee services previously rendered, where the payment is probable and can be reasonably estimated.

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

L. Fund Equity

Reserved equity balances represent those portions of fund balance not appropriable for expenditure or legally segregated for a specific future use. Unreserved fund balances represent available balances for the City's future use.

M. Reclassifications

Certain reclassifications to prior year balances have been made to conform to current year presentation. Such reclassifications have had no effect on the excess of revenues over expenditures.

N. Date of Management's Review

In preparing the financial statements, the City has evaluated events and transactions for potential recognition or disclosure through January 11, 2011, the date that the financial statements were available to be issued.

O. Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 - DEPOSITS

The City's funds are required to be deposited and invested under the terms of a depository contract pursuant to state statutes. The depository bank deposits, for safekeeping and trust with the City's agent bank, approved pledged securities in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) Insurance.

Cash and Cash Equivalents

The City's cash and cash equivalents consist of cash on hand and demand deposits. The City's cash and cash equivalents at September 30, 2010, are shown below.

	Carrying Amount	Fair Value
Cash	\$ 2,208,284	\$ 2,208,284
Total Cash and Cash Equivalents	\$ 2,208,284	\$ 2,208,284

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

Custodial Credit Risk - Deposits

For deposits, this is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. Collateral is required for all bank deposits at 102% of deposits not covered by federal depository insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts. Collateral pledged to cover the City's deposits is required to be held in the City's name by the trust department of a bank other than the pledging bank (the City's agent). Collateral securities must bear a Baa-1 or better rating to qualify for use in securing uninsured depository balances. Deposits at year-end are representative of the types of deposits maintained by the City during the year.

The City's cash deposits, at September 30, 2010, were entirely guaranteed by FDIC insurance or by pledged collateral held by the City's agent bank.

NOTE 3 - PROPERTY TAXES

The City's property taxes are levied annually in October on the basis of the Appraisal District's assessed values as of January 1 of that calendar year. Appraised values are established by the Appraisal District at market value and assessed at 100% of appraised value. The City's property taxes are billed and collected by the Orange County Tax Assessor/Collector. Such taxes are applicable to the fiscal year in which they are levied and become delinquent with an enforceable lien on property on February 1 of the subsequent calendar year.

Property taxes are levied for operations and based on rates adopted for the year of the levy. For the current year, the City levied property taxes of \$0.42939 per \$100 of assessed valuation. The resulting adjusted tax levy was \$472,811 for operations on the total adjusted taxable valuation of \$110,112,304 for the 2009 tax year.

Property taxes receivable, at September 30, 2010, consists of the following:

<u>Tax Year</u>	<u>General Fund</u>
2009	\$ 23,473
2008	11,402
2007	7,035
2006	5,227
2005	4,689
2004 and prior	12,077
	<u>\$ 63,903</u>

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - RECEIVABLES

Receivables as of year-end for the government's individual major and nonmajor funds, including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Total</u>
Receivables:		
Taxes	\$ 149,081	\$ 149,081
Accounts	26,982	26,982
Gross receivables	176,063	176,063
Less: allowance for uncollectibles	(6,865)	(6,865)
Net Total Receivables	<u>\$ 169,198</u>	<u>\$ 169,198</u>

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year, the various components of deferred revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Delinquent property taxes receivable - General Fund	<u>\$ 63,903</u>	<u>\$</u>

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended September 30, 2010:

	<u>Balance Oct. 1, 2009</u>	<u>Increases</u>	<u>(Decreases)</u>	<u>Balance Sept. 30, 2010</u>

Infrastructure	(2,767,904)	(119,958)		(2,887,862)
Total accumulated depreciation	(4,187,250)	(286,373)	165,805	(4,307,818)
Total capital assets being depreciated, net	3,453,272	(77,897)		3,375,375
Governmental activities capital assets, net	<u>\$ 4,082,383</u>	<u>\$ (77,897)</u>	<u>\$ (56,050)</u>	<u>\$ 3,948,436</u>

Depreciation was charged to functions of the primary government as follows:

Governmental Activities:	
General government	\$ 66,328
Public safety	44,725
Public works	175,320
Total Depreciation Expense - Governmental Activities	<u>\$ 286,373</u>

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - LONG-TERM DEBT

Changes in Long-term Liabilities

Long-term liability activity for the year ended September 30, 2010, is as follows:

	<u>Balance</u> <u>Oct. 1, 2009</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>Sept. 30, 2010</u>	<u>Due within</u> <u>One Year</u>
Governmental Activities:					
Compensated absences	\$ 192,240	\$ 14,718	\$ (11,101)	\$ 195,857	\$ 19,586
Total	<u>\$ 192,240</u>	<u>\$ 14,718</u>	<u>\$ (11,101)</u>	<u>\$ 195,857</u>	<u>\$ 19,586</u>

For governmental activities, compensated absences are generally liquidated by the General Fund.

