

How to use the Interactive District Map on a mobile device.

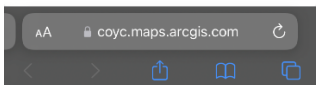

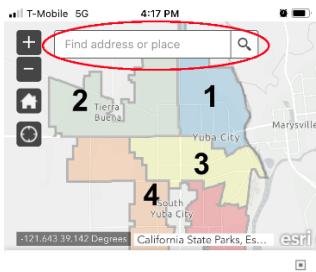

1. Click the “Interactive District Boundary Map” Tab on the Districting Webpage. www.yubacity.net/districting

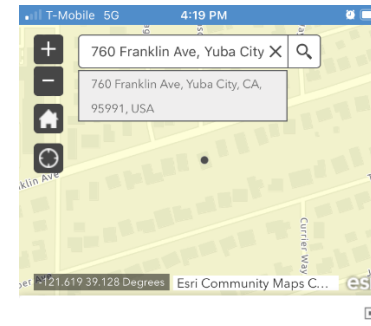

The ordinance will also state when each division is up for election.

2. In the Address bar located at the top of the page, type in your home address.

3. Once you click enter, a pin will drop on the map to show your home address, and District your home is located.

4. You can use the + symbol to expand the view or – symbol to decrease the map view.