NOTE 7 - EMPLOYEE RETIREMENT SYSTEM

Texas Municipal Retirement System

Plan Description

The City provides pension benefits for all of its full-time employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multiple-employer public employee retirement system. The plan provisions that have been adopted by the City are within the options available in the governing state statutes of TMRS.

TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the System. This report may be obtained by writing to TMRS, P.O. Box 149153, Austin, TX 78714-9153 or by calling 800-924-8677; in addition, the report is available on TMRS's website at www.TMRS.com.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows:

	<u>Plan Year 2009</u>	<u>Plan Year 2010</u>
Employee deposit rate	7.0%	7.0%
Matching ratio (city to employee)	2 to 1	2 to 1
Years required for vesting	10	10
Service retirement eligibility (expressed as age/years of service)	60/10, 0/20	60/10, 0/20
Updated service credit	100% Repeating	100% Repeating
Annuity increase	70% of CPI Repeating	70% of CPI Repeating

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

Contributions

Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of the normal cost contributions rate and the prior service cost contribution rate, which is calculated to be a level percent of payroll form year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocated annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for that city. Both the normal cost and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases.

The City contributes to TMRS at an actuarially determined rate. Both the employees and the City make contributions monthly. Since the City needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that is the basis for the rate and the calendar year when the rate goes into effect.

Three year trend information is presented below:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Annual Required Contributions(ARC)	\$ 251,734	\$ 225,123	\$ 174,519
Percentage of ARC Contributed	100%	100%	100%
Net Pension Obligation at the End of Year	\$ 0	\$ 0	\$ 0

Because the actuary determines contribution rates on an annual basis and the City pays the calculated rate each month, the City will always have a net pension obligation (NPO) of zero at the beginning and end of the period, and the annually required contributions (ARC) will always equal contributions made.

The required contribution rates for the 2010 fiscal year were determined as part of the December 31, 2007 and 2008 actuarial valuations. Additional information as of the latest actuarial valuation, December 31, 2009, also follows:

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

	Valuation Date		
	<u>12/31/07</u>	<u>12/31/08</u>	<u>12/31/09</u>

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability of benefits.

NOTE 8 - DEFERRED COMPENSATION PLAN

The City maintains, for its employees, a tax-deferred compensation plan meeting the requirements of Internal Revenue Code Section 457. The plan was established in September 1996 by City Ordinance, and Nationwide Retirement Solutions was appointed as plan administrator. The deferred compensation is not available to employees until termination, retirement, death, or unforeseen emergency. The plan's trust arrangements are established to protect deferred compensation amounts of employees under the plan from any other use other than intended under the plan (eventual payment to employees deferring the compensation) in accordance with federal tax laws. Amounts of compensation deferred by employees under plan provisions are disbursed monthly by the City to a third party administrator. The third party administrator handles all funds in the plan and makes investment decisions and disburses funds to employees in accordance with plan provisions.

NOTE 9 - RESERVED FUND BALANCE

Fund balances in the non-major special revenue funds totaling \$208,549 are reserved for public safety and public works.

CITY OF WEST ORANGE, TEXAS

Exhibit A-6

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - RISK MANAGEMENT

The City is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all major programs. The City has not significantly reduced insurance coverage or had settlements, which exceeded coverage amounts for the past three fiscal years.

The City had no material unpaid claims liabilities at the end of the current or prior year.

NOTE 11 - INTERLOCAL AGREEMENT

The City has applied, and been awarded, two Community Development Fund Grants for sewer service connections. These funds are made available from appropriations for the Community Development Block Grant Program of the United States Department of Housing and Urban Development. The programs are administered for the State of Texas by the Texas Department of Rural Affairs through the Texas Community Development Block Grant (TxCDBG) Program. These grant funds have been applied for, and accepted by, the City on behalf of the Orange County Water Control & Improvements District No. 2. The City has entered into an interlocal agreement with Orange County Water Control & Improvements District No. 2, to perform all services related to the sewer service connections and to provide all local matching funds required by the grant.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

A. Budgets and Budgetary Accounting

An annual appropriated budget is adopted for the General Fund on a basis consistent with generally accepted accounting principles. All annual appropriations lapse at fiscal year end. Project length budgets are adopted for the Special Revenue Funds.

Expenditures may not legally exceed budgeted appropriations at the department level. Expenditure requests, which would require an increase in total budgeted appropriations, must be approved by City Council through a formal budget amendment. At any time in the fiscal year, the Council may make emergency appropriations to meet a pressing need for public expenditure in order to protect the public health, safety, or welfare. The Council has the power to transfer any unencumbered funds allocated by the budget from one activity, function, or department, to another activity, function, or department, to re-estimate revenues and expenditures, and to amend the budget. Management has the authority to transfer available funds allocated by the budget from one function or activity to another function or activity within the same department.

In cooperation with the department heads of the City, the Mayor prepares an annual budget for the General Fund for the ensuing fiscal year, in a form and style as deemed desirable by Council. The budget, as adopted, must set forth the appropriations for services, functions, and activities of the various City departments and agencies, and shall meet all fund requirements provided by law and required by applicable bond covenants.

B. Excess of Expenditures over Appropriations

For the year ended September, 30, 2010, expenditures exceeded appropriations in the Municipal Court, Parks and Facilities and Non-Departmental-Hurricane Ike Recovery departments (the legal level of budgetary control) of the General Fund by \$17,942, \$14,298 and \$3,472, respectively. These overexpenditures were funded by greater than anticipated revenues in the General Fund.

CITY OF WEST ORANGE, TEXAS

Exhibit B-3

TEXAS MUNICIPAL RETIREMENT SYSTEM - SCHEDULE OF FUNDING PROGRESS (UNAUDITED)

The City's annual covered payroll and pension costs are actuarially valued on a calendar year basis. Because the City makes all the annually required contributions, no net pension obligation (NPO) exists. The information presented below represents the City's Schedule of Funding Progress.

<u>Actuarial Valuation Date</u>	<u>Actuarial Value of Plan Assets</u>	<u>Actuarial Accrued Liability (AAL)</u>	<u>Percentage Funded</u>	<u>Unfunded AAL (UAAL)</u>	<u>Annual Covered Payroll</u>	<u>UAAL As A Percentage of Covered Payroll</u>

COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES

(This Page Intentionally Left Blank)

NON-MAJOR GOVERNMENTAL FUNDS
SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted for particular purposes.

Police-Public Safety Fund - This fund is used to account for amounts received through fines and fees when Department of Public Safety officers issue traffic citations within the city limits. The proceeds are used for unbudgeted police expenditures.

Police-Seizure and Forfeiture Fund - This fund accounts for amounts received from police forfeiture revenues, with the proceeds used for unbudgeted police expenditures.

Police-State Education Fund - This fund accounts for funds received from the State, based on the number of officers employed, and are designated to be used for law enforcement education.

Police-Federal Asset Forfeiture Fund - This fund accounts for funds received from the federal government, with the proceeds used for unbudgeted police expenditures.

Police-Federal Treasury Asset Forfeiture Fund - This fund accounts for funds received from the federal government, with the proceeds used for unbudgeted police expenditures.

FY 2008 Sewer Improvement Grant Fund - This fund accounts for funds received from the Office of Rural and Community Affairs, which are to be used to provide sewer line replacements citywide for low to moderate income citizens.

FY 2009 Sewer Improvement Grant Fund - This fund accounts for funds received from the Office of Rural and Community Affairs, which are to be used to provide sewer line replacements citywide for low to moderate income citizens.

Demolition Grant Fund - This fund is used to account for monies received from the property owners of structures that had initially been demolished at the expense of the City and reimbursed by a temporary Stark Foundation Grant.

STATISTICAL SECTION

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

Contents	Page
Financial Trends	52
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	64
These schedules contain information to help the reader assess the City's most significant local revenue source, the sales tax, and another significant local source, the property tax.	
Debt Capacity	72
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	76
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities takes place.	
Operating Information	79
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources - Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year.

Source - Tax Department records of the various taxing authorities.

(1) Overlapping rates are those of local and county governments that apply within the City of West Orange. Not all overlapping rates apply to all City of West Orange property owners (e.g., the rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the special district).

(2) Orange County tax rate includes Orange County Navigation & Port District, Orange County Drainage District, and Orange County Lateral Roads tax rates.

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT

September 30, 2010

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable (1)</u>	<u>City of West Orange Share of Debt</u>
West Orange Cove CISD	\$ 60,312,872	7.77 %	\$ 4,686,310
Orange County	746,775	2.54	18,968
Subtotal, overlapping debt			4,705,278
City Direct Debt			
Total Direct and Overlapping Debt			<u>\$ 4,705,278</u>

Source - West Orange Cove CISD, Orange County

Note - Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore, responsible for repaying the debt of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the overlapping government's taxable assessed value that is within the City's boundaries and dividing it by the overlapping government's total taxable assessed value.

Assessed value	\$ 93,484,060	\$ 102,683,607	\$ 101,520,608
Debt limit (10% of assessed value)	<u>9,348,406</u>	<u>10,268,361</u>	<u>10,152,061</u>
Legal debt margin	<u>\$ 9,348,406</u>	<u>\$ 10,268,361</u>	<u>\$ 10,152,061</u>

Note - Under state finance law, the City of West Orange's outstanding general obligation debt should not exceed 10 percent of total assessed property value. By law the general obligation debt subject to the limitation may be offset by amounts set aside for repaying general obligation bonds. The City did not have any general obligation debt for the last five fiscal years.

* The requirement for statistical data is ten years; only seven years are available at this time.
